2 A Letter from our Chairman on behalf of the Board of Directors

James is the right leader to take the Coca-Cola system to the next level.

Dear Fellow Shareowners:

On behalf of the Board of Directors, I want to thank you for your investment in The Coca-Cola Company. This Board represents you as shareowners, and we take this role very seriously. We appreciate the trust you place in us to oversee your interests in our business.

Chairman Succession

We had a notable year in 2018, including announcing our Board leadership succession plan. In December, the Board of Directors elected James Quincey to become the 14th Chairman of the Board of The Coca-Cola Company. Assuming his reelection at the 2019 Annual Meeting of Shareowners, James will succeed me as Chairman of the Board, and I will retire following the meeting. James will then serve as Chairman and Chief Executive Officer.

I am delighted that the Board elected James as Chairman. James is the right leader to take the Coca-Cola system to the next level. Without question, his ideas and instincts will continue to change our Company and system in important ways.

As our business moves through the next decade, I can assure you that our Board will continue its oversight of the Company's long-term business strategy. This is one of the most important jobs of the Board. The Directors of our Company are actively engaged with James in executing a vision to continue evolving and growing as a total beverage company.

2018 Business Developments

Over the last year, a great deal has been accomplished in our ongoing journey to position our business for continued growth. We ramped up investments to grow and diversify our portfolio through innovations, acquisitions and strategic partnerships. This work included: acquisitions like Costa Limited, which provides capabilities to build a global coffee platform, and investments such as BODYARMOR, one of the fastest-growing beverage trademarks in the U.S.; expanding existing brands like FUZE TEA and smartwater; and launching innovative new offerings like Coca-Cola with Coffee. We also continued to strengthen our bottling system, with actions including the completion of refranchising in North America, and we enhanced value for our customer partners worldwide.

Importantly, we maintained our focus on doing business the right way. We know our business thrives when the communities we serve are also thriving. In 2018, we worked to create more community value in many ways, from supporting opportunities for women business owners, to promoting recycling globally through our World Without Waste initiative.

Board Composition

I became Chairman in 2009, and one of my priorities from day one was to ensure that the Board was made up of the most capable set of Directors possible. It is vital to have a Board that is equipped to oversee the success of the business and effectively represent the interests of our shareowners.

As I retire, I'm very pleased with our current Board. We have a diverse, well-functioning Board composed of skilled, high-integrity Directors.

The positive evolution of our Board over the last few years could not have been possible without Sam Nunn, who played an integral role as Lead Independent Director and who will retire following the 2019 Annual Meeting. I am confident our Board will continue to evolve under the leadership of James and our new Lead Independent Director, Maria Elena "Mel" Lagomasino, who will succeed Sam in that important role.

I encourage you to review the qualifications, skills and experiences of all our Director nominees beginning on **page 17**.

Farewell

After more than 40 amazing years in the Coca-Cola system, my time with the Company is drawing to a close. It has been a journey that I have thoroughly enjoyed and loved.

I'll take with me many dear friendships, fond memories and vital lessons learned along the way. I'm honored to have done my part for a business with a shining past and an even brighter future. Indeed, as a fellow shareowner, I am very confident that the best years for this business are ahead.

3 Q&A with our Chief Executive Officer

The complexity of the global marketplace has increased exponentially; consumer tastes have evolved and will continue to do so; and our portfolio has grown to adapt to our changing environment.

The Board of Directors has elected you the next Chairman of the Board, pending your reelection to the Board at the 2019 Annual Meeting of Shareowners. Could you talk about your expanded role as Chairman and Chief Executive Officer of The Coca-Cola Company?

First, I appreciate the Board's confidence, and I value our partnership in leading the Company. I also greatly value the support I've received from our outgoing Chairman, Muhtar Kent. Muhtar has laid a foundation for success, and I'm excited to build on it.

We are evolving as a total beverage company. This is a deliberately broad objective because the consumer landscape is changing very quickly, and we aim to be dynamic and anticipate evolutions in consumer tastes. One of the Board's most important jobs is oversight of our business strategy and, as Chairman, I will focus on pursuing that strategy.

I can't overstate how greatly our Company has already changed in the last couple of decades. We were essentially a one-product company for much of our history, and we became highly successful by executing a model of selling more Coke in more places.

The challenges and opportunities we see today are far different than ever before. The complexity of the global marketplace has increased exponentially; consumer tastes have evolved and will continue to do so; and our portfolio has grown to adapt to our changing environment.

We are shaping a company that is equipped to deal with rapid changes and constant uncertainty. It's about taking a long-term view of the Company and where we should be headed, and as such, I will ensure that we relentlessly evaluate our portfolio, focusing on what works and stopping what doesn't.

What strategic progress did the Company make in 2018?

We had a strong year. Starting with our portfolio, it's always important to take a look at our core sparkling beverages. A strong core provides the fuel to grow the portfolio.

The growth in sparkling soft drinks was part of an overall strategy to give consumers what they want. More consumers want drinks with no- or low-sugar, and that's one reason Coca-Cola Zero Sugar has done so well. We also innovated with existing products, notably through the relaunch of the Diet Coke brand in North America. We introduced new flavors and packaging, which helped to rejuvenate the brand.

In fact, innovation launched over the past three years across our categories contributed to over 15% of total unit case volume in 2018.

It's also important to innovate in how you drink, not just what you drink. This ranges from our equipment, like the debut of the latest-and-greatest Coca-Cola Freestyle machine, to our many forays and experiments in e-commerce.

Without question, 2018 was a busy year for acquisitions. This included our acquisition of Costa Limited, which we announced in 2018 and closed in early 2019. We also invested in BODYARMOR and several other brands around the world.

Finally, we continued to lift, shift and scale successful brands. FUZE TEA, for example, became a truly global brand through its roll-out across Europe at the beginning of 2018. Our smartwater brand was also introduced in more markets.

You have almost entirely new leaders in key positions running the business. How is this changing how the Company is managed?

I've mentioned all the initiatives to evolve our portfolio, from introducing new products to acquiring new brands. We have also made a number of management changes to help us implement our strategy.

We named Brian Smith as President and Chief Operating Officer in part to ensure we can execute our strategy. Brian oversees all of the Company's business units. I am pleased to have Brian in this role. He is a highly experienced operational leader. This will allow me to focus on our long-term business strategy, while remaining highly involved in key business initiatives and in our operations.

Under Brian, we have made many other changes in group presidents and business unit presidents. I'm excited about our new operational leadership team. Brian also oversees our newly created Global Ventures Group. Global Ventures will, among other things, ensure that our investments in Costa Limited, innocent, Monster Beverage Corporation and other areas are successful.

In other senior leadership changes, we appointed John Murphy to succeed Kathy Waller as Chief Financial Officer when she retires. John has extensive operational and financial experience in major markets around the world.

Altogether, we have a deep management team that puts us in a strong position for the future.

You were personally involved in the introduction of the Company's packaging initiative, World Without Waste. Why is this important to the business? What progress was made during the campaign's first year?

Stakeholders now expect more from us and all businesses. They want us to help find solutions and make a measurable and meaningful difference in the world. Investors at all levels continue to be interested in sustainability.

World Without Waste is important to our Company. Our goal is to help collect and recycle a bottle or can for each one we sell by 2030. We also aim to make our packaging 100% recyclable by 2025 and to use 50% recycled material in our bottles and cans by 2030.

The first year of the strategy yielded strong results. Today, 87% of our packaging globally is recyclable. Some of our markets are using more than 25% recycled material in bottles and cans. Four countries are already selling a plastic bottle made from 100% recycled material. Internally, we are rapidly scaling our knowledge and skills to meet the challenge.

In December 2018, we announced that we will allow other companies, including competitors, to access our PlantBottle technology.

We believe a World Without Waste is possible. We are actively choosing to make a difference.

You travel around the world to visit the Company's operations. What's one of the most interesting things you saw in 2018?

I visited many countries in 2018, and I saw a lot of changes in the marketplace. For example, our top leaders traveled to China toward the end of the year. China has been a fast-growing market overall, of course, and it is an important growth engine for our Company in particular. I've visited China a number of times, but I'm always amazed at how much is new each time I go. You see more and more consumers making purchases that are entirely digital – where no cash is involved. It's also a place where our system is really embracing the rapid changes that are happening all around them. We're continually working to foster a growth-oriented culture at The Coca-Cola Company. We believe the best days are ahead of us, and that means we expect to continue to grow. When I see the changes our people are making in places like China, I am really encouraged.

THE COCA-COLA SYSTEM

We are a global business that operates on a local scale, in every community where we do business. We are able to create global reach with local focus because of the strength of the Coca-Cola system, which comprises our Company and our approximately 225 bottling partners worldwide.

HOW WE ARE GROWING OUR BUSINESS

In 2018, we pursued five strategic priorities to drive accelerated growth for our Company, fuel our results and create value for our shareowners. We encourage you to refer to **pages 50 and 51** for a snapshot on how each of our priorities fueled our results for fiscal year 2018.

1 Accelerating growth of a leading consumer-centric brand portfolio

“Beverages for Life” is our vision to leverage our brand-building expertise with a nimbler, test-and-learn approach to launching more of the drinks that consumers want.

2 Driving revenue growth algorithm

We are refining our revenue growth management practices to ensure we have the right price and package combinations to meet consumer desires.

3 Strengthening our system’s value creation advantage

We are re-energizing our bottling system to support the growth of our evolved product portfolio.

4 Digitizing the enterprise

We are adapting to digital with a focus on improving our interactions with consumers and customers, and enhancing our internal systems.

5 Unlocking the power of our people

We are fostering a growth culture that encourages accountability, performance and ownership, and where our employees are curious, inclusive, empowered and embrace a test-and-learn mentality.

5 Governance

Message From Sam Nunn, Lead Independent Director

At the end of last year, I announced my intention not to stand for reelection to the Board at the 2019 Annual Meeting. It has been my honor to serve as a Director of The Coca-Cola Company for the past 22 years, including the last five as Lead Independent Director.

I am pleased with our accomplishments as a Company, including the Board's partnership with management in long-term value creation for our shareowners. Most recently, the Board has provided oversight and guidance during the Company's evolution as a total beverage company.

This included ensuring an orderly and seamless management succession process, with James Quincey now set to succeed Muhtar Kent as Chairman following the 2019 Annual Meeting, assuming James' reelection. I know that I speak for the entire Board when I express sincere thanks to Muhtar for his outstanding leadership as Chief Executive Officer and Chairman of the Company, including his role in the transition to new leadership.

Together, Muhtar and James have led the effort to successfully position the business for continued growth. They have done this in a sustainable manner by maintaining focus on doing business the

right way. In addition, they have assured that the Coca-Cola system is more aligned today than ever before. We have great confidence in James and the very capable management team he has put in place to steward the Company going forward.

As I retire, I can assure shareowners that this is a well-functioning Board comprised of highly capable Directors with the right mix of skills to work closely with management to help this business succeed.

It has been a priority of mine as Lead Independent Director to ensure that the Board has the right experience and the sound judgment to effectively represent the interests of shareowners and work with management to assure that we have the culture and strategy in place for sustainable success. We have instituted Board refreshment steps that include a robust Director selection process and regular Board, committee and Director evaluations.

I am particularly proud that in the last five years, five new Directors have been elected. If shareowners elect the nominees listed in this Proxy Statement, the average tenure for our Directors will stand at 10 years, and our Board's gender diversity average will be 38%. Our Board is now younger and more diverse with a strong reservoir of experience.

The Board, with great confidence, plans to assign the responsibility of Lead Independent Director to Mel Lagomasino. I want to briefly share what I believe this role means for the Company and for Board governance.

The Lead Independent Director plays a key role in helping guide the Board as it exercises its core duties in overseeing the Company's performance; strategic planning; risk management; succession planning; and talent development for senior executive positions.

The Lead Independent Director provides a key point of contact at the Board level for shareowners; leads the performance evaluation of the Chairman and Chief Executive Officer; leads the annual Board evaluation process; and plays a key role in Board and management succession. The full set of responsibilities appears on **page 28** of this Proxy Statement.

In cases where the role of the Chairman is combined with the role of Chief Executive Officer, many of our investors have said that a Lead Independent Director with clearly defined responsibilities provides an important, independent balance. As a Board, we agree. This will be the case once again when James and Mel, if reelected, become Chairman and Lead Independent Director, respectively, in April.

We know that the Board leadership structure is an important issue for many shareowners. Our Board believes that ensuring strong, independent Board leadership is a crucial requirement to building long-term shareowner value. Today, we believe the Company's traditional Board leadership structure with a combined Chairman and Chief Executive Officer, alongside a strong Lead Independent Director, will deliver the best results for our business and our shareowners.

I am grateful for the trust you have placed in me as a member of the Board of this great Company. Thank you for your support and for your interest and investment in The Coca-Cola Company.

ITEM 1

ELECTION OF DIRECTORS

► What am I voting on?

Shareowners are being asked to elect 13 Director nominees for a one-year term.

► Voting recommendation:

FOR the election of each Director nominee. The Board and the Committee on Directors and Corporate Governance believe the 13 Director nominees possess the necessary qualifications and experiences to provide quality advice and counsel to the Company's management and effectively oversee the business and the long-term interests of shareowners.

Our Board currently has 16 members. Richard M. Daley, Muhtar Kent and Sam Nunn are not standing for reelection and will retire from the Board immediately following the 2019 Annual Meeting, at which time the size of the Board will be reduced to 13 members. Upon the recommendation of the Committee on Directors and Corporate Governance, the Board has nominated all the remaining 13 Directors for election at the 2019 Annual Meeting. All the nominees are independent under New York Stock Exchange ("NYSE") corporate governance rules, except Herbert A. Allen and James Quincey (see Director Independence and Related Person Transactions beginning on [page 38](#)).

Each of the Director nominees was elected by the shareowners at the 2018 Annual Meeting of Shareowners. If elected, each nominee will hold office until the 2020 Annual Meeting of Shareowners and until his or her successor is elected and qualified. We have no reason to believe that any of the nominees will be unable or unwilling to serve if elected. However, if any nominee should become unable for any reason or unwilling for good cause to serve, proxies may be voted for another person nominated as a substitute by the Board, or the Board may reduce the number of Directors.

BOARD MEMBERSHIP CRITERIA

The Board and the Committee on Directors and Corporate Governance believe that there are general qualifications that all Directors must exhibit and other key qualifications and experiences that should be represented on the Board as a whole, but not necessarily by each individual Director.

QUALIFICATIONS REQUIRED OF ALL DIRECTORS

The Board and the Committee on Directors and Corporate Governance require that each Director be a recognized person of high integrity with a proven record of success in his or her field and be able to devote the time and effort necessary to fulfill his or her responsibilities to the Company. Each Director must demonstrate innovative thinking, familiarity with and respect for corporate governance requirements and practices, an appreciation of multiple cultures and a commitment to sustainability and to dealing responsibly with social issues. In addition, potential Director candidates are interviewed to assess intangible qualities, including the individual's ability to ask difficult questions and, simultaneously, to work collegially.

CONSIDERATION OF DIVERSITY

The Board does not have a specific diversity policy but fully appreciates the value of Board diversity. Diversity is important because a variety of points of view improves the quality of dialogue, contributes to a more effective decision-making process and enhances overall culture in the boardroom.

In evaluating candidates for Board membership, the Board and the Committee on Directors and Corporate Governance consider many factors based on the specific needs of the business and what is in the best interests of the Company's shareowners. This includes diversity of professional experience, race, ethnicity, gender, age and cultural background. In addition, the Board and the Committee on Directors and Corporate Governance focus on how the experiences and skill sets of each Director nominee complement those of fellow Director nominees to create a balanced Board with diverse viewpoints and deep expertise.

KEY QUALIFICATIONS AND EXPERIENCES TO BE REPRESENTED ON THE BOARD

The Board has identified key qualifications and experiences that are important to be represented on the Board as a whole, in light of the Company's business strategy and expected future business needs. The table below summarizes how these key qualifications and experiences are linked to our Company's business.

LINKING BUSINESS CHARACTERISTICS WITH KEY QUALIFICATIONS AND EXPERIENCES REPRESENTED ON THE BOARD

Nomination/Election

Result

We have added **five** highly qualified Directors in the past **five** years

The Committee on Directors and Corporate Governance is responsible for recommending to the Board a slate of nominees for election at each Annual Meeting of Shareowners. Nominees may be suggested by Directors, members of management, shareowners or, in some cases, by a third-party firm.

The Committee on Directors and Corporate Governance considers a wide range of factors when assessing potential Director nominees. This assessment includes a review of the potential nominee's judgment, experiences, independence, understanding of the Company's business or other related industries and such other factors as the Committee concludes are pertinent in light of the current needs of the Board. A potential nominee's qualifications are considered to determine whether they meet the qualifications required of all Directors and the key qualifications and experiences to be represented on the Board, as described above. Further, the Committee on Directors and Corporate Governance assesses how each potential nominee would impact the skills and experiences represented on the Board as a whole in the context of the Board's overall composition and the Company's current and future needs.

BOARD COMPOSITION AND REFRESHMENT

When recommending to the Board the slate of Director nominees for election at the Annual Meeting of Shareowners, the Committee on Directors and Corporate Governance strives to maintain an appropriate balance of tenure, turnover, diversity and skills on the Board.

The Board believes that refreshment, including periodic committee rotation, is important to help ensure that Board composition is aligned with the needs of the Company and the Board as our business evolves over time, and that fresh viewpoints and perspectives are regularly considered. The Board also believes that over time Directors develop an understanding of the Company and an ability to work effectively as a group. Because this provides significant value, a degree of continuity year-over-year is beneficial to shareowners and generally should be expected.

Directors are elected each year, at the Annual Meeting of Shareowners, to hold office until the next Annual Meeting and until their successors are elected and qualified. Because term limits could cause the loss of experience or expertise important to the optimal operation of the Board, there are no absolute limits on the length of time that a Director may serve, but the Committee on Directors and Corporate Governance and the Board consider the tenure of Directors as one of several factors in nomination decisions. In addition, the Committee on Directors and Corporate Governance evaluates the qualifications and performance of each incumbent Director before recommending the nomination of that Director for an additional term. Furthermore, pursuant to our Corporate Governance Guidelines, Directors whose job responsibilities change or who reach the age of 74 are asked to submit a letter of resignation to the Board. These letters are considered by the Board and, if applicable, annually thereafter.

SHAREOWNER-RECOMMENDED DIRECTOR CANDIDATES

Shareowners who would like the Committee on Directors and Corporate Governance to consider their recommendations for nominees for the position of Director should submit their recommendations in writing by mail to the Committee on Directors and Corporate Governance in care of the Office of the Secretary, The Coca-Cola Company, P.O. Box 1734, Atlanta, Georgia 30301 or by e-mail to asktheboard@coca-cola.com. Recommendations by shareowners that are made in accordance with these procedures will receive the same consideration by the Committee on Directors and Corporate Governance as other suggested nominees.

SHAREOWNER-NOMINATED DIRECTOR CANDIDATES

We have adopted a "Proxy Access for Director Nominations" bylaw after engaging with a number of our shareowners to understand their views on the desirability of proxy access and the appropriate proxy access structure for the Company. The proxy access bylaw permits a shareowner, or a group of up to 20 shareowners, owning 3% or more of the Company's outstanding Common Stock continuously for at least three years to nominate and include in the Company's proxy materials Director nominees constituting up to two individuals or 20% of the Board (whichever is greater), provided that the shareowner(s) and the nominee(s) satisfy the requirements specified in Article I, Section 12 of our By-Laws. See question 33 on **page 105** for more information.

MAJORITY VOTING STANDARD

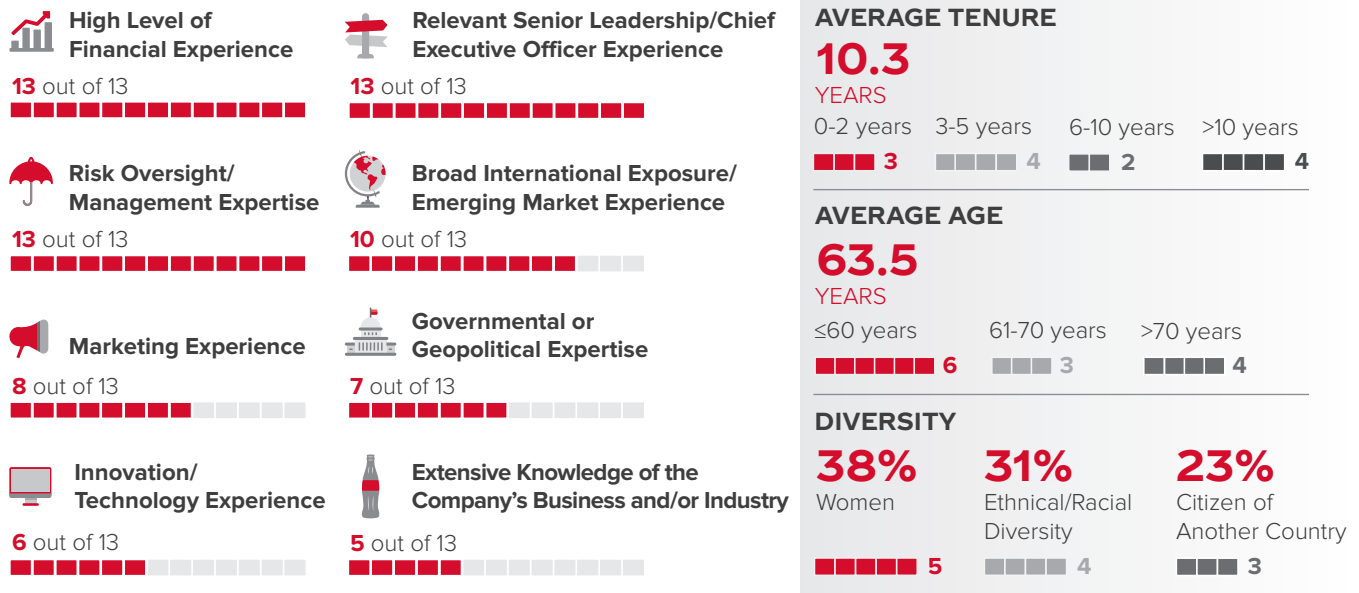

Our By-Laws provide that, in an election of Directors where the number of nominees does not exceed the number of Directors to be elected, each Director must receive the majority of the votes cast with respect to that Director. If a Director does not receive a majority vote, he or she has agreed that he or she would submit a letter of resignation to the Board. The Committee on Directors and Corporate Governance would make a recommendation to the Board on whether to accept or reject the resignation, or whether other action should be taken. The Board would act on the resignation taking into account the recommendation of the Committee on Directors and Corporate Governance, which would include consideration of the vote and any relevant input from shareowners. The Board would publicly disclose its decision and its rationale within 100 days of the certification of the election results. The Director who tenders his or her resignation would not participate in the decisions of the Committee on Directors and Corporate Governance or the Board that concern the resignation.

2019 DIRECTOR NOMINEES

ALL DIRECTOR NOMINEES EXHIBIT:

- ▶ High integrity
- ▶ An appreciation of multiple cultures
- ▶ A commitment to sustainability and social issues
- ▶ Innovative thinking
- ▶ A proven record of success
- ▶ Knowledge of corporate governance requirements and practices

OUR DIRECTOR NOMINEES EXHIBIT AN EFFECTIVE MIX OF SKILLS, EXPERIENCES, DIVERSITY AND FRESH PERSPECTIVES

5

Included in each Director nominee's biography below is a description of five key qualifications and experiences of such nominee based on the qualifications described above. Many of our Director nominees have more than five qualifications, and the aggregate number for all Director nominees is reflected in the chart above. The Board and the Committee on Directors and Corporate Governance believe that the combination of the various qualifications and experiences of the Director nominees would contribute to an effective and well-functioning Board and that, individually and as a whole, the Director nominees possess the necessary qualifications to provide effective oversight of the business and quality advice and counsel to the Company's management.

The Board of Directors recommends a vote **FOR** the election of each of the Director nominees.

BOARD AND COMMITTEE GOVERNANCE

ROLE OF THE BOARD

The Board is elected by the shareowners to oversee their interests in the long-term health and overall success of the Company's business and financial strength. The Board serves as the ultimate decision-making body of the Company, except for those matters reserved to or shared with the shareowners. The Board oversees the proper safeguarding of the assets of the Company, the maintenance of appropriate financial and other internal controls and the Company's compliance with applicable laws and regulations and proper governance. The Board selects the Chief Executive Officer and oversees the members of senior management, who are charged by the Board with conducting the business of the Company.

KEY RESPONSIBILITIES OF THE BOARD

OVERSIGHT OF STRATEGY

- ✓ The Board oversees and monitors strategic planning.
- ✓ Business strategy is a key focus at the Board level and embedded in the work of Board committees.
- ✓ Company management is charged with executing business strategy and provides regular performance updates to the Board.

OVERSIGHT OF RISK

- ✓ The Board oversees risk management.
- ✓ Board committees, which meet regularly and report back to the full Board, play significant roles in carrying out the risk oversight function.
- ✓ Company management is charged with managing risk, through robust internal processes and effective internal controls.

SUCCESSION PLANNING

- ✓ The Board oversees succession planning and talent development for senior executive positions.
- ✓ The Management Development Committee, which meets regularly and reports back to the Board, has primary responsibility for developing succession plans for the CEO position.
- ✓ The CEO is charged with preparing, and reviewing with the Management Development Committee, talent development plans for senior executives and their potential successors.

5

OVERSIGHT OF STRATEGY

Oversight of the Company's business strategy and strategic planning is a key responsibility of the Board. The Board believes that overseeing and monitoring strategy is a continuous process and takes a multilayered approach in exercising its duties.

The Board is committed to oversight of the Company's business strategy and strategic planning, including work embedded in the Board committees, regular Board meetings and a dedicated meeting each year to focus on strategy.

This ongoing effort enables the Board to focus on Company performance over the short, intermediate and long term, as well as the quality of operations. In addition to financial and operational performance, non-financial measures, including sustainability goals, are discussed regularly by the Board and Board committees.

While the Board and its committees oversee strategic planning, Company management is charged with executing the business strategy. To monitor performance against the Company's strategic goals, the Board receives regular updates and actively engages in dialogue with our Company's senior leaders. These boardroom discussions are enhanced with "hands-on" experiences, such as market visits, which provide Directors an opportunity to see strategy execution first hand.

The Board's oversight and management's execution of business strategy are viewed with a long-term mindset and a focus on assessing both opportunities for and potential risks to the Company.

OVERSIGHT OF RISK

Inherent in the Board's responsibilities is an understanding and oversight of the various risks facing the Company. The Board does not view risk in isolation. Risks are considered in virtually every business decision. The Board recognizes that it is neither possible nor prudent to eliminate all risk. Indeed, purposeful and appropriate risk taking is essential for the Company to be competitive on a global basis and to achieve the Company's long-term strategic objectives. Effective risk oversight is an important priority of the Board. The Board has implemented a risk governance framework designed to:

- ▶ understand critical risks in the Company's business and strategy;
- ▶ allocate responsibilities for risk oversight among the full Board and its committees;
- ▶ evaluate the Company's risk management processes and whether they are functioning adequately;
- ▶ facilitate open communication between management and Directors; and
- ▶ foster an appropriate culture of integrity and risk awareness.

BOARD OVERSIGHT

The Company believes that its Board leadership structure supports the risk oversight function of the Board. The Board implements its risk oversight function both as a whole and through delegation to Board committees, which meet regularly and report back to the Board.

COMMITTEES

AUDIT

- ▶ Oversees the Company's financial statements, the financial reporting process, accounting and legal matters, the internal audit function, ethics programs (including the Codes of Business Conduct), quality and food safety programs, workplace and distribution safety programs and information technology security programs, including cybersecurity.

COMPENSATION

- ▶ Oversees the Company's compensation philosophy and programs, including incorporating features that mitigate risk without diminishing the incentive nature of compensation.

DIRECTORS AND CORPORATE GOVERNANCE

- ▶ Oversees the Company's governance practices, Board composition and refreshment and committee leadership.

FINANCE

- ▶ Oversees the Company's capital structure, pension plan investments, currency risk and hedging programs, taxes, mergers and acquisitions and capital projects.

MANAGEMENT DEVELOPMENT

- ▶ Oversees management development and succession planning across senior management positions.

PUBLIC ISSUES AND DIVERSITY REVIEW

- ▶ Oversees issues that could pose significant reputational risk to the Company.

ROLE OF MANAGEMENT

The Board and the Audit Committee monitor and oversee the evaluation of the effectiveness of the internal controls and the risk management program.

While the Board and its committees oversee risk management, Company management is charged with managing risk. The Company has robust internal processes and an effective internal control environment that facilitate the identification and management of risks and regular communication with the Board. These include an enterprise risk management ("ERM") program and Risk Steering Committee, regular internal management Disclosure Committee meetings, Codes of Business Conduct, robust product quality standards and processes, a strong Legal Department and Ethics and Compliance Office, and a comprehensive internal and external audit process. Management communicates routinely with the Board, Board committees and individual Directors on the significant risks identified and how they are being managed. Directors are free to, and indeed often do, communicate directly with senior management.

FULL BOARD AND COMMITTEES

MANAGEMENT

CYBERSECURITY OVERSIGHT

The Board recognizes the importance of maintaining the trust and confidence of our customers, consumers and employees. To more effectively prevent, detect and respond to information security threats, the Company has a dedicated Chief Information Security Officer whose team is responsible for leading enterprise-wide information security strategy, policy, standards, architecture and processes. The Audit Committee receives regular reports from the Chief Information Security Officer and the Chief Information Officer on, among other things, the Company's cyber risks and threats, the status of projects to strengthen the Company's information security systems, assessments of the Company's security program and the emerging threat landscape. The Audit Committee regularly briefs the full Board on these matters.

To learn more about risks facing the Company, you can review the factors included in Part I, "Item 1A. Risk Factors" in the Annual Report on Form 10-K for the year ended December 31, 2018 (the "Form 10-K"). The risks described in the Form 10-K are not the only risks facing the Company. Additional risks and uncertainties not currently known or that may currently be deemed to be immaterial based on the information known to the Company also may materially adversely affect the Company's business, financial condition or results of operations in future periods.

MANAGEMENT DEVELOPMENT AND SUCCESSION PLANNING

The Board believes that one of its primary responsibilities is to oversee the development and retention of senior talent and to ensure that an appropriate succession plan is in place for our Chief Executive Officer and other members of senior management. The Management Development Committee, together with the Chief Executive Officer, regularly reviews senior management talent, including readiness to take on additional leadership roles and developmental opportunities needed to prepare senior leaders for greater responsibilities. In addition, the Management Development Committee regularly discusses recommendations and evaluations from the Chief Executive Officer as to potential successors to fill senior positions. The Chief Executive Officer also provides a regular review to the Management Development Committee assessing the members of the executive leadership team and his or her potential to succeed him. This review includes a discussion about development plans for senior leaders to help prepare them for future succession and contingency plans in the event the Chief Executive Officer is unable to serve for any reason (including death or disability). While the Management Development Committee has the primary responsibility to develop succession plans for the Chief Executive Officer position, it regularly reports to the Board and decisions are made at the Board level.

5

BOARD LEADERSHIP STRUCTURE

CURRENT STRUCTURE

The Company's governance framework provides the Board with the flexibility to select the appropriate leadership structure for the Company. In making determinations about the leadership structure, the Board considers many factors, including the specific needs of the business and what is in the best interests of the Company's shareowners.

While the Board has historically combined the roles of Chairman of the Board and Chief Executive Officer, in December 2016, the Board decided to split the roles when it appointed Mr. Quincey to succeed Mr. Kent as Chief Executive Officer and appointed Mr. Kent to continue as Chairman of the Board. This was done to facilitate an orderly Chief Executive Officer succession plan. Accordingly, our current leadership structure is comprised of a split Chairman of the Board, who is not independent, and Chief Executive Officer and a Lead Independent Director.

LEADERSHIP SUCCESSION PLANNING FOR 2019

In December 2018, Mr. Kent announced his intention not to stand for reelection at the 2019 Annual Meeting and to retire as Chairman of the Board immediately following the 2019 Annual Meeting. The Board has elected Mr. Quincey to succeed Mr. Kent as the 14th Chairman of the Board. Assuming Mr. Quincey is reelected as a Director, he will serve as Chairman and Chief Executive Officer following the 2019 Annual Meeting. Mr. Nunn also announced that he will not stand for reelection at the 2019 Annual Meeting. The independent Directors of the Board have elected Ms. Lagomasino to succeed Mr. Nunn as Lead Independent Director, contingent on her reelection as a Director at the 2019 Annual Meeting.

Therefore, the Board leadership structure effective following the 2019 Annual Meeting will be comprised of a combined Chairman of the Board and Chief Executive Officer, a Lead Independent Director, Board committees led primarily by independent Directors and active engagement by all Directors. The Board believes that this structure provides an effective balance between strong Company leadership and appropriate safeguards and oversight by independent Directors.

The Board believes that having one person serve the combined role of Chairman and Chief Executive Officer can provide certain synergies and efficiencies that enhance the functioning of the Board and, importantly, allow it to most effectively execute its role in overseeing business strategy. The Company's business is complex, and its products are sold in more than 200 countries and territories around the world. Most of the Company's products are manufactured and sold by independent bottling partners throughout the world. The Chief Executive Officer maintains strong, hands-on relationships with the leaders of bottlers and remains close to the many facets of the business existing in so many places in the world. Because the Chief Executive Officer is the Board member closest to this vast and complex business, he or she is best able to identify many of the business issues that require Board attention and, as Chairman, can best focus Directors' attention on the most critical business matters. Further, in the Board's experience, the combined role of Chairman and Chief Executive Officer allows for timely and unfiltered communication with the Board on these critical business issues. The Board also believes that there are benefits when the same person represents both the Company and the Board throughout the world with bottlers, customers, consumers and other stakeholders.

Having the flexibility to select the appropriate structure based on the specific needs of the business is critical, and it is part of the judgment the Board believes it should exercise. Consistent with the Board's commitment to good corporate governance practices, at least one executive session of the non-employee Directors each year includes a review of the Board's leadership structure and consideration of whether the position of Chairman of the Board should be held by the Chief Executive Officer.

The Board believes that it is important to note that all Directors play an active role in overseeing the Company's business both at the Board and committee levels. As part of each regularly scheduled Board meeting, the non-employee Directors meet in executive session without the Chief Executive Officer present. These meetings allow non-employee Directors to discuss issues of importance to the Company, including the business and affairs of the Company as well as matters concerning management, without any member of management present.

DUTIES AND RESPONSIBILITIES

The duties and responsibilities of the Chairman of the Board, the Chief Executive Officer and the Lead Independent Director are described in the table below and are set forth in the Company's By-Laws and Corporate Governance Guidelines.

CHAIRMAN OF THE BOARD

- ✓ Presides over meetings of the Board.
- ✓ Presides over meetings of shareowners.
- ✓ Consults and advises the Board and its committees on the business and affairs of the Company.
- ✓ Performs such other duties as may be assigned by the Board.

CHIEF EXECUTIVE OFFICER

- ✓ In charge of the affairs of the Company, subject to the overall direction and supervision of the Board and its committees and subject to such powers as reserved by the Board.

BOARD EVALUATION PROCESS

The Board recognizes that a robust and constructive evaluation process is an essential component of good corporate governance and Board effectiveness. Through this process, Directors provide feedback and assess Board, committee and Director performance, including areas where the Board believes it is functioning effectively and areas where the Board believes it can improve.

EVALUATION COMPONENTS – BOARD, COMMITTEES, DIRECTORS

Under the leadership of the Lead Independent Director, the Committee on Directors and Corporate Governance oversees the Board's annual evaluation process focused on three components:

EVALUATION COMPONENTS

- | | | |
|---|--|---|
| 1. The Board conducts an annual self-evaluation | 2. Each committee conducts an annual self-evaluation | 3. Each Director evaluates the Board and the committees on which he or she serves, as well as each other Director |
|---|--|---|

➔ The Committee on Directors and Corporate Governance regularly discusses Board composition and effectiveness during its committee meetings.

MULTI-STEP EVALUATION PROCESS

The Committee on Directors and Corporate Governance periodically reviews the format of the evaluation process, including whether to utilize a third-party facilitator, to ensure that actionable feedback is solicited on the operation and effectiveness of the Board, Board committees and Director performance. The evaluation process includes the steps described below:

1 Questionnaire	<p>Directors provide feedback regarding:</p> <ul style="list-style-type: none"> ▶ Board composition and structure ▶ Meetings and materials ▶ Future agenda items ▶ Board interaction with management ▶ Effectiveness of the Board ▶ Director education opportunities
2 Committee Chairs Meet	Committee chairs meet to provide feedback and input prior to the annual Board closed self-evaluation session.
3 One-on-One Discussions with Lead Independent Director	Every other year, the Lead Independent Director conducts separate, one-on-one sessions with each Director to review the results of the questionnaire, as well as to discuss any additional feedback or perspectives.
4 Committee/Board Closed Sessions	Each committee and the full Board conduct separate closed self-evaluation sessions. The results of the questionnaire, the Lead Independent Director sessions, the committees' self-evaluations and other feedback are discussed by the Board.
5 Feedback Incorporated	Based on the evaluation results, changes in practices or procedures are considered and implemented, as appropriate.

5

INCORPORATION OF FEEDBACK

Our multi-step evaluation process generates robust comments and discussion at all levels of the Board, including with respect to Board composition and processes. These evaluation results have led to changes designed to increase Board effectiveness and efficiency. For example, over the last few years, enhancements have been made regarding meeting materials, the structure of the Board, committee and executive session discussions, the Board evaluation process, the Director on-boarding process and providing Directors with more opportunities for continuing education and to have hands-on experiences with our business, senior leaders and emerging talent around the world. In addition, as a result of the evaluation process, the Board implemented annual Board innovation awards to help drive a culture of innovation that balances rapid iteration, disciplined execution, entrepreneurial audacity, intelligent risk taking and continuous learning from failure to build the capabilities the Company needs for long-term growth. The Board also created the Millennial Advisory Council as a way for millennials at the Company to share their perspectives directly with the Board.

BOARD COMMITTEES

The Board has seven standing committees, which include an Audit Committee, a Compensation Committee, a Committee on Directors and Corporate Governance, a Finance Committee, a Management Development Committee, a Public Issues and Diversity Review Committee and an Executive Committee. The Board has adopted a written charter for each of these committees, which is available on the Company's website www.coca-colacompany.com, by clicking on "Investors" then "Corporate Governance" and then "Board Committees & Charters." Information about each committee is provided below.

MEETINGS AND ATTENDANCE

Regular meetings of the Board are held at such times as the Board may determine. Special meetings of the Board may be called by the Chairman, the Company's Secretary or by a majority of the Directors by written request to the Secretary. Committee meetings can be called by the committee's chair or by a majority of committee members.

In 2018, the Board held six meetings, and committees of the Board held a total of 34 meetings. Overall attendance at such meetings was approximately 95%. Each Director attended 75% or more of the aggregate of all meetings of the Board and the committees on which he or she served during 2018.

ADDITIONAL GOVERNANCE MATTERS

SHAREOWNER ENGAGEMENT

Our Board believes that shareowners should have line of sight into decisions made in the boardroom. We do this by making a full-time effort of building relationships and trust over time with our shareowners. We have for some time cultivated meaningful and value-added relationships with our shareowners through an engagement program that is management-led and overseen by the Board.

SHAREOWNER ENGAGEMENT

Our long-standing commitment to shareowner engagement includes:

- ✓ An engagement program that is management-led and overseen by the Board
- ✓ Dedicated resources to actively engage with shareowners on a variety of topics throughout the year
- ✓ Engagements designed to address questions and concerns, seek input and provide perspective on Company policies and practices

Feedback from shareowner engagement is considered by the Board and reflected in enhancements to policies and practices. For instance, we engaged with and solicited feedback from our shareowners on the key changes we were making to our executive compensation program, which were adopted in 2018.

In addition to direct engagement, the Company has instituted a number of complementary mechanisms that allow shareowners to effectively communicate viewpoints with the Board, including:

SHAREOWNER RIGHTS

- ▶ Annual election of Directors and a majority vote standard (see [page 16](#));
- ▶ Annual advisory vote to approve executive compensation (see [page 46](#));
- ▶ Adoption of a proxy access bylaw (see [page 16](#)).

SHAREOWNER MEETING

- ▶ Our commitment to thoughtfully consider shareowner proposals submitted to the Company (see [page 105](#));
- ▶ The ability to attend and voice opinions at the Annual Meeting of Shareowners (see [page 102](#));
- ▶ Our dedicated 2019 Annual Meeting page on our Company website (see [page 103](#)).

SHAREOWNER COMMUNICATION

- ▶ The ability to direct communications to individual Directors or the entire Board (see [page 35](#));
- ▶ Quarterly newsletter for our shareowners (see www.coca-colacompany.com/shareowner-newsletter-signup).

5

PUBLIC POLICY ENGAGEMENT

We participate in public policy discussions on issues related to our industry and business priorities, our more than 700,000 Coca-Cola system associates, our shareowners and the communities we serve.

In the U.S., our Company and our affiliated political action committees comply with applicable laws and other requirements regarding contributions to political organizations; candidates for federal, state and local public office; ballot measure campaigns; political action committees; and trade associations. We engage with these organizations and individuals to make our views clear and uphold our commitment to help support the communities in which we operate. We base our U.S. political contributions on many considerations, supporting candidates whose priorities align with those of our Company when it comes to core issues that affect our business.

The Public Issues and Diversity Review Committee reviews our advocacy efforts, including political contributions. See [page 32](#) for more information about the Public Issues and Diversity Review Committee. Additional information about our public policy engagement efforts, including our political contributions policy and a report of U.S. political contributions from our Company and from associate-funded programs, which include The Coca-Cola Company Nonpartisan Committee for Good Government and various other state political action committees, can be viewed on our Company website, www.coca-colacompany.com, by clicking on “Investors” then “Corporate Governance” and then “Public Policy Engagement.”

SUSTAINABILITY

In everything we do, we aim to strengthen the foundations of our business and the communities we serve so all can thrive long into the future. We recognize that the sustainability of our business is directly linked to the sustainability of the communities we call home. Each decision our Company makes is a chance for us to do the right thing. Our approach to sustainability is guided by our vision to create shared opportunity and make a positive difference in the world. Working collaboratively with our bottling partners and stakeholders at every stage of our value chain, we look to integrate sustainability into our everyday actions. We share best practices and knowledge across the Coca-Cola system to build business resiliency and better manage water resources. From ingredient sourcing to packaging recovery, we strive to create shared opportunity through growth in every corner of the world, with an ongoing focus on enabling the economic empowerment of women along the way.

As the world's largest nonalcoholic beverage company, we have a responsibility to use water as respectfully and efficiently as possible. We are continuously looking for ways to reduce water use in our operations, while treating our wastewater to the highest standards. Food and beverage packaging is an important part of our modern lives, yet the world has a packaging problem, which we have a responsibility to help solve. By investing in our planet and our packaging, we can help make the world's packaging problem a thing of the past.

The Public Issues and Diversity Review Committee reviews the nature and scope of the Company's sustainability goals and the Company's progress toward achieving those goals. The Board and the Public Issues and Diversity Review Committee also receive periodic reports from the Chief Sustainability Officer, and others as required, related to the accomplishment of the Company's sustainability goals. See [page 32](#) for more information about the Public Issues and Diversity Review Committee.

In addition, our pay-for-performance philosophy awards executives in a way that motivates them to operate the Company's business in a profitable and sustainable manner.

To learn more about the Company's sustainability efforts, including our comprehensive sustainability commitments, please view our current Sustainability Report on the Company's website, by visiting www.coca-colacompany.com/sustainability.

SPECIAL MEETING OF SHAREOWNERS

Our By-Laws provide that a special meeting of shareowners may be called by the Chairman of the Board, the Chief Executive Officer, a majority of our Board or the Secretary, if appropriately requested by a person (or group of persons) beneficially owning at least a 25% "net long position" of the Company's Common Stock. A shareowner's "net long position" is generally defined as the amount of Common Stock in which the shareowner holds a positive (also known as "long") economic interest, reduced by the amount of Common Stock in which the shareowner holds a negative (also known as "short") economic interest.

ANTI-HEDGING, ANTI-SHORT SALE AND ANTI-PLEDGING POLICIES

We prohibit our Directors, executive officers and all persons who are on the Company's restricted trading list from purchasing any financial instrument that is designed to hedge or offset any decrease in the market value of the Company's Common Stock, including prepaid variable forward contracts, equity swaps, collars and exchange funds. In addition, we prohibit our Directors and executive officers from pledging Company Common Stock, including holding Company Common Stock in a margin account. Directors, executive officers and all persons who are on the Company's restricted trading list are also prohibited from engaging in short sales related to the Company's Common Stock. All other employees are permitted, but discouraged, from entering into hedging transactions and pledging or engaging in short sales related to the Company's Common Stock.

CODES OF BUSINESS CONDUCT

The Company has adopted a Code of Business Conduct for Non-Employee Directors. In addition, the Company has adopted a Code of Business Conduct, which was relaunched in 2018, that is applicable to the Company's employees, including the Named Executive Officers. Our associates, bottling partners, suppliers, customers and consumers can ask questions about our Code and other ethics and compliance issues, or report potential violations, through EthicsLine, a global Internet and telephone information and reporting service. The Codes of Business Conduct and information about EthicsLine are available on the Company's website at www.coca-colacompany.com, by clicking on "Investors," then "Corporate Governance" and then "Code of Business Conduct." In the event the Company amends or waives any of the provisions of the Code of Business Conduct applicable to our principal executive officer, principal financial officer, principal accounting officer or controller that relates to any element of the definition of "code of ethics" enumerated in Item 406(b) of Regulation S-K under the 1934 Act, the Company intends to disclose these actions on the Company's website.

VIEW THE COMPANY'S GOVERNANCE MATERIALS

You can view the Company's governance materials, including the Certificate of Incorporation, By-Laws, Corporate Governance Guidelines and Board committee charters on the Company's website, www.coca-colacompany.com, by clicking on "Investors" and then "Corporate Governance." Instructions on how to obtain copies of these materials are included in the response to question 29, on [page 104](#).

COMMUNICATE WITH THE BOARD

The Board has established a process to facilitate communication by shareowners and other interested parties with Directors. Communications can be addressed to Directors in care of the Office of the Secretary, The Coca-Cola Company, P.O. Box 1734, Atlanta, Georgia 30301 or by e-mail to asktheboard@coca-cola.com.

Communications may be distributed to all Directors, or to any individual Director, as appropriate. At the direction of the Board, all mail received may be opened and screened for security purposes. In addition, items that are unrelated to the duties and responsibilities of the Board will not be distributed. Such items include, but are not limited to:

- ▶ spam;
- ▶ new product suggestions;
- ▶ surveys; and
- ▶ junk mail and mass mailings;
- ▶ resumes and other forms of job inquiries;
- ▶ business solicitations or advertisements.
- ▶ product complaints or inquiries;

In addition, material that is trivial, obscene, unduly hostile, threatening or illegal or similarly unsuitable items will be excluded; however, any communication that is excluded will be made available to any independent, non-employee Director upon request.

To answer the many questions we receive about our Company and our products, we offer detailed information about common areas of interest on the "Contact Us" page of our website, www.coca-colacompany.com/contact-us.

DIRECTOR COMPENSATION

The Committee on Directors and Corporate Governance is responsible for reviewing and making recommendations to the Board regarding all matters pertaining to compensation paid to Directors for Board, Lead Independent Director, committee and committee chair service. Under the Committee on Directors and Corporate Governance's charter, the Committee is authorized to engage consultants or advisors in connection with its review and analysis of Director compensation, although it did not engage any consultants or advisors in 2018.

In making non-employee Director compensation recommendations, the Committee on Directors and Corporate Governance takes various factors into consideration, including, but not limited to, the responsibilities of Directors generally, as well as committee chairs, and the form and amount of compensation paid to Directors by comparable companies. The Board reviews the recommendations of the Committee on Directors and Corporate Governance and determines the form and amount of Director compensation.

Director compensation is provided under The Coca-Cola Company Directors' Plan (the "Directors' Plan"). Directors who also serve as employees of the Company do not receive payment for service as Directors.

2018 ANNUAL COMPENSATION

In 2018, the Committee on Directors and Corporate Governance undertook a review of the compensation paid to our Directors relative to the Company's comparator group (see [page 60](#)) and other publicly available information. Based on this review, the Committee on Directors and Corporate Governance recommended, and the Board agreed, that no changes should be made to Director compensation in 2018. Except as described below, there have been no increases in compensation paid to our Directors since 2013.

In 2018, our non-employee Directors received an annual cash retainer of \$50,000. In addition, each non-employee Director who served as a committee chair in 2018 received an additional \$20,000 in cash. Cash retainers are paid on a quarterly basis. Under the Directors' Plan, non-employee Directors have the option of deferring all or a portion of their cash compensation into share units that are paid out in cash after leaving the Board.

Non-employee Directors also receive an annual equity retainer of \$200,000, credited in deferred share units. The number of share units awarded is equal to the number of shares of Common Stock that could be purchased on the open market for \$200,000 on April 1 (or the immediately preceding business day if April 1 is not a business day). Share units do not have voting rights but are credited with hypothetical dividends that are reinvested in additional units to the extent dividends on Common Stock are received by shareowners. Share units are paid out in cash on the later of (i) January 15 of the year following the year in which the Director leaves the Board and (ii) six months after the Director leaves the Board. Directors may elect to take their payout in a lump sum or in up to five annual installments.

In February 2019, in part due to shareowner feedback, the Committee on Directors and Corporate Governance reviewed the practices at our compensation comparator group with respect to the compensation of lead independent directors. Based on this review, the Committee on Directors and Corporate Governance determined that the Company should provide an additional cash retainer for the Lead Independent Director. Upon the recommendation of the Committee on Directors and Corporate Governance, the Board approved a cash retainer of \$30,000 for the position of Lead Independent Director effective April 24, 2019. No other changes were made to the compensation paid to our Directors for 2019.

Directors do not receive fees for attending Board or committee meetings. Non-employee Directors are reimbursed for reasonable expenses incurred in connection with Board-related activities.

The following table details the total compensation of the Company's non-employee Directors for the year ended December 31, 2018.

2018 NON-EMPLOYEE DIRECTOR COMPENSATION

Highlights of Director Compensation Program:

- ▶ **Emphasis on equity:** ties the majority of Directors' compensation to shareowner interests because the value of share units fluctuates up or down depending on the stock price
- ▶ **Long-term focus:** focuses on the long term, since the share units are not paid until after the Director leaves the Board
- ▶ **Market competitive:** in line with peers and is equitable based on the work required of Directors serving an entity of the Company's size and scope
- ▶ **No fees:** no fees are paid for Board meeting attendance
- ▶ **Governance:** includes governance features that prohibit hedging and pledging and short sales of our Common Stock and restricts trading to limited windows

³ Ms. Tsay and Mr. Davis were elected to the Board at the 2018 Annual Meeting of Shareowners on April 25, 2018.

FEES EARNED OR PAID IN CASH (COLUMN (b))

The amounts reported in the Fees Earned or Paid in Cash column reflect the cash fees earned by each non-employee Director in 2018, whether or not such fees were deferred. In addition to the \$50,000 annual cash fees, each of Messrs. Herman and Lagomasino, and Messrs. H. Allen, R. Allen, Diller and Nunn received an additional \$20,000 for service as a committee chair.

Ms. Botín deferred a portion of her 2018 cash compensation into 860 share units. Messrs. Daley, Kotick and Weinberg each deferred their 2018 cash compensation into 1,147 share units. Ms. Lagomasino and Messrs. R. Allen, Diller and Nunn each deferred their 2018 cash compensation into 1,606 share units. The number of share units is equal to the number of shares of Common Stock that could be purchased for the deferred amount based on the average of the high and low prices of a share of Common Stock on March 29, 2018.

STOCK AWARDS (COLUMN (c))

The amounts reported in the Stock Awards column reflect the grant date fair value associated with each non-employee Director's share units that are required to be deferred under the Directors' Plan, calculated in accordance with the provisions of the Financial Accounting Standards Board Accounting Standards Codification 718, Compensation—Stock Compensation ("ASC Topic 718").

The adjacent table shows the number of outstanding share units held by each non-employee Director as of December 31, 2018.

ALL OTHER COMPENSATION (COLUMN (g))

As described further below, the amounts reported in the All Other Compensation column reflect, where applicable, Company matching gifts to nonprofit organizations, medical and dental insurance, the costs of Company products provided to Directors

without charge and the premiums for life insurance (including accidental death and dismemberment and business travel accident coverage). In addition, infrequently, spouses and guests of Directors may travel on Company aircraft for personal reasons when the aircraft is already going to a specific destination for a business reason, which has minimal incremental cost to the Company. When this occurs, a nominal amount is included in the All Other Compensation column. In addition, income is imputed to the Director for income tax purposes and the Director is not provided a tax reimbursement. In 2018, the total amount allocated for such spouse and guest travel was \$1,000 attributable to Mses. Gayle, Herman and Tsay.

PERQUISITES AND OTHER PERSONAL BENEFITS

The Directors are eligible to participate in the Company's matching gifts program, which is the same program available to all U.S.-based employees and retirees. In 2018, this program matched up to \$10,000 of charitable contributions on a two-for-one basis to tax-exempt arts, cultural, environmental and educational organizations. The amounts paid by the Company to match gifts made by the non-employee Directors in 2018 under this program are set forth in the table above. The total cost of matching contributions on behalf of the non-employee Directors for 2018 gifts was \$42,000.

Name	Matching Gifts
Mr. R. Allen	\$2,000
Ms. Herman	20,000
Mr. Nunn	20,000

For Directors who elected coverage prior to 2006 (Mr. Nunn), the Company provides medical and dental coverage on the same terms and at the same cost as available to U.S. Company employees. This coverage was discontinued in 2006 for all other Directors. The total cost for this health coverage in 2018 was \$10,917.

To help expand the Directors' knowledge of the Company's products, the Company provides certain products to Directors' offices without charge. The Company cost for providing products to the non-employee Directors is set forth in the adjacent table. The total cost incurred by the Company in 2018 for products provided to non-employee Directors was \$17,187.

Name	Company Products
Mr. Diller	\$368
Ms. Herman	2,488
Ms. Lagomasino	7,642
Mr. Nunn	6,061
Mr. Weinberg	628

INSURANCE PREMIUMS

For Directors who elected coverage prior to 2006 (Messrs. R. Allen, Diller and Nunn), the Company provides life insurance coverage, which includes \$30,000 term life insurance and \$100,000 group accidental death and dismemberment insurance. This coverage was discontinued in 2006 for all other Directors. The Company cost for this insurance for participating non-employee Directors is set forth in the table below. The total cost for these insurance benefits to the participating non-employee Directors in 2018 was \$2,160.

Name	Life Insurance Premiums
Mr. R. Allen	\$ 739
Mr. Diller	682
Mr. Nunn	739

Business travel accident insurance coverage of \$200,000 is provided to all non-employee Directors while traveling on Company business, at a Company cost of \$5 per Director per year.

DIRECTOR INDEPENDENCE AND RELATED PERSON TRANSACTIONS

INDEPENDENCE DETERMINATIONS

Under the corporate governance listing standards of the NYSE and the Company's Corporate Governance Guidelines, the Board must consist of a majority of independent Directors. In making independence determinations, the Board observes NYSE and SEC criteria and considers all relevant facts and circumstances. Under NYSE corporate governance listing standards, to be considered independent:

- ▶ the Director must not have a disqualifying relationship, as defined in the NYSE standards; and
- ▶ the Board must affirmatively determine that the Director otherwise has no material relationship with the Company directly, or as an officer, shareowner or partner of an organization that has a relationship with the Company. To aid in the Director independence assessment process, the Board has adopted categorical standards that identify categories of relationships that the Board has determined would not affect a Director's independence. These categorical standards, which are part of the Company's Corporate Governance Guidelines, are described below.

CATEGORICAL STANDARDS

The following will not be considered material relationships that would impair a Director's independence:

Immaterial Sales/Purchases	The Director is an executive officer or employee or any member of his or her immediate family is an executive officer of any other organization that does business with the Company and the annual sales to, or purchases from, the Company are less than \$1 million or 1% of the consolidated gross revenues of such organization, whichever is more.
Immaterial Indebtedness	The Director or any member of his or her immediate family is an executive officer of any other organization which is indebted to the Company, or to which the Company is indebted, and the total amount of either company's indebtedness to the other is less than \$1 million or 1% of the total consolidated assets of the organization on which the Director or any member of his or her immediate family serves as an executive officer, whichever is more.
Immaterial Position	The Director is a director or trustee, but not an executive officer, or any member of his or her immediate family is a director, trustee or employee, but not an executive officer, of any other organization (other than the Company's outside auditing firm) that does business with, or receives donations from, the Company.
Immaterial Ownership	The Director or any member of his or her immediate family holds a less than 10% interest in any other organization that has a relationship with the Company.
Immaterial Nonprofit Relationship	The Director or any member of his or her immediate family serves as an executive officer of a charitable or educational organization which receives contributions from the Company in a single fiscal year of less than \$1 million or 2% of that organization's consolidated gross revenues, whichever is more.

In addition, when determining Director independence, the Board does not consider transactions:

- ▶ with entities for which a Director or an immediate family member served only as a director or trustee;
- ▶ of less than \$120,000; and
- ▶ with entities in which the Director's or an immediate family member's only interest is a less than 10% ownership interest.

The Board, through its Committee on Directors and Corporate Governance, annually reviews all relevant business relationships any Director nominee and any person who served as a Director during 2018 may have with the Company. As a result of its annual review, the Board has determined that none of the following Director nominees has a material relationship with the Company and, as a result, such Director nominees are independent: Ronald W. Allen, Marc Bolland, Ana Botín, Christopher C. Davis, Barry Diller, Helene D. Gayle, Alexis M. Herman, Robert A. Kotick, Maria Elena Lagomasino, Caroline J. Tsay and David B. Weinberg. In addition, the Board determined that Richard M. Daley and Sam Nunn, who will serve as Directors until the 2019 Annual Meeting, are independent. None of the Directors who were determined to be independent had any relationships that were outside the categorical standards identified above.

Muhtar Kent is Chairman of the Board and also served as the Company's Chief Executive Officer through April 30, 2017, and therefore is not an independent Director. James Quincey has served as the Company's Chief Executive Officer since May 1, 2017, and therefore is not an independent Director. Even though Herbert A. Allen is not currently determined to be independent, he contributes greatly to the Board and the Company through his wealth of experience, expertise and judgment.

All the Directors who serve as members of the Audit Committee, Compensation Committee and Committee on Directors and Corporate Governance are independent as required by the NYSE corporate governance rules. Under these rules, Audit Committee members also satisfy the separate SEC and NYSE independence requirements, and the Compensation Committee members satisfy the additional SEC and NYSE independence requirements.

5 GOVERNANCE Director Independence and Related Person Transactions

The table below summarizes the relationships that were considered in connection with the independence determinations. None of the transactions described below were considered material relationships that impacted the applicable Director's independence.

Director	Categorical Standard	Description of Relationship
Ana Botín	Immaterial Sales/Purchases Immaterial Indebtedness	The Board examined the Company's relationship with Banco Santander, S.A. ("Banco Santander") where Ana Botín, one of our Directors, is Executive Chair. The Board determined that the relationship was not material since (i) the amounts involved were less than 1% of the consolidated gross revenues and total consolidated assets of Banco Santander; (ii) the Company's investment of excess cash with Banco Santander, primarily in time deposits which provided market rate returns, is part of the Company's overall cash management and investment strategy which includes banks other than Banco Santander; (iii) the Company's payments to Banco Santander were for banking fees and interest on a loan in the ordinary course of business; and (iv) the Company has had a relationship with Banco Santander and its banking subsidiaries for many years prior to Ms. Botín's service as a Director of the Company.
Barry Diller	Immaterial Sales/Purchases	The Board examined payments made by the Company to IAC/InterActiveCorp and its subsidiaries ("IAC") where Barry Diller, one of our Directors, is Chairman of the Board and Senior Executive. The Board determined that the relationship was not material since (i) the amounts involved were less than 1% of the consolidated gross revenues of IAC; (ii) the payments were for online advertising and digital media promotions in the ordinary course of business; and (iii) the Company has had a relationship with IAC's predecessor companies for many years prior to Mr. Diller's service as a Director of the Company.
Robert A. Kotick	Immaterial Sales/Purchases	The Board examined the Company's relationship with Activision Blizzard, Inc. and its subsidiaries ("Activision") where Robert A. Kotick, one of our Directors, is Chief Executive Officer and a Director. The Board determined that the relationship was not material since (i) the amounts payable under sponsorship agreements entered into in the ordinary course of business represent less than 1% of the consolidated gross revenues of Activision; and (ii) the Company has had a relationship with Activision prior to Mr. Kotick's service as a Director of the Company.

RELATED PERSON TRANSACTION POLICY AND PROCESS

A "Related Person Transaction" is any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, in which the Company (including any of its subsidiaries) was, is or will be a participant and, as relates to Directors or shareowners who have an ownership interest in the Company of more than 5%, the amount involved exceeds \$120,000, and in which any Related Person (defined below) had, has or will have a direct or indirect material interest. Under Company policy, there is no threshold amount applicable to executive officers with regard to Related Person Transactions.

A "Related Person" means:

- ▶ any person who is, or at any time during the applicable period was, a Director, a nominee for Director or an executive officer of the Company;
- ▶ any person who is known to the Company to be the beneficial owner of more than 5% of the outstanding Common Stock;
- ▶ any immediate family member of any of the persons referenced in the preceding two bullets, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of the Director, nominee for Director, executive officer or more than 5% beneficial owner of Common Stock, and any person (other than a tenant or employee) sharing the household of such Director, nominee for Director, executive officer or more than 5% beneficial owner of Common Stock; or
- ▶ any firm, corporation or other entity in which any of the foregoing persons is a partner or principal or in a similar position or in which such person has a 10% or greater beneficial ownership interest.

In general, the Company will enter into or ratify Related Person Transactions with Directors only when the Board, acting through the Committee on Directors and Corporate Governance, determines that the Related Person Transaction is reasonable and fair to the Company. When considering whether a Related Person Transaction is reasonable and fair to the Company, the Committee considers, among other things, the evaluation of the transaction by employees directly involved and the recommendation of the Chief Financial Officer. In addition, any Related Person Transaction involving an executive officer must be pre-approved by the Chief Executive Officer and any Related Person Transaction involving the Chairman of the Board (if an employee of the Company), Chief Executive Officer or a beneficial owner of more than 5% of the outstanding Common Stock must be submitted to the Audit Committee for approval.

Many transactions that constitute Related Person Transactions are ongoing, and some arrangements predate any relationship with the Director or predate the Director's relationship with the Company. When a transaction is ongoing, any amendments or changes are reviewed, and the transaction is reviewed annually for reasonableness and fairness to the Company.

Identifying possible Related Person Transactions involves the following procedures:

- ▶ Directors, Director nominees, executive officers and beneficial owners of more than 5% of the outstanding Common Stock are asked to complete customary annual questionnaires.
- ▶ Directors and Director nominees are required to annually verify and update information about (i) where the Director is an employee, director or executive officer; (ii) each entity where an immediate family member of a Director is an executive officer; (iii) each firm, corporation or other entity in which the Director or an immediate family member is a partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest; and (iv) each charitable or educational organization where the Director or an immediate family member is an employee, executive officer, director or trustee.

When the Company receives the requested information from its Directors, Director nominees, executive officers and beneficial owners of more than 5% of the outstanding Common Stock, the Company compiles a list of all persons and entities, including all subsidiaries of the entities identified, that may give rise to a Related Person Transaction. The Office of the Secretary reviews the updated list and expands the list if necessary, based on a review of SEC filings, Internet searches and applicable websites.

For 2018, the list of approximately 4,600 persons and entities was distributed within the Company to identify any potential transactions. This list was also sent to each of the Company's approximately 400 accounting locations to be compared to payments and receipts. All ongoing transactions, along with payment and receipt information, were compiled for each person and entity. The information was reviewed and relevant information was presented to the Committee on Directors and Corporate Governance or the Audit Committee, as applicable.

Details regarding Related Person Transactions are included in the charters for the Committee on Directors and Corporate Governance and the Audit Committee and in our Codes of Business Conduct. These documents can be found on the Company's website, www.coca-colacompany.com, by clicking on "Investors" and then clicking on "Corporate Governance."

CERTAIN RELATED PERSON TRANSACTIONS

The Board, acting through the Audit Committee or the Committee on Directors and Corporate Governance, as applicable, believes that the following Related Person Transactions between the Company and its Directors and beneficial owners of more than 5% of the Company's outstanding Common Stock are reasonable and fair to the Company.

Herbert A. Allen. Herbert A. Allen, one of our Directors, is President, Chief Executive Officer and a Director of Allen & Company Incorporated ("ACI") and a principal shareowner of ACI's parent. ACI is an indirect equity holder of Allen & Company LLC ("ACL").

ACI has leased and subleased office space since 1977 in a building owned by one of our subsidiaries and located in New York City. ACI was a tenant prior to the subsidiary's acquisition of the building. In June 2005, ACI assigned the lease and sublease to ACL. In November 2015, the lease was renewed for a term of approximately 18 years. In 2018, ACL paid approximately \$5.7 million in rent and related expenses. In the opinion of management, the terms of the lease are fair and reasonable and as favorable to the Company as those that could have been obtained from unrelated third parties at the time of the execution of the lease.

Berkshire Hathaway Inc. Berkshire Hathaway Inc.'s ("Berkshire Hathaway") holdings constituted 9.36% of the Company's outstanding Common Stock as of February 25, 2019.

FlightSafety International Inc. ("FlightSafety") is a wholly owned subsidiary of Berkshire Hathaway. In January 2019, the Company entered into a new five-year agreement with FlightSafety to provide pilot training services to the Company, which replaced a previous five-year agreement. In 2016, the Company entered into a new three-year agreement with FlightSafety to provide flight attendant and mechanic training services to the Company, which replaced the previous three-year agreement. In 2018, the Company paid FlightSafety approximately \$710,000 for training services in the ordinary course of business.

McLane Company, Inc. ("McLane") is a wholly owned subsidiary of Berkshire Hathaway. In 2018, McLane and its subsidiaries paid approximately \$747 million to the Company to purchase fountain syrup and other products in the ordinary course of business. Also in 2018, McLane and its subsidiaries received from the Company approximately \$10.9 million in agency commissions, marketing payments and other fees relating to the sale of the Company's products to customers in the ordinary course of business. This business relationship was in place for many years prior to Berkshire Hathaway's acquisition of McLane in 2003.

Marmon Holdings, Inc. ("Marmon") is a wholly owned subsidiary of Berkshire Hathaway. In January 2014, Marmon acquired Cornelius, Inc. and 3Wire Group, Inc. In 2018, the Company paid Cornelius, Inc. approximately \$14.1 million for fountain equipment under a 2006 master agreement, which is renewed on an annual basis, and under purchase orders in the ordinary course of business. In 2018, the Company paid 3Wire Group, Inc. approximately \$6 million for fountain equipment parts under a 2005 master agreement, which automatically renews on a monthly basis. These business relationships were in place for many years prior to Marmon's acquisition of these two entities and all payments were made in the ordinary course of business.

Berkshire Hathaway holds a significant equity interest in Moody's Corporation ("Moody's"). In January 2018, the Company and a subsidiary of Moody's entered into an annual pricing agreement related to the Company's commercial paper programs and debt offerings, which replaced a previous two-year agreement. In 2018, the Company paid a subsidiary of Moody's fees of \$354,000 for rating services.

In the opinion of management, all the relationships between the Company and the entities affiliated with Berkshire Hathaway described above are fair and reasonable and as favorable to the Company as those that could have been obtained from unrelated third parties.

Lisa Chang. Franchot Chang is the husband of Lisa Chang, who was appointed our Chief People Officer effective March 1, 2019, and is a salaried employee of the Company. In 2018, Mr. Chang earned compensation of approximately \$231,000, which includes his base salary, an annual incentive award, the value of the vested portion of his 2018 option grant and the benefits generally available to other employees with a similar job grade level. Through March 7, 2019, Mr. Chang received cash compensation of approximately \$32,000 and will not receive future equity grants. Mr. Chang will be departing from the Company effective April 12, 2019. He will forfeit all unvested equity grants and will only receive the benefits to which he is entitled under the standard terms of the applicable Company programs. He will not receive any severance benefits.

PRINCIPAL SHAREOWNERS

Set forth in the table below is information about the number of shares held by persons we know to be the beneficial owners of more than 5% of the outstanding shares of Common Stock.

Name and Address	Aggregate Number of Shares Beneficially Owned	Percent of Outstanding Shares ⁴
Berkshire Hathaway Inc. ¹ 3555 Farnam Street Omaha, Nebraska 68131	400,000,000	9.36%
The Vanguard Group ² 100 Vanguard Blvd. Malvern, Pennsylvania 19355	299,022,873	6.99%
BlackRock, Inc. ³ 55 East 52 nd Street New York, New York 10055	253,865,694	5.94%

¹ Berkshire Hathaway, a diversified holding company, has informed the Company that, as of December 31, 2018, it held an aggregate of 400,000,000 shares of Common Stock through subsidiaries.

² The information is based on a Schedule 13G/A filed by The Vanguard Group with the SEC on February 11, 2019, reporting beneficial ownership as of December 31, 2018. The Vanguard Group reported that it has sole voting power with respect to 4,732,414 shares of Common Stock, sole dispositive power with respect to 293,318,500 shares of Common Stock, shared voting power with respect to 1,076,928 shares of Common Stock and shared dispositive power with respect to 5,704,373 shares of Common Stock.

³ The information is based on a Schedule 13G/A filed by BlackRock, Inc. with the SEC on February 4, 2019, reporting beneficial ownership as of December 31, 2018. BlackRock, Inc. reported that it has sole voting power with respect to 219,705,408 shares of Common Stock, sole dispositive power with respect to 253,865,694 shares of Common Stock and no shared voting or dispositive power.

⁴ The ownership percentages set forth in this column are based on the assumption that each of the principal shareowners continued to own the number of shares reflected in the table above on February 25, 2019.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the 1934 Act requires the Company's Directors and certain officers, as well as persons who beneficially own more than 10% of the outstanding shares of Common Stock, to file reports regarding their initial stock ownership and subsequent changes to their ownership with the SEC.

Based solely on a review of the reports filed for fiscal year 2018 and related written representations, we believe that all Section 16(a) reports were filed on a timely basis, except for an amended Form 4 filed on January 3, 2019 for Mark Randazza, which reported the acquisition of restricted stock units that was inadvertently omitted from his original Form 4.

ITEM 2

ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

► **What am I voting on?**

Shareowners are being asked to approve, on an advisory basis, the compensation of the Named Executive Officers as described in the Compensation Discussion and Analysis beginning on **page 48** and the Compensation Tables beginning on **page 69**.

► **Voting recommendation:**

FOR the advisory vote to approve executive compensation. The Compensation Committee takes very seriously its role in the governance of the Company's compensation programs and values thoughtful input from shareowners. The Compensation Committee will take into account the outcome of the advisory vote when considering future executive compensation decisions.

The Company seeks a non-binding advisory vote from its shareowners to approve the compensation of its Named Executive Officers as described in the Compensation Discussion and Analysis beginning on **page 48** and the Compensation Tables beginning on **page 69**.

In deciding how to vote on this proposal, the Board encourages you to read the Compensation Discussion and Analysis and Compensation Tables sections. In 2018, we made several key enhancements to our compensation programs to continue to improve the link between compensation and the Company's business and talent strategies as well as the long-term interests of our shareowners.

The Board recommends that shareowners vote FOR the following resolution:

"RESOLVED, that the shareowners approve, on an advisory basis, the compensation of the Company's Named Executive Officers, as disclosed in this Proxy Statement, including the Compensation Discussion and Analysis, the Compensation Tables and the related narrative."

Because your vote is advisory, it will not be binding upon the Board. However, the Board values shareowners' opinions, and the Compensation Committee will consider the outcome of the advisory vote when considering future executive compensation decisions. The Board has adopted a policy of providing for annual advisory votes from shareowners on executive compensation. The next such vote will occur at the 2020 Annual Meeting of Shareowners.

The Board of Directors recommends a vote **FOR** the advisory vote to approve executive compensation.

MESSAGE FROM THE COMPENSATION COMMITTEE

In early 2017, James Quincey announced new strategic priorities aimed at continuing to drive our transformation as a total beverage company. Mr. Quincey became Chief Executive Officer later that year and since then has steered the Company through a period of fundamental changes in the industry. One of the cornerstones of this work has involved shaping a growth-oriented culture at all levels of the organization.

We, the Compensation Committee, are committed to ensuring that our compensation programs help drive the Company's focus on disciplined growth. To align our 2018 compensation programs to this strategy, we conducted a comprehensive review to ensure that we incentivize growth and continue to pay for performance while also focusing on key growth metrics and long-term shareowner value. During this process, we listened to feedback from employees, leaders and shareowners.

We refreshed our 2018 talent and compensation philosophy to focus more sharply on employee performance and the future potential to drive long-term growth, with a strong emphasis on accountability to deliver the right work in the right way. We introduced enhancements to annual incentive and performance-based equity programs, which included measures focused on driving growth, differentiation and segmentation, as well as simplicity and transparency.

Our renewed compensation programs deliver highly differentiated rewards for employees who make outstanding contributions to the Company. Our programs are also intended to help shift the Company's culture, encouraging employees to be fast, agile, empowered and accountable.

Our Compensation Discussion and Analysis describes specific program design changes in 2018 and individual compensation decisions and rationales for the 2018 Named Executive Officers. We remain committed to listening to shareowner feedback as we continue to evaluate and refine the Company's compensation programs.

WHAT'S NEW IN THIS CD&A

To explain the rationale behind changes to our compensation framework, we have added "Compensation Committee Insights" throughout this CD&A, which highlight changes made in the last twelve months. We hope that you find them useful and welcome your feedback.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis provides a detailed description of our executive compensation philosophy and programs, the compensation decisions the Compensation Committee has made under those programs and the factors considered in making those decisions. This Compensation Discussion and Analysis focuses on the compensation of our Named Executive Officers for 2018, who are listed below and appear in the Compensation Tables beginning on [page 69](#).

In 2018, we announced key changes in top leadership. Mr. Kent announced his intention to retire as Chairman of the Board following the 2019 Annual Meeting and, contingent on his reelection as a Director, the Board elected Mr. Quincey to serve as the next Chairman of the Board. In addition, effective January 1, 2019, Mr. Smith assumed the role of President and Chief Operating Officer, an appointment which will allow Mr. Quincey more time to focus on the long-term strategic direction and success of the Company as Chairman and Chief Executive Officer, while allowing Mr. Smith to lead the Company's day-to-day operations and bring an accelerated focus on executing key strategies. We also announced a succession plan for the Chief Financial Officer role following Ms. Waller's retirement. Effective March 16, 2019, Mr. Murphy, who currently serves as Senior Vice President and Deputy Chief Financial Officer, will assume the role of Executive Vice President and Chief Financial Officer.

The titles below for our Named Executive Officers represent their current position with the Company. Please see 2018 Compensation Decisions for Named Executive Officers beginning on [page 62](#) and our Summary Compensation Table on [page 69](#) for each Named Executive Officer's role during fiscal year 2018.

OUR COMPENSATION PHILOSOPHY AND CORE PRINCIPLES

While we consider a number of factors in our pay decisions, we are guided by the following core philosophies and principles:

Pay for Performance

The great majority of pay for executives is at-risk and performance-based with metrics aligned to the Company's growth strategy. Company performance is assessed in two ways:

- ▶ The Company's operating performance, including results against long-term growth targets
- ▶ Return to shareowners over time, both on an absolute basis and relative to other companies

Alignment with Shareowners

Programs align executives' interests with those of our shareowners. A majority of pay for our Named Executive Officers is tied to Company and/or operating group performance. We maintain stock ownership guidelines for all executives, and we remain committed to our Equity Stewardship Guidelines.

Provide Programs that Drive Future Growth

Our compensation programs invest in and reward talent with the greatest potential to drive the long-term growth of our Company, while holding employees accountable to the Company's strategy and values.

Simplicity and Transparency

Programs include clear metrics and line of sight for employees.

Recognition of Individual Performance

Non-financial goals are critical to our business, reflect our external responsibility as global leaders, and add value for our shareowners and other stakeholders. Executives are motivated to deliver results that align with Company values and shareowner interests.

Consider the Coca-Cola system

Our employees are required to operate and have influence in the context of our broad and complex global Coca-Cola system, which includes our approximately 225 independent bottling partners around the globe. While the Company had \$31.9 billion in 2018 reported net operating revenue and employs approximately 62,600 people, the Coca-Cola system generates more than \$100 billion in revenues, operates in over 200 countries and territories and employs more than 700,000 people. Our executives and employees must not only manage our business but also support our bottlers and other partners. This alignment and a shared vision of success are critical to drive long-term growth.

COMPENSATION COMMITTEE INSIGHTS

When does the Compensation Committee make decisions regarding annual and long-term incentives?

We have a robust annual cycle to plan, review and execute the executive compensation process, which includes year-round engagement with our shareowners.

When evaluating pay reported in the 2018 Summary Compensation Table against Company performance, it is important to consider the timing of compensation decisions and which performance period informs each of the annual and long-term incentive awards. For instance:

- ▶ Annual incentive awards reported for 2018 were decided in February 2019 and reflect Company and individual performance in 2018 (see [page 53](#)); and
- ▶ Long-term incentive awards reported for 2018 were granted in February 2018 and reflect the individual's potential to drive future growth (see [page 55](#)).

April to June	July to September	October to December	January to March
<ul style="list-style-type: none"> ▶ Evaluate and set compensation comparator group to be used for upcoming year (see page 60) 	<ul style="list-style-type: none"> ▶ Review program design and align on changes to support the business strategy for the upcoming year 	<ul style="list-style-type: none"> ▶ Complete a risk assessment of all compensation programs (see page 61) ▶ Benchmark compensation programs and pay opportunity against the compensation comparator group 	<ul style="list-style-type: none"> ▶ Evaluate prior year business performance, individual contributions and future potential of executives in order to determine individual compensation decisions ▶ Hold a dedicated meeting for rigorous target-setting of performance metrics for the upcoming year (see page 52)

NEW COMPENSATION PROGRAM ENHANCEMENTS IN 2018

As a result of the comprehensive review of our compensation programs, which included feedback from shareowners and employees, external market research and data analysis of various performance metrics, the Compensation Committee approved several changes to further align our programs with our growth strategy. The changes that affect our Named Executive Officers are summarized below.

ANNUAL INCENTIVE PLAN ENHANCEMENTS IN 2018	RATIONALE

IMPORTANT FACTS ABOUT OUR INCENTIVE TARGETS

Rigor of Incentive Metrics

The Compensation Committee holds an additional dedicated meeting each year to test the robustness and rigor of our incentive metrics. The Compensation Committee recognizes the importance of achieving an appropriate balance between rewarding executives for strong performance over both the short- and long-term and establishing realistic but rigorous targets that continue to motivate and retain executives.

In setting our performance payout curves, the Compensation Committee considered the following:

- ▶ Performance levels necessary to achieve our long-term goals and deliver superior shareowner returns
- ▶ The likelihood of achieving various levels of performance based on historical results over a ten-year period
- ▶ Metrics, program designs and results at companies in our comparator group
- ▶ Performance relative to our comparator companies

Choice of Incentive Metrics

To evaluate performance in a manner consistent with how management evaluates our operating results and trends, the key financial metrics in our annual and long-term incentive plans are measured on a non-GAAP basis. We make certain adjustments when calculating these results, such as for the impact of foreign currency exchange rates, items impacting comparability, changes in financial accounting reporting regulations and costs and other financial implications associated with corporate transactions.

Our targets are currency neutral because the Compensation Committee believes incentive targets should measure the underlying results of the business, and business leaders should be encouraged to make decisions that drive long-term sustainable growth rather than to address short-term currency fluctuations. This philosophy has been in place for several years, and we review this issue regularly, as it is an important concern for global companies like ours with significant exposure to foreign currency exchange rate fluctuations.

BASE SALARY

Base salary is fixed cash compensation delivered in return for day-to-day job responsibilities, leadership skills and experience. The Compensation Committee annually reviews base salary of our Named Executive Officers at its February meeting and makes adjustments when appropriate based on market competitiveness. Market competitive base salaries help attract and retain executive talent. The Compensation Committee may also make periodic adjustments in connection with promotions or changes in responsibility. Base salary is not intended to reward past performance.

ANNUAL INCENTIVE COMPENSATION

COMPENSATION COMMITTEE INSIGHTS

What was the rationale for changing the Company performance metrics for the 2018 annual incentive awards?

To align with the Company's new growth strategy, we refined our 2018 annual incentive performance metrics as follows:

2017 Performance Metrics	➔	2018 Performance Metrics
Net operating revenue		Net operating revenue
Profit before tax	➔	Operating income
Unit case volume		

Net operating revenue aligns with the Company's growth focus, by reflecting how we are sustainably growing top-line performance. Operating income is a bottom-line performance measure of the profitability of our primary business operations. Both measures provide employees line of sight to influence results. In addition, they are widely used measures to evaluate the success of our business by investors. Removing unit case volume helps focus on our growth strategy and helps support the transformation to a total beverage company by incentivizing revenue growth through multiple levers, rather than just through volume growth.

How has the new scorecard guided the Committee's determinations with respect to the individual performance amount?

The scorecard provides a framework to more clearly define specific action items in three key areas: leadership, operational, and people and culture. Our assessment of these outcomes was a key factor in determining the level of discretion to apply to each Named Executive Officer's individual performance amount for their 2018 annual incentive award.

Overview

Annual incentives are determined under the Performance Incentive Plan of The Coca-Cola Company (the "Performance Incentive Plan") and are designed to reward annual performance and individual contributions that support business results and strategy. Awards for our Named Executive Officers are determined based on a formula with predetermined financial measures aligned with the Company's long-term growth strategy ("Business Performance Factor"), as well as the executive's individual performance ("Individual Performance Amount"). A cash award, measured as a target percentage of the executive's salary, is paid to the extent to which performance goals are achieved.

➔ See 2018 Compensation Decisions for Named Executive Officers beginning on **page 62** for details of the 2018 annual incentives paid to each of our Named Executive Officers.

2018 ANNUAL INCENTIVE FORMULA

Business Performance Factor

- ▶ Targets are informed by our long-term growth target ranges. Targets are designed to be challenging but achievable.
- ▶ For Ms. Waller and Messrs. Quincey and Kent, the Business Performance Factor was determined using a score that was weighted 50% for overall Company net operating revenue growth and 50% for overall Company operating income growth ("Overall Company Performance").
- ▶ For Mr. Murphy, who had responsibility in 2018 for the Company's Asia Pacific Group and Bottling Investments Group, and Mr. Smith, who had responsibility in 2018 for the Company's Europe, Middle East and Africa Group, the Business Performance Factor was determined using a score that was weighted 50% for Overall Company Performance, as described above, and 50% for the performance of their respective operating groups, measured by net operating revenue growth and operating income growth, each weighted equally.
- ▶ Actual net operating revenue and operating income growth results were rounded to the nearest half percent, and then the funding for each performance metric was weighted to determine the final Business Performance Factor.
- ▶ For 2018, the earned payout could range from 0% to 200% of the target incentive. The maximum payout is set to be difficult to achieve. For example, to achieve the maximum payout for net operating revenue growth, the Company would have had to achieve 6% growth in 2018.
- ▶ The overall Company targets and results for 2018 were as follows:

Performance Metric*	Target**	Result	Weighting	Weighted Result
Net Operating Revenue Growth	<p>4.0%</p>	150%	50%	75%
Operating Income Growth	<p>8.0%</p>	175%	50%	88%
Overall Company Performance Factor				163%

* Net operating revenue growth is organic, which is a non-GAAP financial measure that excludes or has otherwise been adjusted for the impact of acquisitions, divestitures and structural items, as applicable, the impact of changes in foreign currency exchange rates as well as the impact of accounting changes. Operating income growth is comparable currency neutral (adjusted for structural items and accounting changes), which is a non-GAAP financial measure that excludes or has otherwise been adjusted for items impacting comparability, the impact of changes in foreign currency exchange rates, the impact of structural changes and the impact of accounting changes. Items impacting comparability include asset impairments, productivity and reinvestment initiatives, transaction gains/losses and other items. Structural items generally refer to acquisitions and divestitures of bottling and distribution operations. Accounting changes refer to the adoption of Accounting Standards Codification 606, Revenue from Contracts with Customers ("ASC 606"), which was adopted by the Company effective January 1, 2018. Using these adjusted measures of net operating revenue and operating income growth are appropriate because it provides a more consistent comparison against the prior year.

** The specific targets for the Asia Pacific Group, the Bottling Investments Group and the Europe, Middle East and Africa Group are not disclosed because they relate to business operations in specific geographies and disclosure would result in competitive harm.

The base salary, target annual incentive and 2018 Business Performance Factor for each of our Named Executive Officers are as follows:

Name	Base Salary (12/31/2018) (\$)	Target (%)	Target Annual Incentive (\$)	Business Performance Factor (%)
Mr. Quincey	\$1,500,000	200%	\$3,000,000	163%
Ms. Waller	850,000	125%	1,062,500	163%
Mr. Kent	1,000,000	200%	2,000,000	163%
Mr. Murphy¹	550,000	125%	687,500	159%
Mr. Smith²	650,000	125%	812,500	163%

¹ For Mr. Murphy, the Business Performance Factor was weighted 50% for Overall Company Performance (at 163%), 25% for Asia Pacific Group performance (at 136%) and 25% for Bottling Investments Group performance (at 171%).

² For Mr. Smith, the Business Performance Factor was weighted 50% for Overall Company Performance (at 163%) and 50% for Europe, Middle East and Africa Group performance (at 163%).

Individual Performance Amounts

For the Named Executive Officers, consideration is given for contributions to overall Company results and operational goals; contributions toward global strategic initiatives; and individual contributions toward evolving the Company's culture to accelerate our transformation to a high-performing growth business. An Individual Performance Amount may be awarded based on an assessment of an executive's individual performance throughout the year as guided by the individual's scorecard. The maximum percentage of an individual's target award that could be awarded for individual performance in 2018 was reduced from 50% to 30%, and the Compensation Committee determined that no Named Executive Officer would receive an Individual Performance Amount exceeding 5% of his or her target award in 2018. See 2018 Compensation Decisions for Named Executive Officers beginning on [page 62](#).

LONG-TERM INCENTIVE COMPENSATION

COMPENSATION COMMITTEE INSIGHTS

What was the rationale for changing the Company performance metrics for the 2018 long-term performance-based awards?

To align with our new growth strategy, we refined the 2018 performance metrics for the performance share units awarded to our Named Executive Officers as follows:

2015, 2016 and 2017 Grant Performance Metrics	➔	2018 Grant Performance Metrics
Economic profit		Net operating revenue
Net operating revenue	➔	Earnings per share
Total shareowner return modifier		Free cash flow
		Total shareowner return modifier

We believe these measures are the right metrics to evaluate the Company's long-term performance. Each of these metrics has a strong correlation to shareowner value, is easy to understand and will drive and reward growth behaviors and actions. Specifically, net operating revenue aligns with the Company's focus on growth by reflecting how we are sustainably growing top-line performance year-over-year; earnings per share is a key measure of profitability for our shareowners and reflects the Company's focus on shareowner value; and free cash flow reflects our ability to generate the cash needed to pay dividends, among other things, and enables the business to grow over the long term. We retained the relative total shareowner return modifier to further tie awards to long-term shareowner value.

Beginning in 2018, the Company now refers to our performance share units as growth share units, highlighting that a primary goal of these awards is to incentivize employees to drive growth.

Overview

The Company grants long-term incentive compensation to reward performance over the longer term and align the interests of employees with shareowners. The majority of these awards are performance-based. In 2018, all annual long-term incentive awards were equity-based for our Named Executive Officers. All equity awards are subject to our Equity Stewardship Guidelines. An update regarding our 2018 progress against these guidelines is included below under Equity Stewardship Guidelines and Scorecard.

➔ See 2018 Compensation Decisions for Named Executive Officers beginning on **page 62** for details of the 2018 long-term equity awards granted to each of our Named Executive Officers.

LONG-TERM INCENTIVE ANNUAL AWARDS: AMOUNTS AND PERFORMANCE MEASURES

- ▶ The Compensation Committee sets award ranges for long-term incentive compensation for each job grade at the senior executive levels. In 2018, the ranges were informed by surveys of our comparator group's and similar companies' pay practices. The Compensation Committee does not target a specific percentile ranking against our comparator group and may grant long-term incentive awards at the higher end of the range for a variety of factors, including to reflect support of the larger Coca-Cola system. Consideration is also given to the individual's skills, experience and future potential.
- ▶ Once the value of the long-term incentive award is determined, the Compensation Committee grants a portion of the award in options and a portion in performance share units ("PSUs"). Due to the rules for how the grant date fair value of long-term incentive awards must be calculated for accounting purposes, the 2018 Summary Compensation Table may not reflect the same stock option and PSU values described below.

How Stock Option Award Amounts Were Determined

- ▶ When determining the number of stock options awarded, a Black-Scholes value is calculated and a floor and ceiling are then applied based on a 30-day average stock price. This "guardrail" helps manage our burn rate commitment and mitigate against excessively high and low Black-Scholes values.
- ▶ For stock option grants in 2018, the low end of our guardrail was used, which valued options at 20% of the 30-day average stock price. This resulted in fewer stock options being granted than under what a pure Black-Scholes model would have provided.

How PSU Targets Were Determined

- ▶ PSUs are valued based on a 30-day average stock price for purposes of determining target award values.
- ▶ For 2018, performance measures for the annual PSU awards were equally weighted among growth in net operating revenue, earnings per share and free cash flow and with a total shareowner return ("TSR") modifier.
- ▶ Performance targets for growth in these metrics were derived from the three-year business plan and then set by the Compensation Committee after a detailed review, which included conducting probability analyses, benchmarking performance and evaluating the practices of comparator companies. For awards granted in 2018, participants would receive 50% of the award at the threshold level of achievement, 100% of the award at the target level and 200% of the award at the maximum level, prior to application of the TSR modifier. With the TSR modifier, payouts can range from 0% to 250%.
- ▶ Beginning with the PSUs granted in 2018, we removed the one-year holding period after certification of performance, consistent with market practice.

Performance Share Units: Relative Total Shareowner Return Modifier and Status of Programs

Relative TSR Modifier

- ▶ PSU awards for executives include a TSR modifier to further link awards to shareowner value creation.
- ▶ The number of shares earned from PSU awards will be reduced or increased if total shareowner return over the three-year performance period relative to our compensation comparator group (see **page 60**) falls outside of a defined range. Specifically, after the performance results are certified, the award will be modified up or down as follows:

If total shareowner return over the three-year performance period is:	Then:
At or above the 75 th percentile of the comparator group	⬆ The award will be increased 25%
At or above the 25 th and below the 75 th percentile of our comparator group	↔ No change to the award
Below the 25 th percentile of our comparator group	⬇ The award will be decreased 25%

³ Economic profit is net operating profit after tax less the cost of capital used in the business. The calculation of economic profit growth for the 2015-2017 and 2016-2018 periods was adjusted, and the 2017-2019 period will be adjusted, to exclude items impacting comparability and to exclude acquisitions, divestitures and structural items that are significant to the Company as a whole, including the refranchising of bottling territories in North America. For all periods, economic profit growth is calculated on a currency neutral basis. In addition, economic profit growth for the 2016-2018 period was adjusted, and the 2017-2019 period will be adjusted, for the impact of adoption of ASC 606.

⁴ The 2015-2017 PSU program provides for net operating revenue growth to be based on three one-year comparable currency neutral net operating revenue growth targets tied to total Company or group/business unit results, as applicable. The net operating revenue growth target for the 2015-2017 PSU program included in the table above is the one-year 2017 total Company target. The 2016-2018, 2017-2019 and 2018-2020 PSU programs provide for comparable currency neutral net operating revenue growth to be based on a three-year compound

annual growth target tied to total Company results. This measure differs from net operating revenue growth reported under GAAP, primarily due to the impact of currency and items impacting comparability. The calculation of comparable currency neutral net operating revenue growth for the 2015-2017 and 2016-2018 periods was adjusted, and the 2017-2019 and 2018-2020 periods will be adjusted, to exclude acquisitions, divestitures and structural items that are significant to the Company as a whole, including the refranchising of bottling territories in North America. In addition, net operating revenue growth for the 2016-2018 period was adjusted, and the 2017-2019 and 2018-2020 periods will be adjusted, for the impact of adoption of ASC 606.

- 5 The 2018-2020 PSU program provides for comparable currency neutral earnings per share growth to be based on a three-year compound annual growth target tied to total Company results. This measure differs from earnings per share reported under GAAP, primarily due to the impact of currency and items impacting comparability. The calculation of comparable currency neutral earnings per share growth for the 2018-2020 period will be adjusted to exclude acquisitions, divestitures and structural items that are significant to the Company as a whole, including the refranchising of bottling territories in North America. In addition, earnings per share for the 2018-2020 period will be adjusted for the impact of adoption of ASC 606.
- 6 The 2018-2020 PSU program provides for free cash flow to be based on a cumulative three-year absolute target amount tied to total Company results. Free cash flow is a non-GAAP financial measure that represents net cash provided by operating activities less purchases of property, plant and equipment. The net income component of net cash provided by operating activities will be adjusted for the impact of currency. Free cash flow will also be adjusted for certain cash payments for pension plan contributions and acquisitions, divestitures and structural items that are significant to the Company as a whole.

OTHER LONG-TERM INCENTIVE AWARDS

The vast majority of equity awards are made as part of the annual long-term incentive grants in February of each year. During the year, a limited number of additional equity awards may be granted, either as time-based restricted stock units or performance-based awards.

From time to time, we establish additional performance-based programs related to specific performance goals to motivate and reward for specific initiatives. No Named Executive Officer received such awards in 2018.

EQUITY STEWARDSHIP GUIDELINES AND SCORECARD

We have adopted Equity Stewardship Guidelines, which specify how we will use long-term equity compensation with respect to the global employee population. The Equity Stewardship Guidelines can be viewed on the Company's website at www.coca-colacompany.com/equity-stewardship-guidelines.

Primary features of the Equity Stewardship Guidelines include:

- ▶ A burn rate commitment of 0.4% or less, which makes availability of shares used for equity awards more certain
- ▶ Increased transparency by providing an Equity Scorecard
- ▶ Commitment to continue share repurchases with 100% of proceeds from the exercise of stock options as needed to reduce potential dilution

The Equity Scorecard below provides information for 2018:

- ▶ The annual equity awards represent the vast majority of equity awards granted during the year.
- ▶ Total overhang includes outstanding awards granted under plans ("Prior Plans") in place prior to adoption of The Coca-Cola Company 2014 Equity Plan, as amended (the "2014 Equity Plan"). Awards from Prior Plans that expire or are forfeited will not be issued or available for future issuance. Total overhang will decline each year as equity awards are exercised or realized, and as awards from Prior Plans expire or are forfeited.
- ▶ In the Equity Scorecard, actual dilution is how much the equity issued to employees reduces the value of existing shares. Actual dilution is expected to continue to be less than 1% per year going forward, because 100% of the proceeds received from employee stock option exercises are used to repurchase shares and our burn rate is below 1%.

EQUITY SCORECARD

	Description	2018		
Burn Rate Commitment	Maximum average burn rate of 0.4% for the 2014 Equity Plan.	0.40%		
Actual Burn Rate	The total number of shares underlying equity awards granted in the year, as a percentage of Common Stock outstanding.	0.27%		
Overhang	The total number of shares underlying equity awards already granted plus those available for future grants, as a percentage of Common Stock outstanding.			
	With Equity Stewardship Guidelines ¹	Prior Plans	2014 Equity Plan	Total
		2.43%	4.69%	7.12%
Actual Dilution	A measure of how much the equity issued to employees reduces the value of existing shares. ²	0.45%		

¹ With the burn rate commitment, over the 2014 Equity Plan's ten-year term, the maximum number of shares estimated to be used is 200 million (based on Common Stock outstanding decreasing by 1% each year).

² Calculated by dividing the number of net shares issued to employees during the year by the average number of shares of Common Stock outstanding. The number of net shares issued represents the difference between the total number of shares issued and the number of shares repurchased solely using proceeds from employee stock option exercises. Does not include additional share repurchases which further mitigate dilution.

PERQUISITES AND OTHER PERSONAL BENEFITS

We provide a limited number of perquisites and other personal benefits to our Named Executive Officers. The table below summarizes and provides the business rationale for each of the perquisites and other personal benefits provided to the Named Executive Officers in fiscal year 2018. The Compensation Committee reviews and carefully considers the reasonableness of and rationale for providing these perquisites and believes these perquisites are consistent with market practice.

For more information about these perquisites and other personal benefits, and their values, see the discussion beginning on **page 71**.

Category	Business Rationale
Aircraft Usage	▶ To allow travel time of our Chief Executive Officer and Chairman to be used productively for the Company, for security purposes due to the high profile and global nature of our business and our highly symbolic and well-recognized brands, as well as to ensure availability to respond to business priorities from any location around the world.
Car and Driver	▶ Provided where necessary for security and/or productivity reasons.
Security	▶ To protect our employees given the global visibility of our brands and the extensive locations where we operate.
International Service Program	▶ To promote global mobility and development opportunities for individuals working outside their home country.
Financial and Tax Planning	▶ To address the complex tax and financial situations of a significant percentage of our senior executives with dual nationalities or work histories in a number of countries. Assists in compliance with local country laws.
Other	▶ Executive physicals are made available to set the example for active healthy living.

HOW WE MAKE COMPENSATION DECISIONS

SHAREOWNER ENGAGEMENT AND RESULTS OF 2018 ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Company has a long-standing shareowner outreach program and routinely interacts with shareowners on a number of matters, including executive compensation (see **page 33**). For instance, as part of our comprehensive review of the Company's compensation programs, we listened to shareowners regarding the level of discretion that was exercised in the executive annual incentive plan in past years and developed scorecards for our most senior executives that identify the categories on which they will be assessed for the 2018 performance year and thereafter. We also engaged with and solicited feedback from shareowners on the other key changes we were making to our executive compensation programs.

- ▶ At the 2018 Annual Meeting of Shareowners, approximately 96% of the votes cast were in favor of the advisory vote to approve executive compensation. The Company took into account these results as well as feedback received from shareowners during engagement sessions when making the decisions described in this Compensation Discussion and Analysis.
- ▶ At the 2019 Annual Meeting, we are again holding an advisory vote to approve executive compensation (see **page 46**) and will continue to consider the results of the advisory vote when making future compensation decisions.

DECISION-MAKING PROCESS AND ROLE OF EXECUTIVE OFFICERS

ROLE OF THE COMPENSATION COMMITTEE

The Compensation Committee reviews and discusses the Board's evaluation of the Chairman and the Chief Executive Officer and makes preliminary determinations about their base salary, annual incentive and long-term equity compensation. The Compensation Committee then discusses the compensation recommendations with the full Board, and the Compensation Committee approves final compensation decisions after this discussion.

ROLE OF THE CEO

For other Named Executive Officers, the Chief Executive Officer considers performance and makes individual recommendations to the Compensation Committee on base salary, annual incentive and long-term equity compensation. The Compensation Committee reviews, discusses, modifies and approves, as appropriate, these compensation recommendations.

COMPENSATION COMMITTEE RESOURCES AND TOOLS

The Compensation Committee uses several resources and tools, including competitive market information and "tally sheets," which quantify each of the compensation elements as well as accumulated outstanding long-term equity awards and deferred compensation.

COMPENSATION COMPARATOR GROUP

We use a comparator group of companies when making certain compensation decisions. The comparator group is used as a reference point, but compensation paid at other companies is not the only factor in the decision-making process. As noted above, our employees operate in the much larger Coca-Cola system but, when comparing size with comparator companies, we utilize only the net operating revenue and market capitalization of The Coca-Cola Company. In 2018, the Compensation Committee reviewed the companies that comprise the compensation comparator group and determined no changes to the group were necessary for 2018.

The table below shows our criteria on how the comparator group was chosen and how it is used.

How the Comparator Group Was Chosen	How We Use the Comparator Group*	2018 Comparator Group
<ul style="list-style-type: none"> ▶ Comparable size based on net operating revenue and market capitalization ▶ Major global presence with sales and operations outside of the U.S. ▶ Large consumer products business ▶ Market-leading brands or category positions as defined by Interbrand ▶ Financially strong companies ▶ Available compensation data 	<ul style="list-style-type: none"> ▶ As an input in developing base salary ranges, annual incentive targets and long-term incentive award ranges ▶ To evaluate share utilization by reviewing overhang levels and annual run rate ▶ To benchmark the form and mix of equity awarded to employees ▶ To benchmark share ownership guidelines ▶ To assess the competitiveness of total direct compensation awarded to senior executives ▶ To assess talent and recruitment practices ▶ To compare Company performance and validate whether executive compensation programs are aligned with Company performance ▶ As an input in designing compensation plans, benefits and perquisites 	AT&T Inc. Colgate-Palmolive Company Danone S.A. General Mills, Inc. International Business Machines Corporation Johnson & Johnson Kimberly-Clark Corporation McDonald's Corporation Mondelēz International, Inc. Nestlé S.A. NIKE, Inc. PepsiCo, Inc. Philip Morris International Inc. Pfizer, Inc. The Procter & Gamble Company Unilever PLC Wal-Mart Stores, Inc.

* Since some of the comparator group companies are not U.S.-based, a subgroup of the companies may be used for some of these purposes when data is not publicly available for the foreign companies.

ROLE OF THE COMPENSATION CONSULTANT

COMPENSATION CONSULTANT INDEPENDENCE:

The Compensation Committee is authorized by its charter to employ independent compensation consultants and other advisors. In 2018, the Compensation Committee engaged Meridian Compensation Partners, LLC ("Meridian") to serve as its independent consultant. Meridian reports directly to the Compensation Committee.

In accordance with the Compensation Committee's Independent Compensation Consultant Policy, prior to the retention of a compensation consultant (or any other external advisor), and annually thereafter, the Compensation Committee assesses the independence of the compensation consultant. Under the Independent Compensation Consultant Policy, a consultant is considered independent if:

- ▶ The individual consultant and any consulting firm or organization that employs the consultant is independent of the Company;
- ▶ The individual consultant does not provide services or products of any kind to the Company or its affiliates or to their management, other than in its capacity as the Compensation Committee's advisor; and
- ▶ The consulting firm may not provide any other services to the Company without the prior written consent of the Compensation Committee Chair.

The Compensation Committee assessed Meridian's independence under the Independent Compensation Consultant Policy, including considering the following factors specified in the NYSE listing standards: (i) the provision of other services by the consulting firm to the Company; (ii) the amount of fees paid as a percentage of the total revenue of the consulting firm; (iii) the policies and procedures of the consulting firm that are designed to prevent conflicts of interest; (iv) any business or personal relationship of the consultant with a member of the Compensation Committee; (v) any stock of the Company owned by the consultant; and (vi) any business or personal relationship of the consultant or consulting firm with an executive officer of the Company. Meridian provided the Compensation Committee with confirmation of its independent status under the Independent Compensation Consultant Policy. Based on this evaluation, the Compensation Committee has determined that Meridian met the criteria for independence.

COMPENSATION CONSULTANT DUTIES:

- ▶ Attends all meetings of the Compensation Committee, including executive sessions without management present
- ▶ Reviews the Company's executive compensation strategy and programs to ensure appropriateness and market-competitiveness
- ▶ Provides research, data analyses, survey information and design expertise in developing compensation programs for executives and incentive programs for eligible employees
- ▶ Regularly updates the Compensation Committee on market trends, changing practices, and legislation pertaining to executive compensation and benefits
- ▶ Advises the Compensation Committee on the appropriate comparator group for compensation and benefits

RISK CONSIDERATIONS

- ▶ The Compensation Committee reviews the risks and rewards associated with the Company's compensation programs. The programs are designed with features that the Compensation Committee believes mitigate risk without diminishing the incentive nature of the compensation. Our compensation programs encourage and reward prudent business judgment and appropriate risk taking over the short term and the long term.
- ▶ The Company's incentive compensation programs contain appropriate risk mitigation factors, including award caps, multiple performance metrics, clawback features, and ranges of awards. In addition, the share ownership and retention guidelines also mitigate risk.
- ▶ In 2018, the Company conducted, and the Compensation Committee reviewed, a global risk assessment. The risk assessment included conducting a global inventory of incentive plans and programs and considered factors such as the plan metrics, number of participants, maximum payments and risk mitigation factors. Management and the Compensation Committee do not believe any of the Company's compensation programs create risks that are reasonably likely to have a material adverse impact on the Company.

2018 COMPENSATION DECISIONS FOR NAMED EXECUTIVE OFFICERS

COMPENSATION COMMITTEE INSIGHTS

We, the Compensation Committee, are accountable for ensuring that the decisions made about executive compensation are in the best long-term interests of our shareowners. We achieve this through adherence to our compensation philosophy and core principles, and by carefully considering feedback received from shareowners to continually enhance our compensation programs.

The preceding pages of this Compensation Discussion and Analysis describe the changes we made to our compensation programs in 2018 and the steps we took in establishing the 2018 compensation of our Named Executive Officers. Our compensation programs are consistent with our business strategy, effectively link pay and performance, and align executive officers' and shareowners' interests.

We discussed the compensation recommendations with the full Board and we approved the following final compensation decisions for each of the Named Executive Officers. The titles below reflect the position the Named Executive Officer held during 2018.

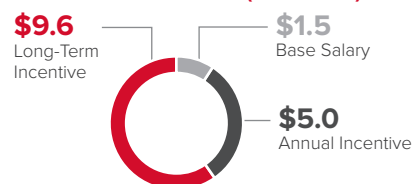

James Quincey
President and
Chief Executive Officer*

KEY RESPONSIBILITIES

In Mr. Quincey's role as President and Chief Executive Officer for 2018, he was responsible for providing overall vision and strategy for the Company. He oversaw the operations in over 200 countries and territories and provided franchise leadership for approximately 225 bottlers.

- ▶ Appointed new marketing leadership for all business units in EMEA.

* Effective January 1, 2019, Mr. Smith was elected President and Chief Operating Officer.

ADDITIONAL COMPENSATION INFORMATION**SHARE OWNERSHIP GUIDELINES**

- ▶ Share ownership guidelines align the executives' long-term financial interests with those of shareowners.
- ▶ All Named Executive Officers are in compliance with the share ownership guidelines.
- ▶ The ownership guidelines, which cover approximately 60 executives, are as follows:

Role	Value of Common Stock to be Owned*
Chairman	8 times base salary
Chief Executive Officer	8 times base salary
Chief Operating Officer and operating business presidents	5 times base salary
Executive vice presidents and group presidents	4 times base salary
Other senior executives	2 times base salary
Business unit presidents below senior executive level	1 times base salary

* Shares are valued based on the average closing price of Common Stock for the prior one-year period.

- ▶ Stock options do not count toward the ownership guidelines, and PSUs count only after the performance criteria have been met.
- ▶ To ensure compliance with the guidelines, the Compensation Committee may direct that up to 50% of the annual cash incentive be withheld if an executive is not compliant. The Compensation Committee also may mandate the retention of 100% of net shares, after settlement of taxes and transaction fees, acquired pursuant to equity awards granted on or after January 1, 2009.

SHARE RETENTION POLICY

- ▶ To ensure that our executive officers exhibit a strong commitment to Company stock, we have adopted a Share Retention Policy. Our Share Retention Policy applies in addition to the share ownership guidelines described above.
- ▶ For equity awards granted between February 2013 and October 2017, executive officers are required to retain 50% of the shares (after paying taxes) obtained from option exercises or from the release of performance shares or restricted stock awards until the earlier of one year after exercise/release of shares or separation from the Company.
- ▶ For equity awards granted starting in October 2017, executive officers who have not yet met their stock ownership objective must retain 50% of the shares (after paying taxes) obtained from option exercises or from the release of performance shares or restricted stock awards until the earlier of the date on which the stock ownership objective is met or separation from the Company.
- ▶ Limited exceptions apply for donations of stock to charities, educational institutions or family foundations and for sales or divisions of property in the case of divorce, disability or death. The Compensation Committee is authorized to grant waivers in exceptional circumstances.

CLAWBACKS

- ▶ The Company's short-term and long-term performance compensation, including equity compensation, is subject to recoupment, or "clawback," in certain circumstances. These clawback provisions apply while an individual is employed and, if an employee separates from employment, the later of one year from separation and payment of the applicable compensation.
- ▶ In addition to any clawbacks required by law, regulation or applicable listing standards, the clawback provisions allow the Company to recoup payments if an employee or former employee engages in certain prohibited activities, which include violation of any Company policy, including the Company's Code of Business Conduct, disclosing confidential information or trade secrets, accepting employment with competitors or soliciting Company employees.

RETIREMENT AND BENEFIT PLANS

- ▶ Named Executive Officers participate in the same retirement and benefit plans as the broader population of non-union employees, as applicable. These plans provide for basic retirement needs and serve as a safety net to protect against the financial catastrophes that can result from illness, disability or death.
- ▶ Retirement plans generally include pension plans, retirement savings plans and deferred compensation plans. There are no special or enhanced pension formulas for the Named Executive Officers. See the 2018 Pension Benefits table on **page 78** for the value of accumulated pension benefits for the Named Executive Officers.
- ▶ Benefit plans generally include medical, dental and disability plans.

CHANGE IN CONTROL

- ▶ The Company has change in control provisions in its annual Performance Incentive Plan, its equity plans and some of its retirement plans in which the Named Executive Officers participate. As described beginning on **page 80**, equity plans include "double-trigger" change in control provisions.
- ▶ Change in control provisions apply equally to all plan participants. We have no special change in control agreements or arrangements with any of the Named Executive Officers and we do not provide a tax gross-up for any change in control situation.
- ▶ The change in control provisions are intended to address the concern that, in the event the Company is considering a change in control transaction, the employees involved in considering the transaction might otherwise be motivated to act in their own interests rather than the interests of the shareowners.
- ▶ For a more detailed discussion of change in control provisions, see the Payments on Termination or Change in Control section beginning on **page 80**.

TAX AND ACCOUNTING IMPLICATIONS OF COMPENSATION

- ▶ Section 162(m) of the Tax Code limits the deductibility of certain compensation to \$1 million per year for certain executive officers employed at year-end. While the Compensation Committee considers tax and accounting implications as factors when considering executive compensation, they are not the only factors considered. Other important considerations outweigh tax or accounting considerations. In addition, the Compensation Committee reserves the right to establish compensation arrangements that may not be fully tax deductible under applicable tax laws.
- ▶ The Company's annual and long-term incentive plans were structured with the intent of being exempt from the deduction limitation of Section 162(m) by enabling the Compensation Committee to grant compensation that constitutes "qualified performance-based compensation" under Section 162(m) of the Tax Code, if the Compensation Committee determined to do so.
- ▶ The exemption from Section 162(m)'s deduction limit for performance-based compensation has been repealed, effective for tax years beginning after December 31, 2017, such that compensation paid to our covered executive officers in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017.
- ▶ Despite the Compensation Committee's efforts before November 2, 2017 to structure the Company's annual and long-term incentive plans in a manner intended to be exempt from Section 162(m) and therefore not subject to its deduction limits, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including the uncertain scope of the transition relief under the legislation, no assurance can be given that compensation intended to satisfy the requirements for exemption from Section 162(m) in fact will be deductible under the legislation's grandfather rules.
- ▶ Generally under GAAP, compensation is expensed as earned. Equity compensation is expensed in accordance with ASC Topic 718, which is generally over the vesting period.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into the Form 10-K.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee is comprised entirely of the four independent Directors listed above. No member of the Compensation Committee is a current, or during 2018 was a former, officer or employee of the Company or any of its subsidiaries. During 2018, no member of the Compensation Committee had a relationship that must be described under the SEC rules relating to disclosure of Related Person Transactions. In 2018, none of our executive officers served on the board of directors or compensation committee of any entity that had one or more of its executive officers serving on the Board or the Compensation Committee of the Company.

COMPENSATION TABLES

The following tables, narrative and footnotes discuss the compensation of our Named Executive Officers.

¹ Principal position reflects position held as of December 31, 2018.

² In order to show the effect that the year-over-year change in pension value had on total compensation, as determined under applicable SEC rules, we have included an additional column to show total compensation minus the change in pension value. The amounts reported in the Total Without Change in Pension Value column may differ substantially from the amounts reported in the Total column required under SEC rules and are not a substitute for total compensation. Total Without Change in Pension Value represents total compensation, as determined under applicable SEC rules, minus the change in pension value reported in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column (but including the nonqualified deferred compensation earnings reported in that column, if any). The change in pension value is subject to many external variables, such as interest rates, that are not related to Company performance. Therefore, we do not believe a year-over-year change in pension value is helpful in evaluating compensation for comparative purposes and instead, believe shareowners may find the accumulated pension benefits in the 2018 Pension Benefits table on [page 78](#) a more useful calculation of the pension benefits provided to the Named Executive Officers.

³ Mr. Quincey served as President through December 31, 2018.

⁴ Ms. Waller transitioned her responsibilities as President, Enabling Services effective January 1, 2019. Ms. Waller is retiring from the Company on March 15, 2019.

⁵ Mr. Kent will be resigning from his role as Chairman of the Board following the 2019 Annual Meeting and will retire from the Company on April 30, 2019.

⁶ Effective January 1, 2019, Mr. Murphy was elected Senior Vice President and Deputy Chief Financial Officer. Mr. Murphy will assume the role of Executive Vice President and Chief Financial Officer, effective March 16, 2019. Compensation for Mr. Murphy is only provided for 2018 because he was not a Named Executive Officer for 2017 or 2016.

⁷ Effective January 1, 2019, Mr. Smith was elected President and Chief Operating Officer. Compensation for Mr. Smith is provided only for 2018 and 2017 because he was not a Named Executive Officer for 2016.

SALARY (COLUMN (c))

The amount in the Salary column represents the base salary earned by each of the Named Executive Officers in the applicable year.

STOCK AWARDS (COLUMN (e))

The amount in the Stock Awards column is the grant date fair value of stock awards determined pursuant to ASC Topic 718. For 2018, all the stock awards reported in the Stock Awards column are PSUs granted under the 2014 Equity Plan, which pay in stock if predetermined performance metrics are met over a three-year period.

If a PSU's minimum performance measure is not met, no award is earned. For grants made in 2018, if at least the minimum

performance measure is attained, awards range from 50% to 200% of the target number of shares. In addition, the PSUs are subject to a relative TSR modifier. The relative TSR modifier will reduce or increase the amount of shares earned by 25% if TSR over the three-year performance period relative to our compensation comparator group falls outside of a defined range. See [page 56](#) for more information about the relative TSR modifier.

The amounts for 2018 in the Summary Compensation Table above reflect the value of the annual PSU grants at the target (or 100%) level. The table below provides the potential value of the 2018 annual PSU grants at the threshold, target and maximum levels. The metrics, targets and status of the outstanding PSU programs are described beginning on [page 57](#).

Name	2018-2020 Performance Share Units Granted 02/15/2018		
	Value at Threshold Level (50%) ¹	Value at Target (100%) (Reported in Column (e) Above) ¹	Value at Maximum Level (200%) ¹
Mr. Quincey	\$3,717,144	\$7,434,329	\$14,868,659
Ms. Waller	1,263,815	2,527,671	5,055,342
Mr. Kent	1,784,251	3,568,502	7,137,003
Mr. Murphy	1,275,738	2,551,476	5,102,951
Mr. Smith	1,079,445	2,158,931	4,317,863

¹ Pursuant to the relative TSR modifier on PSU awards, the amount of shares earned will be reduced or increased by 25% if TSR over the three-year performance period relative to our compensation comparator group (see [page 60](#)) falls outside of a defined range.

The assumptions used by the Company in calculating these amounts are incorporated herein by reference to Note 13 to the Company's consolidated financial statements in the Form 10-K. To see the value actually received upon vesting of stock by the Named Executive Officers in 2018, refer to the 2018 Option Exercises and Stock Vested table on [page 76](#). Additional information on all outstanding stock awards is reflected in the 2018 Outstanding Equity Awards at Fiscal Year-End table beginning on [page 75](#).

OPTION AWARDS (COLUMN (f))

The amounts reported in the Option Awards column represent the grant date fair value of stock option awards granted under the 2014 Equity Plan to each of the Named Executive Officers, calculated in accordance with ASC Topic 718.

The assumptions used by the Company in calculating these amounts are incorporated herein by reference to Note 13 to the Company's consolidated financial statements in the Form 10-K. To see the value actually received upon exercise of options by the Named Executive Officers in 2018, refer to the 2018 Option Exercises and Stock Vested table on [page 76](#). Additional information on all outstanding option awards is reflected in the 2018 Outstanding Equity Awards at Fiscal Year-End table beginning on [page 75](#).

**NON-EQUITY INCENTIVE PLAN
COMPENSATION (COLUMN (g))**

The amounts reported in the Non-Equity Incentive Plan Compensation column reflect the amounts earned by each Named Executive Officer under the Company's annual Performance Incentive Plan. The Annual Incentive Compensation section of the Compensation Discussion and Analysis, which begins on [page 53](#), describes how the 2018 Performance Incentive Plan awards to the Named Executive Officers were determined.

**CHANGE IN PENSION VALUE AND
NONQUALIFIED DEFERRED COMPENSATION
EARNINGS (COLUMN (h))**

The amounts reported for each year in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column are comprised of changes in the actuarial present value of the accumulated pension benefits of each of the Named Executive Officers under the applicable pension plan during such year.

Pension values may fluctuate significantly from year to year depending on a number of factors, including age, years of service, average annual earnings and the assumptions used to determine the present value, such as the discount rate. The assumptions used by the Company in calculating the

change in pension value are described on [page 78](#). For 2018, the discount rate assumption used to determine the actuarial present value of accumulated pension benefits was higher than in 2017. For Ms. Waller, \$0 is reported for 2018 because there was a decrease of \$113,124 in the present value of her pension benefit. This decrease was primarily due to the increase in the discount rate assumption.

The Company cautions that the values reported in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column are theoretical as those amounts are calculated pursuant to SEC requirements and are based on assumptions used in preparing the Company's audited financial statements for the applicable fiscal years. The Company's retirement plans utilize a different method of calculating actuarial present value for the purpose of determining a lump sum payment, if any. The change in pension value from year to year as reported in the table is subject to market volatility and may not represent the value that a Named Executive Officer will actually accrue or receive under the Company's retirement plans during any given year.

None of the Named Executive Officers received above-market or preferential earnings (as these terms are defined by the SEC) on their nonqualified deferred compensation accounts.

The material provisions of the Company's retirement plans and deferred compensation plans in which the Named Executive Officers participate are described in the Summary of Plans in [Annex B](#) beginning on [page 106](#).

ALL OTHER COMPENSATION (COLUMN (i))

The amounts reported in the All Other Compensation column reflect, for each Named Executive Officer, the sum of (i) the incremental cost to the Company of all perquisites and other personal benefits; (ii) the amount of any tax reimbursements; (iii) the amounts contributed by the Company to applicable Company 401(k) and savings plans; and (iv) the dollar value of life insurance premiums paid by the Company. Amounts contributed to Company 401(k) and savings plans are calculated on the same basis for all participants in the relevant plan, including the Named Executive Officers. The material provisions of the Company 401(k) and savings plans in which the Named Executive Officers participate are described in the Summary of Plans in [Annex B](#) beginning on [page 106](#).

The following table outlines those perquisites and other personal benefits and additional all other compensation required by SEC rules to be separately quantified for 2018. A dash indicates that the Named Executive Officer received the perquisite or personal benefit but the amount was not required to be disclosed under SEC rules. The narrative following the table describes all categories of perquisites and other personal benefits provided by the Company in 2018.

Name	Perquisites and Other Personal Benefits						Additional All Other Compensation

AIRCRAFT USAGE

The Company owns and operates business aircraft to allow employees to safely and efficiently travel for business purposes around the world. Given the Company's significant global presence, we believe it is a business imperative for senior leaders to be on the ground at our global operations. The Company aircraft allow employees to be far more productive than if commercial flights were utilized, as the aircraft provide a confidential and highly productive environment in which to conduct business without the schedule constraints imposed by commercial airline service.

The Company aircraft are made available to the Named Executive Officers for their personal use in the following situations:

- ▶ The Company aircraft is the Board's strongly preferred method for all travel by Mr. Quincey, for both business and personal travel. This is for security purposes due to the high profile and global nature of our business and our highly symbolic and well-recognized brands, as well as to ensure that he can be immediately available to respond to business priorities from any location around the world. This arrangement also allows travel time to be used productively for the Company. Mr. Quincey and his immediate family traveling with him use the Company aircraft for a reasonable number of personal trips. Personal

use of the Company aircraft results in imputed taxable income. Mr. Quincey is not provided a tax reimbursement for personal use of aircraft.

- ▶ For the same reasons as Mr. Quincey, personal use of the Company aircraft is permitted for Mr. Kent as Chairman of the Board. Beginning with travel occurring after May 1, 2017, following Mr. Quincey's succession to Chief Executive Officer, Mr. Kent reimburses the Company for eligible routine personal travel, as permitted by Federal Aviation Administration regulations. The amount shown in the table above for Mr. Kent reflects the Company's incremental cost of personal use of the Company aircraft, reduced by the amounts reimbursed by Mr. Kent. Mr. Kent is not provided a tax reimbursement for personal use of aircraft.
- ▶ No other Named Executive Officer uses the Company aircraft for personal purposes except in extraordinary circumstances. The Company aircraft was not used for personal travel by Named Executive Officers in 2018, other than Messrs. Quincey and Kent.
- ▶ Infrequently, spouses and guests of Named Executive Officers travel on the Company aircraft when the aircraft is already going to a specific destination for a business purpose. This use has minimal cost to the Company and, where applicable, a nominal amount is included in the All Other Compensation table above. Income is imputed to the Named Executive Officer for income tax purposes, but no tax reimbursement is provided since such persons are not traveling for a business purpose.
- ▶ In determining the incremental cost to the Company of personal use of the Company aircraft, the Company calculates, for each aircraft, the direct variable operating costs on an hourly basis, including all costs that may vary by the hours flown. Items included in calculating this cost are as follows:
 - ▶ aircraft fuel and oil;
 - ▶ travel, lodging and other expenses for crew;
 - ▶ prorated amount of repairs and maintenance;
 - ▶ prorated amount of rental fee on airplane hangar (when away from home base);
 - ▶ catering;
 - ▶ logistics (landing fees, permits, etc.);
 - ▶ telecommunication expenses and other supplies; and
 - ▶ the amount, if any, of disallowed tax deductions associated with such use.

When the aircraft is already flying to a destination for business purposes, only the direct variable costs associated with the additional passenger (for example, catering) are included in determining the aggregate incremental cost to the Company. While it happens very rarely, if an aircraft travels empty before picking up or after dropping off a passenger flying for personal reasons, this "deadhead" segment would be included in the incremental cost attributable to overall travel.

CAR AND DRIVER

Mr. Kent is provided with a car and driver in the U.S. both for security purposes and to maximize his efficiency during business hours. When not being utilized by Mr. Kent, the car and driver are used for other Company business. However, the Company has included the entire cost of the car and driver, including all salary, benefits and related employment costs. A car and driver are also made available to Mr. Kent in Turkey for security purposes. No other Named Executive Officer is provided with a car or driver.

SECURITY

The Company provides a security program for Mr. Kent. This includes monitoring equipment at his homes and Company-paid security personnel. No other Named Executive Officer is provided with Company-paid security, except where necessary when traveling overseas.

INTERNATIONAL SERVICE PROGRAM BENEFITS

The Company provides benefits to globally mobile associates under various international service programs, the material provisions of which are described on [page 108](#). These programs are designed to relocate and support employees who are sent on an assignment outside of their home country. The purpose of the programs is to make sure that when the Company requests that an employee move outside his or her home country, economic considerations do not play a role. This helps the Company quickly meet its business needs around the world and develop its employees.

In connection with Mr. Quincey's appointment as President and Chief Operating Officer and to support his transition to Atlanta from the UK, Mr. Quincey received benefits under an international service program through April 30, 2017. Certain benefits related to his participation in the program were paid in 2018 and may be paid in future years.

Mr. Murphy participated in an international service program for all of 2018 because he was a citizen of Ireland based in Singapore. Mr. Murphy relocated to the U.S. in January 2019 and will remain in the program through 2020. Benefits related to his participation in the program were paid in 2018 and will continue to be paid in future years.

Mr. Smith participated in an international service program through July 31, 2016 because he was a U.S. citizen based in Mexico. Currently, Mr. Smith is based in the U.S. and therefore no longer participates in the program. However, certain benefits related to his participation in the program were paid in 2018 and may be paid in future years.

The costs to the Company in 2018 were as follows:

Name	Relocation	Home Leave	Housing Allowance	Cost of Living Allowance	Tax Equalization ¹	Other Program Allowances
Mr. Quincey	\$0	\$0	\$0	\$0	\$9,149	\$0
Mr. Murphy	4,974	35,055	235,926	42,051	0	102,973
Mr. Smith	0	0	0	0	9,149	0

¹ The tax equalization amount, which includes tax preparation services, may differ significantly from year to year due to differences in timing of payments and tax reporting years in various countries. For Mr. Murphy, these payments did not result in a net reportable benefit in 2018.

FINANCIAL AND TAX PLANNING

The Company provides a taxable reimbursement to the Named Executive Officers for financial planning services, which may include tax preparation and estate planning services. No tax gross-ups are provided to the Named Executive Officers for this benefit.

OTHER PERQUISITES

The Company makes available executive physicals to executives, including the Named Executive Officers.

ADDITIONAL ALL OTHER COMPENSATION Tax Reimbursement

The amounts reported in the table on [page 71](#) represent tax reimbursements for certain Named Executive Officers. All amounts for 2018 are related to business use of the Company aircraft. No Named Executive Officer is provided a tax reimbursement for personal use of aircraft, but Named Executive Officers are provided a tax reimbursement for taxes incurred when a spouse or significant other travels for business purposes. These taxes are incurred because of the Internal Revenue Service's extremely limited rules concerning business travel by non-employees. It is sometimes necessary for spouses or significant others to accompany Named Executive Officers to business functions. In contrast to personal use, the Company does not believe an employee should pay personally when spousal or significant other travel is required or important for business purposes.

To calculate taxable income, the Standard Industry Fare Level rates set by the Internal Revenue Service are used. Where a tax reimbursement is authorized, it is calculated using the highest marginal federal tax rate, applicable state rate and Medicare rates. The rate used to calculate taxable income has no relationship to the incremental cost to the Company associated with the use of the aircraft.

Company Contributions to Company 401(k) and Savings Plans

The Company makes matching contributions to Named Executive Officers who participate in applicable Company 401(k) or savings plans on the same terms and using the same formulas as other participating employees. In 2018, all Named Executive Officers except for Mr. Murphy participated in the Company 401(k) Plan and Supplemental 401(k) Plan.

The amounts reported in the table on [page 71](#) represent the following contributions in 2018:

- ▶ Mr. Quincey – \$9,625 to the 401(k) Plan and \$124,022 to the Supplemental 401(k) Plan.
- ▶ Ms. Waller – \$9,625 to the 401(k) Plan and \$53,594 to the Supplemental 401(k) Plan.
- ▶ Mr. Kent – \$9,625 to the 401(k) Plan and \$88,375 to the Supplemental 401(k) Plan.
- ▶ Mr. Smith – \$9,625 to the 401(k) Plan and \$38,719 to the Supplemental 401(k) Plan.

In 2018, Mr. Murphy participated in the Mobile Employees Retirement Plan, which is included in the 2018 Pension Benefits table on [page 78](#).

Life Insurance Premiums

The Company provides life insurance to U.S.-based employees, including the Named Executive Officers. In 2018, this coverage was equal to the lesser of 1.5 times pay or \$2 million. The amounts reported in the table on [page 71](#) represent the premiums paid for this insurance by the Company.

ESTIMATED FUTURE PAYOUTS UNDER NON-EQUITY INCENTIVE PLAN AWARDS (ANNUAL INCENTIVE) (COLUMNS (c), (d) AND (e))

The amounts represent the possible awards under the annual Performance Incentive Plan as described beginning on [page 53](#). Actual payments under these awards were determined in February 2019, will be paid in March 2019 and are included in the Non-Equity Incentive Plan Compensation column (column (g)) of the 2018 Summary Compensation Table.

ESTIMATED FUTURE PAYOUTS UNDER EQUITY INCENTIVE PLAN AWARDS (PSUs) (COLUMNS (f), (g) AND (h))

The awards represent PSUs granted in February 2018. The performance period for the awards is from January 1, 2018 to December 31, 2020. The awards are subject to a relative TSR modifier. The grant date fair value is included in the Stock Awards column (column (e)) of the 2018 Summary Compensation Table. For additional details of the PSU awards granted in 2018, see the discussion beginning on [page 55](#).

ALL OTHER OPTION AWARDS AND EXERCISE PRICE OF OPTION AWARDS (STOCK OPTIONS) (COLUMNS (j) AND (k))

The awards represent stock options granted in February 2018. These options have a term of ten years from the grant date and vest 25% on the first, second, third and fourth anniversaries of the grant date. The exercise price of stock options is the average of the high and low price of Common Stock on the grant date.

¹ In May 2017, Mr. Quincey stopped participating in an international service program and localized to the U.S. As a result, Mr. Quincey began participating again in the TCCC Pension Plan and TCCC Supplemental Pension Plan, and stopped accruing benefits in the Mobile Plan.

² For each person, the same years of service apply to both the TCCC Pension Plan and the TCCC Supplemental Pension Plan, which work in tandem.

The Company provides retirement benefits from various plans to its employees, including the Named Executive Officers. Due to the Company's global operations, it maintains different plans to address different market conditions, various legal and tax requirements and different groups of employees.

In 2018, all Named Executive Officers except Mr. Murphy participated in or had a benefit under The Coca-Cola Company Pension Plan (the "TCCC Pension Plan") and The Coca-Cola Company Supplemental Pension Plan (the "TCCC Supplemental Pension Plan"). In 2018, Mr. Murphy participated in the Mobile Employees Retirement Plan (the "Mobile Plan"). Mr. Quincey has a benefit under the Mobile Plan for the period he was covered under an international service program. Additional details of these plans are described in the Summary of Plans in **Annex B** beginning on **page 106**. The table above reflects the present value of benefits accrued by each of the Named Executive Officers from the applicable plans.

Compensation used for determining pension benefits under the TCCC Pension Plan, the TCCC Supplemental Pension Plan and the Mobile Plan generally includes only salary and short-term cash incentives. The amounts reflected for each plan represent the present value of the maximum benefit payable under the applicable plan. In some cases, the payments may be reduced for early retirement or by benefits paid by other Company-sponsored retirement plans, statutory

payments or Social Security.

The Company generally does not grant additional years of benefit service, and no Named Executive Officer has been credited with additional years of benefit service.

The discount rate assumption used by the Company in calculating the present value of accumulated benefits was 4.30% for the TCCC Pension Plan and 4.28% for the TCCC Supplemental Pension Plan. Additional assumptions used by the Company in calculating the present value of accumulated benefits are incorporated herein by reference to Note 14 to the Company's consolidated financial statements in the Form 10-K. The calculations assume that the Named Executive Officer continues to live at least until the earliest age at which an unreduced benefit is payable.

The Company's retirement plans utilize a different method of calculating actuarial present value for the purpose of determining a lump sum payment, if any. The traditional pension benefit under the TCCC Supplemental Pension Plan is paid in the form of an annuity if the employee has reached at least age 55 with ten years of service at the time of his or her separation from the Company. Therefore, Ms. Waller and Messrs. Kent and Smith are required to take the traditional pension benefit portion of their TCCC Supplemental Pension Plan benefit in the form of an annuity.

2018 NONQUALIFIED DEFERRED COMPENSATION

The following table provides information on the Named Executive Officers' participation in The Coca-Cola Company Deferred Compensation Plan (the "Deferred Compensation Plan") and the Supplemental 401(k) Plan, as applicable. These plans either allow eligible employees to defer part of their salary and annual incentive on a voluntary basis or make employees whole when the Company matching contribution

is limited under the tax-qualified plan. The Company matching contribution under the Supplemental 401(k) Plan was provided at the same rate as the match in the 401(k) Plan. The Company does not match any additional voluntary deferrals.

Additional details of the Deferred Compensation Plan and the Supplemental 401(k) Plan are described in the Summary of Plans in **Annex B** beginning on **page 106**.

EXECUTIVE CONTRIBUTIONS IN LAST FISCAL YEAR (COLUMN (b))

Ms. Waller and Mr. Smith contributed to the Deferred Compensation Plan in 2018.

REGISTRANT CONTRIBUTIONS IN LAST FISCAL YEAR (COLUMN (c))

All Company matching contributions shown are included in the "All Other Compensation" column of the 2018 Summary Compensation Table.

AGGREGATE EARNINGS IN LAST FISCAL YEAR (COLUMN (d))

The earnings reflected in column (d) represent deemed investment earnings or losses from voluntary deferrals and Company contributions, as applicable. The Deferred Compensation Plan and the Supplemental 401(k) Plan do not guarantee a return on deferred amounts. For these plans,

no amounts included in column (d) are reported in the 2018 Summary Compensation Table because the plans do not provide for above-market or preferential earnings.

AGGREGATE BALANCE AT LAST FISCAL YEAR-END (COLUMN (f))

The amounts reflected in column (f) for Ms. Waller and Messrs. Quincey, Kent and Smith, with the exception of amounts reflected in columns (b), (c) and (d), if any, have been reported in prior proxy statements.

PAYMENTS ON TERMINATION OR CHANGE IN CONTROL

GENERAL

Most of the Company's plans and programs contain specific provisions detailing how payments are treated upon termination or change in control. The specific termination and change in control provisions under these plans, which are described below, apply to all participants in each plan.

The termination scenarios described in this section include voluntary separation, involuntary separation, disability and death. For more information on the plans described below, see Summary of Plans in **Annex B** beginning on **page 106**.

NAMED EXECUTIVE OFFICER RETIREMENTS

As noted above, Ms. Waller will be retiring from the Company on March 15, 2019. On October 17, 2018, the Company provided Ms. Waller a letter detailing the terms of her separation. Pursuant to her letter, among other things, Ms. Waller will receive severance benefits under the terms of The Coca-Cola Company Severance Pay Plan (the "TCCC Severance Plan") upon her retirement. If Ms. Waller remains employed through March 15, 2019, she will receive an annual incentive award for 2019, prorated for two and one-half months and payable in March 2020. Ms. Waller will not receive any further equity grants. All of Ms. Waller's outstanding equity incentive awards will be treated in accordance with the related equity plans and related agreements (see the 2018 Outstanding Equity Awards at Fiscal Year-End table beginning on **page 75**). Ms. Waller's

retirement benefits will consist of those benefits accrued and vested under the standard terms and conditions of the plans in which she participates.

On April 30, 2019, Mr. Kent will retire from the Company. Upon retirement, Mr. Kent will receive only the retirement and other benefits he is entitled to under the standard terms of the applicable Company programs. He will not receive any severance benefits.

In accordance with the SEC's rules, the remainder of this section assumes that employment for each of Ms. Waller and Mr. Kent was terminated or a change in control of the Company occurred as of December 31, 2018 and does not take into account the terms of Ms. Waller's separation letter described above or Mr. Kent's retirement.

CHANGE IN CONTROL

The change in control provisions in the various Company plans were adopted to mitigate the concern that, in the event the Company is considering a change in control transaction, the employees involved in considering the transaction might otherwise be motivated to act in their own interests rather than the interests of the shareowners. Thus, the change in control provisions are designed with the intention of ensuring that employees are neither harmed nor given a windfall in the event of a change in control. The Company's plans generally provide that a change in control may occur upon (i) a greater

than 20% change in ownership of the Company; (ii) a change of the majority of the Board within a two-year period; or (iii) certain merger and consolidation transactions. As described below, Company equity plans include "double-trigger" change in control provisions.

The Company does not have individual change in control agreements and no tax gross-up is provided for any taxes incurred as a result of a change in control payment. The Board can determine prior to the potential change in control that no change in control will be deemed to have occurred.

SEVERANCE PLAN

All the Named Executive Officers are covered by the TCCC Severance Plan.

TERMINATION, DEATH, DISABILITY

Generally, benefits are payable under the TCCC Severance Plan when an employee is terminated involuntarily due to certain circumstances, such as an internal reorganization or

position elimination. The maximum cash severance benefit under this plan is two years of base pay, payable as a lump sum.

CHANGE IN CONTROL

There are no separate change in control provisions included in the TCCC Severance Plan.

ANNUAL INCENTIVE PLAN

All the Named Executive Officers participated in the annual Performance Incentive Plan in 2018.

TERMINATION, DEATH, DISABILITY

Generally, participants employed on December 31 are eligible to receive a cash incentive for the year, regardless of whether employment continues through the payment date. Employees who (i) terminate employment prior to December 31 who are

at least 55 years of age with ten years of service; (ii) die; or (iii) move to an affiliate generally receive a prorated incentive based on actual Company performance and the portion of the year actually worked.

CHANGE IN CONTROL

Upon a change in control, participants receive the target amount of the annual incentive after the end of the performance year. This amount is prorated if the participant leaves during the year.

DEFERRED COMPENSATION PLANS

All the Named Executive Officers except Mr. Murphy were eligible to participate in the Deferred Compensation Plan in 2018. However, not all chose to participate.

TERMINATION, DEATH, DISABILITY

Under the Deferred Compensation Plan, employees who terminate employment after age 50 with five years of service receive payments based on elections made at the time they elected to defer compensation. Other employees receive a lump sum after termination. Individuals who are designated as “specified employees” under Section 409A of the Tax Code may not receive payments for at least six months following termination of employment to the extent the amounts were

deferred after January 1, 2005. There are no enhanced benefits payable under the Deferred Compensation Plan upon a participant’s death or disability.

CHANGE IN CONTROL

Upon a change in control, any Company discretionary contributions to the Deferred Compensation Plan vest. No Named Executive Officers have received a Company discretionary contribution.

EQUITY PLANS

All the Named Executive Officers participated in the Company’s equity plans in 2018.

TERMINATION

The treatment of equity upon termination of employment depends on the reason for the termination and the employee’s age and length of service at termination. The table below details the termination provisions of the various equity award types.

Award Type	Separation Prior to Meeting Age/Service Requirement	Separation After Meeting Age/Service Requirement of 60 years/10 years of service	Involuntary Separation After Meeting Age/Service Requirement of 50 years/10 years of service ¹
Stock Options	Employees have six months to exercise vested options. Unvested options are forfeited.	All options held at least 12 months vest. Employees have the full remaining term to exercise the options.	All options held at least 12 months continue to vest for up to four years.
Restricted Stock/ Restricted Stock Units	Shares are forfeited unless held until the time specified in the grant and performance measures, if any, are met.	Shares are forfeited unless held until the time specified in the grant and performance measures, if any, are met. Some grants vest upon meeting age and service requirements.	Shares are forfeited unless held until the time specified in the grant and performance measures, if any, are met. Some grants vest upon meeting age and service requirements.
PSUs	All PSUs are forfeited if separation occurs prior to satisfaction of performance measures and holding requirements.	For grants held at least 12 months, the employee receives the same number of earned shares as active employees after the results are certified.	Outstanding PSUs held at least 12 months will not be forfeited and a prorated amount will be released after the results are certified.

¹ Applicable for involuntary separations due to specific circumstances, such as an internal reorganization or position elimination. For grants prior to 2013, executive officers are not eligible for this treatment without specific approval by the Compensation Committee. No Named Executive Officer has been made eligible for this treatment.

DEATH

If an employee dies, all options vest if the options have been accepted. The employee's estate has five years from the date of death to exercise the options. Provided they have been accepted, restricted stock and restricted stock units vest and are released to the employee's estate. Provided the PSUs have been accepted, if death occurs during the performance period, the employee's estate receives a cash payment equal to the value of the target number of shares. For PSUs where performance has been certified, the employee's estate receives a cash payment based on the certified results within 90 days.

DISABILITY

If an employee terminates employment because of disability, all options become nonforfeitable, and the employee has the full remaining term to exercise the options. Restricted

stock and restricted stock units vest and are released to the employee. For PSUs in the performance period, the employee receives shares equal to the number of shares that the employee would have earned based on actual performance after the end of the performance period.

CHANGE IN CONTROL

Beginning with awards in 2015, the treatment of equity upon a change in control is governed by the 2014 Equity Plan. Awards granted prior to 2015 were governed by applicable plans and agreements. The table below details the double-trigger change in control provisions of the various equity award types if awards are assumed by the successor company. If awards are not assumed by the successor company, accelerated vesting generally occurs upon a change in control.

Award Type	Grants Prior to 2015	Grants Beginning in 2015
Stock Options	Options vest if an employee is terminated within two years following the change in control.	Options vest if an employee is terminated without cause within one year following the change in control.
Restricted Stock/ Restricted Stock Units	Shares vest if an employee is terminated within two years following the change in control.	Shares vest if an employee is terminated without cause within one year following the change in control.
PSUs	PSUs vest at the target level if an employee is terminated within two years following the change in control.	PSUs vest if an employee is terminated without cause within two years following the change in control (i) at the target level if the change in control occurs during the first half of the performance period and (ii) based on actual performance if the change in control occurs during the second half of the performance period. In each case, the final payout is prorated based on time worked in the performance period.

RETIREMENT AND 401(K) PLANS

All the Named Executive Officers except Mr. Murphy were participants in the TCCC Pension Plan, the TCCC Supplemental Pension Plan, the 401(k) Plan and the Supplemental 401(k) Plan in 2018. Mr. Murphy participated in the Mobile Plan in 2018. Mr. Quincey has a benefit under the Coca-Cola UK Stakeholder Pension Plan (the "UK Savings Plan") related to a prior period of employment.

There are no enhanced benefits payable under the TCCC Pension Plan, the TCCC Supplemental Pension Plan, the 401(k) Plan, the Supplemental 401(k) Plan, the Mobile Plan, or the UK Savings Plan upon a participant's death or disability.

TERMINATION, DEATH, DISABILITY

No payments may be made under the TCCC Pension Plan or the TCCC Supplemental Pension Plan until an employee has separated from service and met eligibility requirements. Generally, no payments may be made under the 401(k) Plan, the Supplemental 401(k) Plan or the Mobile Plan until separation from service, except distributions may be taken from the 401(k) Plan after age 59½ and distributions related to mandatory tax payments may be made under the Mobile Plan, whether or not the employee has terminated employment.

Individuals who are designated as "specified employees" under Section 409A of the Tax Code, which include the U.S.-based Named Executive Officers, may not receive payments from the TCCC Supplemental Pension Plan, the Supplemental 401(k) Plan or the Mobile Plan for at least six months following termination of employment.

CHANGE IN CONTROL

The TCCC Pension Plan and the TCCC Supplemental Pension Plan contain change in control provisions that affect all participants equally, including the participating Named Executive Officers. These provisions provide an enhanced benefit to vested participants for benefits accrued under the defined benefit formula if certain conditions are met, including that the employee must actually leave the Company within two years of a change in control. A change in control has no effect on the cash balance portion of the TCCC Pension Plan and there are no additional credited years of service. Upon a change in control under the TCCC Pension Plan and the TCCC Supplemental Pension Plan, the earliest retirement age is reduced resulting in an enhanced benefit for participants who have not reached the earliest retirement age.

The 401(k) Plan, the Supplemental 401(k) Plan, the Mobile Plan and the UK Savings Plan do not have special provisions for change in control.

QUANTIFICATION OF PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The following table and footnotes describe the potential payments to the Named Executive Officers upon termination of employment or a change in control of the Company as of December 31, 2018. While Ms. Waller and Mr. Kent will be retiring in 2019, this section assumes the applicable triggering event occurred on December 31, 2018.

The table does not include:

- ▶ compensation or benefits previously earned by the Named Executive Officers or equity awards that are fully vested;
- ▶ the value of pension benefits that are disclosed in the 2018 Pension Benefits table beginning on [page 78](#), except for any pension enhancement triggered by the event, if applicable;
- ▶ the amounts payable under deferred compensation plans that are disclosed in the 2018 Nonqualified Deferred Compensation table on [page 79](#); or
- ▶ the value of any benefits (such as retiree health coverage, life insurance and disability coverage) provided on the same basis to substantially all other employees in the country in which the Named Executive Officer works.

¹ Except upon a change in control, no amounts are included for the Performance Incentive Plan because the Named Executive Officers would be entitled to the same payment regardless of whether the event occurred. Upon a change in control, the target annual incentive amount is guaranteed (subject to proration if the participant leaves before the end of the year).

7 COMPENSATION Payments on Termination or Change in Control

- ² Represents the intrinsic value of the acceleration of vesting of any stock options that vest upon the event. Intrinsic value is the difference between the exercise price of the stock option and the closing price of Common Stock, which was \$47.35 on December 31, 2018, the last trading day of the year.
- ³ No amounts are included for the 2016-2018, 2017-2019 and 2018-2020 PSU programs for Voluntary Separation, Involuntary Termination and Disability because the PSUs remain subject to performance requirements even after the event. See [page 57](#) for the status of these PSU programs.
- ⁴ For Mr. Quincey, represents the value of a more favorable early retirement subsidy in the event of a change in control and subsequent termination. No other Named Executive Officer would receive a pension enhancement upon a change in control.

VOLUNTARY SEPARATION (COLUMN (a))

Amounts are included under “Stock Options” and “PSUs and Restricted Stock Units” for Ms. Waller and Messrs. Kent and Smith because each has satisfied the age and service requirement for acceleration of vesting of certain equity awards held for at least 12 months. The amount included in “PSUs and Restricted Stock Units” for these Named Executive Officers reflects the value of the shares earned under the 2015-2017 PSU program. Messrs. Quincey and Murphy have not satisfied the age and service requirement for acceleration of any equity awards, and therefore, no additional payments would be triggered upon voluntary separation.

INVOLUNTARY TERMINATION (COLUMN (b))

Amounts are included under “Stock Options” and “PSUs and Restricted Stock Units” for Ms. Waller and Messrs. Kent and Smith because each has satisfied the age and service requirement for acceleration of vesting of certain equity awards held for at least 12 months. Amounts are included under “Stock Options” and “PSUs and Restricted Stock Units” for Messrs. Quincey and Murphy because involuntary termination triggers continued vesting of equity awards granted beginning in 2013 after the age and service requirement has been met. The amount included in “PSUs and Restricted Stock Units” reflect the value of the shares earned under the 2015-2017 PSU program.

DEATH (COLUMN (c))

Amounts are included under “Stock Options” and “PSUs and Restricted Stock Units” because death triggers acceleration of vesting of certain equity awards. The amounts for “PSUs and Restricted Stock Units” reflect (i) the value of the shares

earned under the 2015-2017 PSU program; (ii) the value of the target number of shares granted under the 2016-2018, 2017-2019 and 2018-2020 PSU programs; and (iii) for Mr. Quincey, the value of time-based restricted stock units.

DISABILITY (COLUMN (d))

Amounts are included under “Stock Options” and “PSUs and Restricted Stock Units” because termination of employment caused by disability triggers acceleration of vesting or continued vesting of certain equity awards. The amounts for “PSUs and Restricted Stock Units” reflect (i) the value of the shares earned under the 2015-2017 PSU program; and (ii) for Mr. Quincey, the value of time-based restricted stock units.

CHANGE IN CONTROL (COLUMN (e))

Amounts are included under “Stock Options” and “PSUs and Restricted Stock Units” for all Named Executive Officers because a change in control triggers acceleration of vesting of certain equity awards. Since equity awards have double-trigger change in control provisions, the table above assumes that both a change in control and a subsequent termination of employment have occurred. The amounts for “PSUs and Restricted Stock Units” reflect (i) the value of the shares earned under the 2015-2017 PSU program; (ii) the value of the number of shares granted under the 2016-2018 PSU program at the maximum award level; (iii) the value of the number of shares granted under the 2017-2019 PSU program at the maximum award level, prorated for two years of the performance period; (iv) the value of the number of shares granted under 2018-2020 PSU program at the target award level, prorated for one year of the performance period; and (iv) for Mr. Quincey, the value of time-based restricted stock units.

¹ Includes 132,542,728 shares issuable pursuant to outstanding options under the 2014 Equity Plan, The Coca-Cola Company 1999 Stock Option Plan, The Coca-Cola Company 2002 Stock Option Plan and The Coca-Cola Company 2008 Stock Option Plan. The weighted-average exercise price of such options is \$36.74. Also includes 11,120,682 full-value awards of shares outstanding under the 2014 Equity Plan, 1989 Restricted Stock Award Plan and The Coca-Cola Company 1983 Restricted Stock Award Plan, including shares that may be issued pursuant to outstanding PSUs, based on certified financial results, where applicable, and otherwise assuming the target award is met. In connection with the acquisition ("CCE Transaction") of the former North America business of Coca-Cola Enterprises Inc. ("CCE"), certain outstanding awards relating to CCE common stock granted under shareowner-approved CCE equity incentive plans were replaced with awards relating to the Company's Common Stock. As a result, the table above includes 100,601 shares issuable pursuant to outstanding options under the Coca-Cola Enterprises Inc. 2007 Incentive Award Plan, which was assumed by the Company in connection with the CCE Transaction. The weighted-average exercise price of such options is \$17.35.

² The weighted-average term of the outstanding options is 4.59 years.

³ Includes 391,862,359 shares that may be issued pursuant to future awards under the 2014 Equity Plan, including shares that may be issued pursuant to outstanding PSUs, based on certified financial results, where applicable, and otherwise assuming the target award is met. The 2014 Equity Plan uses a fungible share pool under which each share issued pursuant to an option reduces the number of shares available by one share, and each share issued pursuant to awards other than options reduces the number of shares available by five shares. See Long-Term Incentive Compensation beginning on [page 55](#) for more information, including the Equity Stewardship Guidelines, which include a burn rate commitment. With this burn rate commitment, over the 2014 Equity Plan's ten-year term, the maximum number of shares that may be used is estimated not to exceed 200,000,000 (based on Common Stock outstanding decreasing by 1% each year). Also includes 2,732,413 options which may be issued pursuant to future awards under The Coca-Cola Company 1999 Stock Option Plan and The Coca-Cola Company 2008 Stock Option Plan and 236,842 shares of Common Stock that may be issued pursuant to the 1989 Restricted Stock Award Plan, including shares that may be issued pursuant to outstanding PSUs, based on certified financial results, where applicable, and otherwise assuming the target award is met. The maximum term of the options is ten years.

Share units credited under the Supplemental 401(k) Plan and the Directors' Plan are not included in the table above since payouts under those plans are in cash.

The Company or its applicable subsidiary provides a matching contribution in Common Stock under various plans throughout the world. No shares are issued by the Company under any of these plans, and therefore these plans are not included in the table above. Shares are purchased on the open market by a third-party trustee. These plans are exempt from the shareowner approval requirements of the NYSE. These plans are as follows:

401(k) and Savings Plans (U.S.). There are several 401(k) and savings plans in the U.S. that include a Company matching contribution component, including the Company's primary plan, the 401(k) Plan. Under the 401(k) Plan, the Company matches employee contributions up to a maximum of 3.5% of an employee's compensation, subject to limits imposed by the Tax Code. Employees vest in the matching contributions over two years. Generally, employees may not withdraw the matching contributions until termination of employment. The other 401(k) and savings plans that include a Common Stock matching contribution component match employee

contributions up to a maximum of between 3% to 6% of an employee's compensation, subject to limits imposed by the Tax Code, include vesting provisions of between two and three years and have similar withdrawal restrictions as the 401(k) Plan.

The Coca-Cola Export Corporation Employee Share Savings Scheme (UK). The company matches employee contributions to a maximum of £1,500 per year. The employee is vested in the matching contributions once a month when matching shares of Common Stock are purchased. However, the matching shares of Common Stock may not be withdrawn before a five-year holding period without adverse tax consequences.

Employees' Savings and Investment Plan of Coca-Cola Ltd. (Canada). After completing 12 months of employment and a specified minimum hours of service, the company matches 50% of an employee's contributions of 7% to 3.5% of eligible earnings, based on an employee's date of employment. The employee is immediately vested in the matching contributions. However, the matching contributions may not be withdrawn until termination of employment.

Employee Savings and Investment Plan of Coca-Cola Refreshments Canada Company (Canada). After one year of employment, the company matches 50% of a full-time employee's contributions of 2% to 6% (union) or 2% to 7% (non-union) of eligible earnings, up to a maximum of 3% or 3.5%, as applicable. The employee is immediately vested in the matching contributions. However, the matching contributions may not be withdrawn until termination of employment.

Employee Stockholding Program (Japan). The employee must be employed for at least three years in order to participate, and the company matches contributions up to 1.8% of an employee's annual base salary. The employee is immediately vested in the matching contributions. However, the matching contributions may not be withdrawn until the

employee terminates from the company or the employee requests to terminate from the plan. Specific regulations apply for cases when employees request to terminate from the plan.

Share Savings Plan (Denmark). The company matches contributions up to 3% of an employee's salary. The employee is immediately vested in the matching contributions. However, the matching contributions may not be withdrawn for ten years without tax liability.

The Company also sponsors employee share purchase plans in several jurisdictions outside the U.S. The Company does not grant or issue Common Stock pursuant to these plans, but does facilitate the acquisition of Common Stock by employees in a cost-efficient manner. These plans are not equity compensation plans.

PAY RATIO DISCLOSURE

REQUIRED PAY RATIO DISCLOSURE

Under the SEC rules, the Company is required to provide the ratio of the annual total compensation of Mr. Quincey, who served as its Chief Executive Officer throughout 2018, to the annual total compensation of the median employee of the Company (the "Pay Ratio Disclosure"). The Company selected October 1, 2018 as the determination date for identifying the median employee. For 2018, we are providing the Company's required Pay Ratio Disclosure, as well as a supplemental Pay Ratio Disclosure, which we believe provides a more representative comparison to our Pay Ratio Disclosure for 2017.

Since October 1, 2017, the date as of which the Company last identified its median employee, the Company experienced a significant change in its employee population, which changed our median employee compensation.

Since October 1, 2017:

- ▶ The Company completed the refranchising of its bottling territories in North America. As a result, 19,960 employees who were included in the calculation of the Pay Ratio Disclosure for 2017 are not included in the calculation of the required Pay Ratio Disclosure for 2018.
- ▶ The Company completed its acquisition of a controlling interest in Coca-Cola Beverages Africa Proprietary Limited ("CCBA"). As a result of the consolidation of CCBA, 17,054 CCBA employees were included in the calculation of the required Pay Ratio Disclosure for 2018 who were not included in the calculation of the required Pay Ratio Disclosure for 2017.

For context, most of the Company's branded beverage products are manufactured, sold and distributed by independent bottling partners. From time to time, the Company acquires or takes control of bottling operations where it

believes it can use its resources and expertise to improve performance. The Company also periodically sells its ownership interest in bottlers to improve Coca-Cola system efficiency.

For 2018, the median annual total compensation of all employees of the Company and its consolidated subsidiaries (other than the Chief Executive Officer) was \$16,440. Mr. Quincey's annual total compensation for 2018, as reported under the "Total" column (column (j)) in the 2018 Summary Compensation Table, was \$16,701,328. Based on this information, for 2018, the ratio of the compensation of the Chief Executive Officer to the median annual total compensation of all other employees was estimated to be 1,016 to 1.

To identify, and to determine the annual total compensation of, the median employee, we used the following methodology:

- ▶ We collected the payroll data of all employees globally, whether employed on a full-time, part-time, temporary or seasonal basis as of October 1, 2018.
- ▶ We annualized the compensation of all permanent full-time and part-time employees who were hired by the Company and its consolidated subsidiaries between January 1 and October 1, 2018. We applied an exchange rate as of October 1, 2018 to convert all foreign currencies into U.S. dollars.
- ▶ We used total base pay as of October 1, 2018 as our consistently applied compensation measure. We identified all employees within 5% of the median, and from this group used statistical sampling to select an employee as a reasonable representative of our median employee.

Using this methodology, we determined that the median employee was a non-exempt, full-time, hourly employee located in South Africa with an annual total compensation

of \$16,440 for 2018, calculated in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, which includes base pay, overtime pay and an employer retirement contribution.

Both the required and supplemental Pay Ratio Disclosures are reasonable estimates. Because the SEC rules for identifying

the median employee and calculating the pay ratio allow companies to use different methodologies, exemptions, estimates and assumptions, the Pay Ratio Disclosure may not be comparable to the pay ratio reported by other companies.

SUPPLEMENTAL PAY RATIO DISCLOSURE

In addition to the Pay Ratio Disclosure required by the SEC's rules, we are also providing a supplemental pay ratio that excludes all 17,054 employees of CCBA as of October 1, 2018 in the calculation of the median annual total compensation of all employees. We believe this is helpful context, as the Company plans to hold its controlling interest in CCBA temporarily. The Company has presented the financial position and results of operations of CCBA as discontinued operations in its consolidated financial statements from the date of acquisition (as reported in Notes 1 and 2 to the Company's consolidated financial statements in the Form 10-K). Therefore, we believe a global employee population that excludes CCBA employees provides a more representative comparison to our Pay Ratio Disclosure for 2017.

Excluding all CCBA employees as of October 1, 2018, for 2018, the median annual total compensation of all employees of the Company and its consolidated subsidiaries (other than the

Chief Executive Officer) was \$35,878. For 2018, the resulting ratio of the compensation of the Chief Executive Officer to the median annual total compensation of all other employees, excluding employees of CCBA, was estimated to be 466 to 1.

We identified the median employee for purposes of the supplemental pay ratio using the same methodology as the required Pay Ratio Disclosure. Our median employee was a non-exempt, full-time, hourly employee located in the United States with an annual total compensation of \$35,878 for 2018, calculated in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, which includes base pay, overtime pay, quarterly incentives and the Company's matching contribution to that employee's 401(k) plan, as well as the change in pension value during 2018 under the TCCC Pension Plan.

8 Audit Matters

REPORT OF THE AUDIT COMMITTEE

The Audit Committee operates under a written charter adopted by the Board that outlines its responsibilities and the practices it follows. You can view the charter on the Company's website, www.coca-colacompany.com, by clicking on "Investors," then "Corporate Governance," then "Board Committees & Charters." The Audit Committee reviews and assesses the adequacy of its charter at least annually and, when appropriate, recommends to the Board changes to the Charter to reflect the evolving role of the Audit Committee.

The Audit Committee is composed entirely of non-employee Directors who meet the independence and financial literacy requirements of the NYSE and additional, heightened independence criteria applicable to members of the Audit Committee under SEC and NYSE rules. The Board has designated Ronald W. Allen and David B. Weinberg as "Audit Committee financial experts" under the SEC rules.

PRIMARY RESPONSIBILITIES AND 2018 ACTIONS

The Audit Committee represents and assists the Board in fulfilling its oversight responsibility relating to the integrity of the Company's financial statements and the financial reporting process, the systems of internal accounting and financial controls, the internal audit function and the annual independent audit of the Company's financial statements. The Audit Committee oversees the Company's compliance with legal and regulatory requirements, the Independent Auditors' qualifications and independence, the performance of the Company's internal audit function and the Independent Auditors, the Company's ethical compliance programs, including the Company's Codes of Business Conduct, and the Company's quality and food safety programs, workplace and distribution safety programs and information technology security programs. The Audit Committee also generally oversees the Company's overall ERM program and has direct oversight over financial reporting and control and the Company's product integrity assurance and information technology security programs within the ERM framework. In addition, at the request of the Audit Committee, during some of its meetings, the Audit Committee participates in educational sessions on accounting and financial control matters and on areas of the Company's operations, including some of the areas of risk it oversees.

In 2018, the Audit Committee held eight meetings. Meeting agendas are established by the Audit Committee Chair and the Chief of Internal Audit. During 2018, among other things, the Audit Committee:

- ▶ met with the senior members of the Company's financial management team at each regularly scheduled meeting;
- ▶ held separate private sessions, during its regularly scheduled meetings, with each of the Company's General Counsel, the Independent Auditors and the Chief of Internal Audit, at which candid discussions regarding financial management, legal, accounting, auditing and internal control issues took place;
- ▶ continued its long-standing practice of having independent legal counsel regularly attend Audit Committee meetings;
- ▶ met with the Chief Ethics and Compliance Officer to discuss the effectiveness of the Company's compliance program and regularly received status reports of compliance issues;
- ▶ received periodic updates on management's process to assess the adequacy of the Company's system of internal control over financial reporting, the framework used to make the assessment and management's conclusions on the effectiveness of the Company's internal control over financial reporting;
- ▶ discussed with the Independent Auditors the Company's internal control assessment process, management's assessment with respect thereto and the Independent Auditors' evaluation of the Company's system of internal control over financial reporting;
- ▶ reviewed and discussed with management and the Independent Auditors the Company's earnings releases and Quarterly and Annual Reports on Form 10-Q and Form 10-K, respectively, prior to filing with the SEC;
- ▶ reviewed the Company's internal audit plan and the performance of the Company's internal audit function;
- ▶ reviewed with senior members of the Company's financial management team, the Independent Auditors and the Chief of Internal Audit the overall audit scope and plans, the results of internal and external audits, evaluations by management and the Independent Auditors of the Company's internal controls over financial reporting and the quality of the Company's financial reporting;
- ▶ reviewed with management, including the Chief of Internal Audit and General Counsel, and the Independent Auditors, significant risks and exposures identified by management, the overall adequacy and effectiveness of the Company's legal, regulatory and ethical compliance programs, including the Company's Codes of Business Conduct, and the Company's quality and food safety programs, workplace and distribution safety programs and information technology security programs;
- ▶ evaluated the performance of the Company's Independent Auditors and interviewed and had direct involvement in the selection of the new lead assurance engagement partner for 2018 and global coordinating partner for 2019, in connection with the mandated rotation of such positions;
- ▶ received regular updates from management and discussed Company initiatives; and
- ▶ participated, with representatives of management and of the Independent Auditors, in educational sessions about topics requested by the Audit Committee.

OVERSIGHT OF INDEPENDENT AUDITORS

The Audit Committee engaged Ernst & Young LLP as the Company's Independent Auditors for the fiscal year ended December 31, 2018. In its meetings with representatives of the Independent Auditors, the Audit Committee asks them to address, and discusses their responses to, several questions that the Audit Committee believes are particularly relevant to its oversight.

These questions include:

- ▶ Are there any significant accounting judgments or estimates made by management in preparing the financial statements that would have been made differently had the Independent Auditors prepared and been responsible for the financial statements?
- ▶ Based on the Independent Auditors' experience and their knowledge of the Company, do the Company's financial statements fairly present to investors, with clarity and completeness, the Company's financial position and performance for the reporting period in accordance with generally accepted accounting principles and SEC disclosure requirements?
- ▶ Based on the Independent Auditors' experience and their knowledge of the Company, has the Company implemented internal controls and internal audit procedures that are appropriate for the Company?

The Audit Committee believes that using these questions to help focus its discussions with the Independent Auditors promotes a more meaningful dialogue that provides a basis for its oversight judgment.

The Audit Committee also discussed with the Independent Auditors those matters required to be discussed by the auditors with the Audit Committee under the rules adopted by the Public Company Accounting Oversight Board (the "PCAOB"). The Audit Committee received the written disclosures and the letter from the Independent Auditors required by applicable requirements of the PCAOB regarding the Independent Auditors' communication with the Audit Committee concerning independence and has discussed with the Independent Auditors their independence. The Audit Committee considered with the Independent Auditors whether the provision of non-audit services provided by them to the Company during 2018 was compatible with their independence.

2018 AUDITED FINANCIAL STATEMENTS

In its oversight role, the Audit Committee relies on the work and assurances of the Company's management, which has the responsibility for establishing and maintaining adequate internal control over financial reporting and for preparing the financial statements and other reports, and of the Independent Auditors, who are engaged to audit and report on the consolidated financial statements of the Company and subsidiaries and the effectiveness of the Company's internal control over financial reporting.

The Audit Committee has reviewed and discussed with management and the Independent Auditors the audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2018, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant accounting judgments and estimates and the clarity of disclosures in the financial statements. In addressing the quality of management's accounting judgments, members of the Audit Committee asked for management's representations

and reviewed certifications prepared by the Chief Executive Officer and the Chief Financial Officer that the unaudited quarterly and audited consolidated financial statements of the Company fairly present, in all material respects, the financial condition, results of operations and cash flows of the Company, and have expressed to both management and the auditors their general preference for conservative policies when a range of accounting options is available.

In reliance on these reviews and discussions, and the reports of the Independent Auditors, the Audit Committee has recommended to the Board, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2018, for filing with the SEC.

3****RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS INDEPENDENT AUDITORS****► What am I voting on?**

Shareowners are being asked to ratify the appointment of Ernst & Young LLP, a registered public accounting firm, to serve as the Company's Independent Auditors for the fiscal year ending December 31, 2019. Although the Audit Committee has the sole authority to appoint the Independent Auditors, as a matter of good corporate governance, the Board submits its selection of the Independent Auditors to our shareowners for ratification. If the shareowners should not ratify the appointment of Ernst & Young LLP, the Audit Committee will reconsider the appointment.

► Voting recommendation:

FOR the ratification of the appointment of Ernst & Young LLP as Independent Auditors.

The Audit Committee has the sole authority and responsibility to hire, evaluate and, where appropriate, replace the Company's Independent Auditors and, in its capacity as a committee of the Board, is directly responsible for the appointment, compensation and general oversight of the work of the Independent Auditors.

The Audit Committee has appointed Ernst & Young LLP ("EY") to serve as Independent Auditors for the fiscal year ending December 31, 2019. EY (including its predecessors) has served as the Company's Independent Auditors since 1921.

ANNUAL EVALUATION AND SELECTION OF INDEPENDENT AUDITORS

The Audit Committee annually evaluates the performance of the Company's Independent Auditors, including the senior audit engagement team, and determines whether to reengage the current Independent Auditors or consider other audit firms. Factors considered by the Audit Committee in deciding whether to retain the current Independent Auditors include:

- EY's global capabilities;
- EY's technical expertise and knowledge of the Company's global operations and industry;
- the quality and candor of EY's communications with the Audit Committee and management;
- EY's independence;
- the quality and efficiency of the services provided by EY, including input from management on EY's performance and how effectively EY demonstrated its independent judgment, objectivity and professional skepticism;
- external data on audit quality and performance, including recent PCAOB reports on EY and its peer firms; and
- the appropriateness of EY's fees, EY's tenure as Independent Auditors, including the benefits of a longer tenure, and the controls and processes in place that help ensure EY's continued independence.

BENEFITS OF LONGER TENURE

- ✓ **Enhanced audit quality** – EY’s significant institutional knowledge and deep expertise of the Company’s global business, accounting policies and practices and internal control over financial reporting enhance audit quality.
- ✓ **Competitive fees** – Because of EY’s familiarity with the Company, audit and other fees are competitive with peer companies.
- ✓ **Avoid costs associated with new auditor** – Bringing on new Independent Auditors would be costly and require a significant time commitment, which could lead to management distractions.

INDEPENDENCE CONTROLS

- ✓ **Audit Committee oversight** – Oversight includes regular private sessions with EY, discussion with EY about the scope of audit and business imperatives, a comprehensive annual evaluation when determining whether to reengage EY and direct involvement by the Audit Committee and its Chair in the selection of the new lead assurance engagement partner and new global coordinating partner in connection with the mandated rotation of these positions.
- ✓ **Limits on non-audit services** – The Audit Committee pre-approves audit and permissible non-audit services provided by EY in accordance with its pre-approval policy.
- ✓ **EY’s internal independence process** – EY conducts periodic internal reviews of its audit and other work, assesses the adequacy of partners and other personnel working on the Company’s account and rotates the lead assurance engagement partner, the global coordinating partner and other partners on the engagement consistent with independence requirements. A new lead assurance engagement partner was appointed in 2018, and a new global coordinating partner will be appointed in 2019.
- ✓ **Strong regulatory framework** – EY, as an independent registered public accounting firm, is subject to PCAOB inspections, “Big 4” peer reviews and PCAOB and SEC oversight.

Based on this evaluation, the Audit Committee and the Board believe that retaining EY to serve as Independent Auditors for the fiscal year ending December 31, 2019 is in the best interests of the Company and its shareowners.

AUDIT FEES AND ALL OTHER FEES

The Audit Committee is responsible for approving the audit and permissible non-audit services provided by the Independent Auditors and the associated fees.

The following table shows the fees for audit and other services provided by EY for fiscal years 2018 and 2017.

	2018 Fees (In thousands)	2017 Fees (In thousands)	Description
Audit Fees	\$27,210	\$30,286	Includes fees associated with the annual audit and the audit of internal control over financial reporting, registration statements in 2018 and 2017, the reviews of the Company’s Quarterly Reports on Form 10-Q, and statutory audits required internationally.
Audit-Related Fees	4,801	6,479	Fees for services that are reasonably related to the performance of the audit or review of financial statements and are not included in “Audit Fees.” These services principally include due diligence in connection with acquisitions, carve-out audits, consultation on accounting and internal control matters, employee benefit plan audits, information systems audits and other attest services.
Tax Fees	6,169	5,514	Fees for tax services, including tax compliance, tax advice and tax planning.
All Other Fees	—	—	Fees for services that are not included in the above categories and primarily include capability framework services.
TOTAL	\$38,180	\$42,279	

AUDIT COMMITTEE PRE-APPROVAL OF AUDIT AND PERMISSIBLE NON-AUDIT SERVICES OF INDEPENDENT AUDITORS

The Audit Committee pre-approves all audit and permissible non-audit services provided by the Independent Auditors. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has adopted a policy for the pre-approval of services provided by the Independent Auditors.

Under the policy, pre-approval is generally provided for work associated with the following:

- ▶ registration statements under the Securities Act of 1933, as amended (for example, comfort letters or consents);
- ▶ statutory or other financial audit work for non-U.S. subsidiaries that is not required for the 1934 Act audits;
- ▶ due diligence work for potential acquisitions or dispositions;
- ▶ attest services not required by statute or regulation;
- ▶ adoption of new accounting pronouncements or auditing and disclosure requirements for financial or non-financial data and accounting or regulatory consultations;
- ▶ internal control reviews and assistance with internal control reporting requirements;
- ▶ review of information systems security and controls;
- ▶ tax compliance, tax planning and related tax services, excluding any tax service prohibited by regulatory or other oversight authorities, expatriate and other individual tax services; and
- ▶ assistance and consultation on questions raised by regulatory agencies.

For each proposed service, the Independent Auditors provide the Audit Committee with a description of the service and sufficient information to confirm the Independent Auditors' determination that the provision of such service will not impair the Independent Auditors' independence.

The Audit Committee has approved in advance certain permitted services whose scope is routine across business units, including statutory or other financial audit work for non-U.S. subsidiaries that is not required for the 1934 Act audits.

OTHER INFORMATION

The Company has been advised by EY that neither the firm, nor any covered person of the firm, has any financial interest, direct or indirect, in any capacity in the Company or its subsidiaries.

One or more representatives of EY will be present at the 2019 Annual Meeting. The representatives will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

Ratification of the appointment of the Independent Auditors requires the affirmative vote of a majority of the votes cast by the holders of the shares of Common Stock voting in person or by proxy at the 2019 Annual Meeting.

The Board of Directors recommends a vote **FOR** the ratification of the appointment of Ernst & Young LLP as Independent Auditors.

9 SHAREOWNER PROPOSALS

ITEMS 4-5

► What am I voting on?

The following two proposals were submitted by shareowners. If a shareowner proponent, or a representative who is qualified under state law, is present and submits a proposal for a vote, then the proposal will be voted on at the Annual Meeting of Shareowners. Approval of each of the following proposals requires the affirmative vote of a majority of the votes cast by the holders of the shares of Common Stock voting in person or by proxy at the 2019 Annual Meeting. In accordance with federal securities regulations, we included the shareowner proposals plus any supporting statements exactly as submitted by the proponents. To make sure readers can easily distinguish between materials provided by the proponents and materials provided by the Company, we have placed a black box around the materials provided by the proponents and a red box around the materials provided by the Company.

► Voting recommendation:

AGAINST each of the shareowner proposals.

ITEM 4

SHAREOWNER PROPOSAL REGARDING AN INDEPENDENT BOARD CHAIR

The International Brotherhood of Teamsters General Fund, 25 Louisiana Avenue, NW, owner of 200 shares of Common Stock, submitted the following proposal:

RESOLVED: Shareholders of The Coca-Cola Company, (the “Company”) urge the Board of Directors (the “Board”) to take the steps necessary to adopt a policy, with amendments to governing documents as needed, so that, to the extent feasible, the Chairman of the Board shall be an independent director who has not previously served as an executive officer of the Company.

For these purposes, a director shall not be considered “independent” if, during the last three years, he or she—

- was affiliated with a company that was an advisor or consultant to the Company, or a significant customer or supplier of the Company;
- was employed by or had a personal service contract(s) with the Company or its senior management;
- was affiliated with a company or non-profit entity that received the greater of \$2 million or 2% of its gross annual revenues from the Company;
- had a business relationship with the Company that the Company had to disclose under the Securities and Exchange Commission regulations;
- has been employed by a public company at which an executive officer of the Company serves as a director;
- had a relationship of the sort described above with any affiliate of the Company; and,
- was a spouse, parent, child, sibling or in-law of any person described above.

The policy should be implemented so as not to violate any contractual obligations and should specify the process for selecting a new independent chairman if the chairman ceases to be independent between annual meetings of shareholders or if no independent director is available and willing to serve as chairman.

SUPPORTING STATEMENT:

The Board of Directors, led by its chairman, is responsible for protecting shareholders’ long-term interests by providing independent oversight of management, including the Chief Executive Officer, in directing the corporation’s affairs. This oversight can be diminished when the chairman is not independent.

Board oversight is of critical importance at the Company given the recent leadership transition. In May 2017, Muhtar Kent was succeeded as CEO by James Quincey, who will also take over the chairmanship from Mr. Kent immediately following this year’s annual shareholder meeting.

We believe that having an independent chair will enhance rigorous oversight of management. We view the alternative of a lead outside director, even one with a robust set of duties, as inadequate. In this case, we find it particularly concerning that despite the company assuring investors of the important role played by the lead independent director. The position carries no additional director compensation. We are not convinced that the position suitably ensures the board’s ability to provide leadership on critical issues facing the company, independently of management.

Accordingly, we urge support of this resolution.

THE BOARD'S STATEMENT IN OPPOSITION TO ITEM 4

The Board has carefully considered this shareowner proposal and recommends that shareowners vote AGAINST it for the following reasons:

The Board believes that leadership of both the Board and the Company by Mr. Quincey is the optimal structure to guide the Company and maintain the focus required to achieve its business goals.

In December 2018, Muhtar Kent announced his intention not to stand for reelection at the 2019 Annual Meeting and to retire as Chairman of the Board immediately following the 2019 Annual Meeting. The Board has elected Mr. Quincey to succeed Mr. Kent as the 14th Chairman of the Board.

Assuming Mr. Quincey is reelected as a Director, the Board leadership structure effective following the 2019 Annual Meeting will be comprised of a combined Chairman of the Board and Chief Executive Officer, a Lead Independent Director, Board committees led primarily by independent Directors and active engagement by all Directors. It is also relevant to note that all Directors play an active role in overseeing the Company's business both at the Board and committee level. We believe this leadership structure provides an effective balance between strong Company leadership and appropriate safeguards and oversight by independent Directors.

We believe that having one person serve the combined role of Chairman and Chief Executive Officer can provide certain synergies and efficiencies that enhance the functioning of the Board and, importantly, allow us to most effectively execute our role in overseeing business strategy.

The Company's business is complex, and its products are sold in more than 200 countries and territories around the world. Most of the Company's products are manufactured and sold by independent bottling partners throughout the world. The Chief Executive Officer maintains strong, hands-on relationships with leaders of the bottlers and remains close to the many facets of the business existing in so many places in the world. Because the Chief Executive Officer is the Board member closest to this vast and complex business, he or she is best able to identify many of the business issues that require Board attention, and as Chairman can best focus Directors' attention on the most critical business matters. Further, in the Board's experience, the combined role of Chairman and Chief Executive Officer allows for timely and unfiltered communication with the Board on these critical business issues. We also believe that there are benefits when the same person represents both the Company and the Board throughout the world with bottlers, customers, consumers and other stakeholders.

While our Board is satisfied that combining the roles of Chairman and Chief Executive Officer has served our shareowners well over time, it is important to note that if we believed that a different leadership structure was warranted based on the needs of the business, we would make a change. Under the Company's Corporate Governance Guidelines, the Board retains the flexibility to make these kinds of changes, and we have made the change in certain circumstances. Further, this proposal seeks to permanently separate the roles of Chairman of the Board and Chief Executive Officer, and we believe that a specifically defined approach that ties the Board's hands will not serve shareowners well over time.

The Board's full rationale for recommending this leadership structure can be found on **page 27** in this Proxy Statement.

The Board of Directors recommends a vote AGAINST the shareowner proposal regarding an independent Board Chair.

ITEM 5

SHAREOWNER PROPOSAL ON SUGAR AND PUBLIC HEALTH

John C. Harrington, President, Harrington Investments, Inc., 1001 2nd Street, Suite 325, Napa, California 94559, owner of 100 shares of Common Stock, submitted the following proposal:

Whereas, our Company has historically been involved in multiple lawsuits and controversies, including but not limited to, employee labor and racial discrimination issues, apartheid in South Africa, violence in foreign countries related to bottling franchises, environmental issues, including related water quality and scarcity issues, animal testing, consumer issues, including labeling of products, packaging and containers, use of genetically modified organisms, air pollution;

Whereas, more importantly, the most serious issues continue to be related to the public health and safety impacts of our Company's beverages, including syrups and sugary drinks, and the growing national health epidemic relating to increasing uses of sugar in our diet;

Whereas, our Company continues to be the target of multiple campaigns related to our Company's products that contribute to general level of decline in public health of consumers, including reports that 1 in 3 U.S. children born in the year 2000 will develop diabetes, resulting from poor diet, as increase in obesity in turn increases the risk of diabetes, hypertension, heart disease, cancers, asthma, arthritis, reproductive complications and premature death;

Whereas, our Company continues to directly market sugary drinks with advertising directly influencing children's food preferences, diets and health;

Whereas, in 2011, the American Academy of Pediatrics released a policy statement calling for a total ban on child targeted and interactive junk food advertising as a response to concerns regarding childhood obesity;

Whereas, public pressure against junk food and sugary drinks linked to obesity and diabetes, has led to numerous community campaigns to impose local taxes on sugary beverages, which include our products, to which our Company has responded by lobbying efforts in numerous state legislatures to preempt local control or restrict local taxation on our Company's products linked to obesity and diabetes;

Whereas, shareholders believe our Company should be part of the solution to solving the problem of the obesity epidemic in working with healthcare professionals and experts in diet and nutrition, not promoting advertising campaigns and funding Global Energy Balanced Network to shift the blame from poor diet causing obesity to lack of exercise;

Be It, Therefore, Resolved, that shareholders request the board of directors issue a report on Sugar and Public Health, with support from a group of independent and nationally recognized scientists and scholars providing critical feedback on our Company's sugar products marketed to consumers, especially those Coke products targeted to children and young consumers. Such report to shareholders should be produced at reasonable expense, exclude proprietary or legally privileged information and be published no later than November 1, 2019, and include an assessment of risks to the company's finances and reputation associated with changing scientific understanding of the role of sugar in disease causation.

THE BOARD'S STATEMENT IN OPPOSITION TO ITEM 5

The Board has carefully considered this shareowner proposal and recommends that shareowners vote AGAINST it for the following reasons:

This proposal requests that the Board issue a report focused on the topics of sugar and public health, with support from a group of independent and nationally recognized scientists and scholars.

However, the Access to Nutrition Foundation (the "ATNF"), a respected independent nonprofit organization, which is based in the Netherlands and is funded by the Bill & Melinda Gates Foundation, the Dutch Ministry of Foreign Affairs and the Robert Wood Johnson Foundation, already produce reports covering our Company that encompass sugar and public health, and we believe address the essential objectives sought by the proposal.

The ATNF hosts the 'Access to Nutrition Index' and prominently addresses sugar in its reports, as this is the ATNF's key focus for our Company. Both the Global Indexes and the Spotlight Indexes released by the ATNF are intended to provide analysis and commentary on leading food and beverage manufacturers' efforts to improve consumers' access to nutritious foods and beverages. They were designed through an extensive, multi-stakeholder consultative process to ensure that they would be a useful tool for different stakeholder groups, including academia, civil society organizations, industry members and investors.

The Global Index was first released in 2013 and was updated in 2016 and 2018, each time with input from the Company, and assesses the Company's policies and products with regard to nutrition and sugar, in particular. Part of the value of the ATNF's findings in this report is that the Company now has a benchmark and improved awareness of where it stands compared to other manufacturers in the food and beverage industry. A link to the Global Index can be found here:

<https://www.accesstonutrition.org/global-index>.

In November 2018, the ATNF released the U.S. Spotlight Index, a separate report on 10 leading food and beverage manufacturers' performance in the U.S. market as it relates to healthy product portfolios and corporate transparency to assist consumers in making healthy choices. A link to the Spotlight Index can be found here: <https://www.accesstonutrition.org/us-spotlight-index>.

We believe it is important that our shareowners know that our Company acknowledges the ATNF findings and recognizes the role it must play in addressing health challenges. This proposal, however, might lead the reader to believe that our Company is not a responsible player regarding this issue. Nothing could be further from the truth. Our Company fully understands that people should not eat or drink too much sugar. We are taking specific, meaningful actions, including reducing sugar in many of our products, to help people everywhere more easily control the consumption of added sugar.

We continue to make progress on sugar reduction in our beverages, in addition to expanding the portfolio of new drinks we offer to consumers such as tea, juice, water and coffee and providing smaller package sizes. In 2017, we reduced sugar in more than 300 of our drinks globally, while introducing more than 500 new products across a total beverage portfolio. We also have plans to reduce sugar in over 400 additional products. We have reduced the calorie content of our beverage portfolio by 21% within the last decade. Today we offer 260 products with less than 100 calories.

For the reasons stated above, we believe that producing a report as the proposal suggests would be a redundant exercise and divert Company resources.

The Board of Directors recommends a vote AGAINST the shareowner proposal on sugar and public health.

10 Annexes

ANNEX A - QUESTIONS AND ANSWERS

PROXY MATERIALS AND VOTING INFORMATION

1. Who may vote at the 2019 Annual Meeting?

Only shareowners of record of our Common Stock as of the close of business on February 25, 2019, the record date, are entitled to notice of, and to vote at, the meeting or at any adjournments or postponements of the meeting.

Each owner of record on the record date is entitled to one vote for each share of Common Stock held by such shareowner. On February 25, 2019, there were 4,275,161,254 shares of Common Stock issued and outstanding.

2. What is included in the proxy materials? What is a Proxy Statement and what is a proxy?

The proxy materials for our 2019 Annual Meeting include the Notice of Annual Meeting, this Proxy Statement and our Form 10-K. If you received a paper copy of these materials, the proxy materials also include a proxy card or voting instruction form.

A proxy statement is a document that SEC regulations require us to give you when we ask you to sign a proxy designating individuals to vote on your behalf. A proxy is your legal designation of another person to vote the stock you own. That other person is called a proxy.

If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card. We have designated three of our officers as proxies for the 2019 Annual Meeting. These three officers are James Quincey, John Murphy and Bernhard Goepelt.

The form of proxy and this Proxy Statement have been approved by the Board of Directors and are being provided to shareowners by the Board's authority.

3. Why did I receive a "Notice Regarding the Availability of Proxy Materials" instead of a full set of proxy materials?

We are furnishing proxy materials to our shareowners primarily via "Notice and Access" delivery pursuant to SEC rules. On March 7, 2019, we mailed to our shareowners (other than those who previously requested a printed set) a "Notice Regarding the Availability of Proxy Materials" (the "Notice") containing instructions on how to access the proxy materials via the Internet. Utilizing this method of proxy delivery expedites receipt of proxy materials by our shareowners, reduces the cost of producing and mailing the full set of proxy materials and helps us contribute to sustainable practices.

If you receive a Notice by mail, you will not receive a printed copy of the proxy materials in the mail. Instead, the Notice instructs you on how to access the proxy materials and vote over the Internet. If you received a Notice by mail and would like to receive paper copies of our proxy materials in the mail, you may follow the instructions in the Notice for making this request. The Notice also contains instructions on how you may request to receive an electronic copy of our proxy materials by e-mail.

4. Why did I receive more than one Notice, proxy card or voting instruction form?

If you received more than one Notice, proxy card or voting instruction form, you own shares registered in different names or own shares held in more than one account. To ensure that all shares are voted, please vote each account over the Internet or by telephone, or sign and return by mail all proxy cards and voting instruction forms. If you would like to

consolidate your accounts, please contact our transfer agent, Computershare Trust Company, N.A. ("Computershare"), at (888) 265-3747 for assistance. If you hold your shares through a bank, broker or other nominee, you should contact them directly and request consolidation.

5. What is the difference between holding shares as a shareowner of record and as a beneficial owner?

If your shares are registered directly in your name with the Company's registrar and transfer agent, Computershare, you are considered the "shareowner of record" with respect to those shares. If your shares are held in a bank or brokerage account, you are considered the "beneficial owner" of those shares.

6. What shares are included on the proxy card?

If you are a shareowner of record, you will receive only one Notice or proxy card for all the shares of Common Stock you hold in certificate form, in book-entry form and in any Company benefit plan.

If you are a Company employee and hold shares of Common Stock in The Coca-Cola Company 401(k) Plan, the Caribbean Refrescos, Inc. Thrift Plan, any other of our U.S. 401(k) plans or a Canadian savings plan (the “Plans”), it is important that you direct the trustee(s) of the Plans how to vote your shares held in such Plans. If you do not vote your shares or specify

your voting instructions on your proxy card, the trustee of the applicable Plan will vote your shares in the same proportion as the shares for which they have received voting instructions in accordance with the trustees’ duties. **To allow sufficient time for voting by the trustee(s), your voting instructions must be received by April 19, 2019.**

If you are a beneficial owner (other than as a participant in a Plan set forth above), you will receive voting instruction information from the bank, broker or other nominee through which you own your shares of Common Stock.

7. What are my voting choices for each of the proposals to be voted on at the 2019 Annual Meeting and what are the voting standards?

Proposal	Voting Choices and Board Recommendation	Voting Standard
Item 1: Election of Directors	<ul style="list-style-type: none"> ▶ vote in favor of all nominees; ▶ vote in favor of specific nominees; ▶ vote against all nominees; ▶ vote against specific nominees; ▶ abstain from voting with respect to all nominees; or ▶ abstain from voting with respect to specific nominees. <p>The Board recommends a vote FOR each of the Director nominees.</p>	Majority of votes cast
Item 2: Advisory Vote to Approve Executive Compensation	<ul style="list-style-type: none"> ▶ vote in favor of the advisory proposal; ▶ vote against the advisory proposal; or ▶ abstain from voting on the advisory proposal. <p>The Board recommends a vote FOR the advisory vote to approve executive compensation.</p>	Majority of votes cast
Item 3: Ratification of the Appointment of Ernst & Young LLP as Independent Auditors	<ul style="list-style-type: none"> ▶ vote in favor of the ratification; ▶ vote against the ratification; or ▶ abstain from voting on the ratification. <p>The Board recommends a vote FOR the ratification.</p>	Majority of votes cast
Item 4-5: Shareowner Proposals	<p>A separate vote will be held on each of the two shareowner proposals, if properly presented at the meeting. In voting on each proposal, shareowners may:</p> <ul style="list-style-type: none"> ▶ vote in favor of the shareowner proposal; ▶ vote against the shareowner proposal; or ▶ abstain from voting on the shareowner proposal. <p>The Board recommends a vote AGAINST each of the shareowner proposals.</p>	Majority of votes cast

As an advisory vote, the proposal to approve executive compensation is not binding upon the Company. The Compensation Committee will consider the outcome of the vote when making future compensation decisions.

8. What different methods can I use to vote?

See [page 3](#) for additional information about how to vote.

By Telephone or Internet. All shareowners of record can vote through the Internet, using the procedures and instructions described on the Notice or proxy card, or by touchtone telephone within the U.S., U.S. territories and Canada, using the toll-free telephone number on the Notice or proxy card. Beneficial owners may vote through the Internet or by telephone if their bank, broker or other nominee makes those methods available, in which case the bank, broker or other nominee will include the instructions with the proxy materials. The Internet and telephone voting procedures are designed to authenticate shareowners' identities, to allow shareowners to vote their shares and to confirm that their instructions have been recorded properly.

By Written Proxy. All shareowners of record can vote by written proxy card. If you are a shareowner of record and receive the Notice, you may request a written proxy card by following the instructions included in the Notice. If you are a beneficial owner, you may request a written proxy card or a voting instruction form from your bank, broker or other nominee.

In Person. All shareowners of record may vote in person at the meeting. Beneficial owners may also vote in person at the meeting if they have a legal proxy, as described in the response to question 11.

9. What if I am a shareowner of record and do not specify a choice for a matter when returning a proxy?

Shareowners should specify their choice for each matter on the proxy card. If no specific instructions are given on all matters, proxies which are signed and returned will be voted:

- ▶ FOR the election of all Director nominees as set forth in this Proxy Statement

- ▶ FOR the advisory vote to approve executive compensation
- ▶ FOR the proposal to ratify the appointment of Ernst & Young LLP as Independent Auditors
- ▶ AGAINST each of the two shareowner proposals

10. What if I am a beneficial owner and do not give voting instructions to my broker?

As a beneficial owner, in order to ensure your shares are voted in the way you would like, you must provide voting instructions to your bank, broker or other nominee by the deadline provided in the materials you receive from your bank, broker or other nominee. If you do not provide voting instructions to your bank, broker or other nominee, whether your shares can be voted by such person depends on the type of item being considered for vote.

Non-Discretionary Items. The election of Directors, the advisory vote to approve executive compensation and the two

shareowner proposals are non-discretionary items and may not be voted on by brokers, banks or other nominees who have not received specific voting instructions from beneficial owners.

Discretionary Items. The ratification of the appointment of Ernst & Young LLP as Independent Auditors is a discretionary item. Generally, banks, brokers and other nominees that do not receive voting instructions from beneficial owners may vote on this proposal in their discretion.

11. How can I vote at the 2019 Annual Meeting if I am a beneficial owner?

If you are a beneficial owner and want to vote your shares at the 2019 Annual Meeting, you will need to ask your bank, broker or other nominee to furnish you with a legal proxy. You will need to follow the procedures described in the response to question 23 and then bring the legal proxy with you to the meeting and hand it in with a signed ballot that will be provided to you at the meeting. You will not be able to vote your shares at the meeting without a legal proxy. If you do not have a legal proxy, you can still attend the meeting by following the procedures described in the response to

question 23. However, you will not be able to vote your shares at the meeting. Accordingly, we encourage you to vote your shares in advance, even if you intend to attend the meeting.

Please note that if you request a legal proxy, any previously executed proxy will be revoked, and your vote will not be counted unless you appear at the meeting and vote in person or legally appoint another proxy to vote on your behalf.

12. How are abstentions and broker non-votes counted?

Abstentions and broker non-votes are included in determining whether a quorum is present but will not be included in vote totals and will not affect the outcome of the vote.

13. What can I do if I change my mind after I vote my shares?

Shareowners can revoke a previously delivered proxy prior to the completion of voting at the meeting by:

- ▶ giving written notice to the Office of the Secretary of the Company
- ▶ delivering a later-dated proxy
- ▶ voting in person at the meeting (if you are a beneficial owner, see the response to question 11)

14. Can I access the proxy materials on the Internet? How can I sign up for the electronic proxy delivery service?

The Notice, Proxy Statement and Form 10-K are available at www.edocumentview.com/coca-cola. In addition, shareowners are able to access these documents on the 2019 Annual Meeting page of the Company's website at www.coca-colacompany.com/annual-meeting-of-shareowners. Instead of receiving future copies of the Notice or proxy materials by mail, shareowners of record and most beneficial

owners can elect to receive an e-mail that will provide electronic links to these documents. Opting to receive your Notice or proxy materials online will save us the cost of producing and mailing documents, help us contribute to sustainable practices, and also will give you an electronic link to the proxy voting site.

ELECTRONIC DOCUMENT DELIVERY

- ▶ Electronic delivery offered since 2005.
- ▶ The Company has a tree planted on behalf of each shareowner that signs up.
- ▶ Over 383,000 trees planted on behalf of Company shareowners.

Shareowners of Record. If you vote on the Internet, simply follow the prompts for enrolling in the electronic document delivery service. You also may enroll in this service at any time in the future by going directly to www.computershare.com/coca-cola and following the instructions.

Beneficial Owners. If you hold your shares in a bank or brokerage account, you also may have the opportunity to receive copies of these documents electronically. Please check the information in the proxy materials provided to you by your bank, broker or other nominee regarding the availability of this service.

15. Are votes confidential? Who counts the votes?

We will continue our long-standing practice of holding the votes of all shareowners in confidence from Directors, officers and employees except:

- ▶ as necessary to meet applicable legal requirements and to assert or defend claims for or against the Company
- ▶ in the case of a contested proxy solicitation
- ▶ if a shareowner makes a written comment on the proxy card or otherwise communicates his or her vote to management
- ▶ to allow the independent inspectors of election to certify the results of the vote

We also will continue, as we have for many years, to retain an independent tabulator to receive and tabulate the proxies and independent inspectors of election to certify the results.

16. When will the Company announce the voting results?

We will announce the preliminary voting results at the 2019 Annual Meeting. The Company will report the final results on our website and in a Current Report on Form 8-K filed with the SEC.

17. Does the Company have a policy about Directors' attendance at the Annual Meeting of Shareowners?

The Company does not have a policy about Directors' attendance at the Annual Meeting of Shareowners, but Directors are encouraged to attend. All Director nominees and Directors at the time, except for one, attended the 2018 Annual Meeting of Shareowners.

18. How are proxies solicited and what is the cost?

We bear all expenses incurred in connection with the solicitation of proxies. We have engaged Alliance Advisers LLC to assist with the solicitation of proxies for an estimated fee of \$30,000 plus expenses. We will reimburse brokers, fiduciaries and custodians for their costs in forwarding proxy materials to beneficial owners of Common Stock.

Our Directors, officers and employees also may solicit proxies by mail, telephone and personal contact. They will not receive any additional compensation for these activities.

19. What is householding?

As permitted by the 1934 Act, only one copy of the Notice or proxy materials is being delivered to shareowners residing at the same address, unless the shareowners have notified the Company of their desire to receive multiple copies of the Notice or proxy materials. This is known as "householding."

to question 31. Shareowners of record residing at the same address and currently receiving multiple copies of the Notice or proxy materials may contact our registrar and transfer agent, Computershare, to request that only a single copy of the Notice or proxy materials be mailed in the future.

The Company will promptly deliver, upon oral or written request, a separate copy of the Notice or proxy materials to any shareowner residing at an address to which only one copy was mailed. Requests for additional copies should be directed to the Office of the Secretary as described in the response

Contact Computershare by phone at (888) 265-3747 or by mail at P.O. Box 505005, Louisville, KY 40233.

Beneficial owners, as described in the response to question 11, should contact their bank, broker or other nominee.

20. Will you make a list of shareowners entitled to vote at the 2019 Annual Meeting available?

We will make available a list of shareowners of record as of the record date for inspection by shareowners for any purpose germane to the meeting during normal business

hours from April 10 through April 23, 2019, at One Coca-Cola Plaza, Atlanta, Georgia 30313. This list also will be available to shareowners for any such purpose at the meeting.

MEETING INFORMATION

21. Do I have to register for the 2019 Annual Meeting to attend in person?

The 2019 Annual Meeting will be held at World of Coca-Cola in Atlanta, Georgia. The meeting starts at 8:30 a.m., local time, on April 24, 2019. If you plan to attend the meeting in person, you must be a shareowner as of February 25, 2019, the record date. **In addition, because space at World of Coca-Cola is limited, you must register in advance to attend the meeting in person.** In order to expedite your admission process,

you must register for admission before 11:59 p.m. on Friday, April 19, 2019. Registration will be accepted on a first-come, first-served basis and may close prior to the registration cut-off date if room capacity is reached before 11:59 p.m. on April 19, 2019. See question 23 for details on how to register in advance.

22. Will shareowners be provided free admission to World of Coca-Cola on the day of the 2019 Annual Meeting?

We are pleased to offer free admission for shareowners to World of Coca-Cola on April 24, 2019 after the 2019 Annual Meeting. Each shareowner may bring one guest to join them after the meeting.

You do not have to attend the 2019 Annual Meeting to gain free admission to World of Coca-Cola on April 24, 2019. See question 26 for instructions on how to gain free admission.

23. How do I attend the 2019 Annual Meeting in person?

The 2019 Annual Meeting will be held at World of Coca-Cola in Atlanta, Georgia on April 24, 2019, at 8.30 a.m., local time.

All attendees will need to register in advance and bring a valid photo ID to gain admission to the 2019 Annual Meeting. Please note that cameras, sound or video recording equipment, cellular telephones, smartphones or other similar equipment, electronic devices, large bags, briefcases or packages will not be allowed in the meeting room. You will be required to enter through a security checkpoint before being granted access to the venue.

Attendance at the meeting is limited to shareowners as of the record date, February 25, 2019, or their authorized named representatives (see question 25 for instructions on how to appoint an authorized named representative). Please note that seating is limited and registration will be accepted on a first-come, first-served basis. World of Coca-Cola is available to disabled persons and Communication Access Real-Time Transaction will be provided for the hearing impaired upon request.

If you are a shareowner of record, you may register to attend the meeting by accessing www.investorvote.com/coca-cola. On this site, shareowners of record will find instructions to register and print out the admission ticket. If you do not have access to the Internet, you may register by contacting Shareowner Services at (404) 676-2777. You will need the 15-digit control number included on your proxy card or Notice to register.

If you are a beneficial shareowner and hold your shares through a bank, broker or other nominee, you may register to attend the meeting by accessing www.ProxyVote.com/register. On this site, beneficial shareowners will find instructions to register and print out the admission ticket. If you do not have access to the Internet or your control number is not recognized, you may register by contacting Shareowner Services at (404) 676-2777. You will need the 16-digit number included on your voter instruction form or Notice to register. Please note that you will not be able to vote your shares at the meeting without a legal proxy (see question 11 for details on voting with a legal proxy).

At the entrance to the meeting, we will verify your registration and request to see your admission ticket and a valid form of photo ID, such as a driver's license or passport.

Ensuring the meeting is safe and productive is our top priority. As such, failure to follow these admission procedures may result in being denied admission or being directed to view the meeting in an overflow room. Because seating in the meeting room is limited, and in order to be able to address security concerns, we reserve the right to direct attendees to listen to the meeting in an overflow room. In addition, failure to follow the meeting procedures may result in ejection from the meeting, being directed to listen to the meeting in an overflow room and/or being denied admission to this and future meetings.

If you have questions regarding admission to the 2019 Annual Meeting, please call Shareowner Services at (404) 676-2777.

24. If I cannot attend the 2019 Annual Meeting in person, how can I listen on the Internet?

To listen to the live audiocast of the meeting, you can visit the 2019 Annual Meeting page of our website, www.coca-colacompany.com/annual-meeting-of-shareowners. An archived copy of the audiocast will be available through June 2019.

25. If I cannot attend in person, how can I appoint a legal representative to attend on my behalf?

If you are a shareowner as of the record date and intend to appoint an authorized named representative to attend the meeting on your behalf, you must send a written request for an admission ticket by regular mail to The Coca-Cola Company, Shareowner Services, P.O. Box 1734, Atlanta, Georgia 30301 or by e-mail to shareownerservices@coca-cola.com. Requests for authorized named representatives to attend the meeting must be received no later than April 19, 2019.

Please include the following information when submitting your request:

1. your name, complete mailing address and e-mail address;
2. proof that you own shares of the Company as of February 25, 2019 (such as a copy of the portion of your

voting instruction form showing your name and address, a bank or brokerage account statement or a letter from the bank, broker or other nominee holding your shares); and

3. a signed authorization appointing such individual to be your authorized named representative at the meeting, which includes the name, address, telephone number and e-mail address of the authorized named representative.

Upon receipt of proper documentation, you and your named representative will receive confirmation that your named representative has been authorized. To gain admission to the meeting, the photo ID presented must match the documentation provided in item three above. We reserve the right to limit the number of representatives who may attend the meeting.

26. What does a shareowner have to do to gain free admission to World of Coca-Cola on April 24, 2019?

We are pleased to provide shareowners (and one guest per shareowner) with free admission to join us at World of Coca-Cola on April 24, 2019, after the 2019 Annual Meeting. If you own shares jointly, each joint owner may bring a guest. **You may go to World of Coca-Cola on April 24, 2019, even if you do not attend the 2019 Annual Meeting.**

At World of Coca-Cola, shareowners will have a chance to experience the fascinating story of the world's most famous beverage brand in a dynamic, multimedia attraction, visit the vault containing the secret recipe, view more than 1,200 never-before-displayed artifacts, take a trip around the world in a thrilling 4-D movie experience, get a behind-the-scenes look at the bottling process, treat their taste buds with more than 100 beverages from around the globe and learn more about our Company.

To gain free admission to World of Coca-Cola on April 24, 2019, shareowners must bring a valid photo ID and proof of stock ownership. Proof of ownership may include your proxy card, voting instruction form, meeting notice or brokerage statement.

Please note, you will be required to enter through a security checkpoint before being granted access to World of Coca-Cola.

Due to limited availability, only shareowners and their guests are eligible to obtain free admission to attend World of Coca-Cola on April 24, 2019. Authorized named representatives will not receive free admission.

If you have questions regarding admission to World of Coca-Cola, please call (404) 676-5151 or 1-(800)-676-COKE (2653).

27. What information is included on the 2019 Annual Meeting page of the Company's website?

The 2019 Annual Meeting page of our website allows our shareowners to (i) easily access the Company's proxy materials; (ii) vote through the Internet; (iii) submit questions in advance of the 2019 Annual Meeting; (iv) register to attend the 2019 Annual Meeting; (v) access the live audiocast of the meeting; (vi) learn more about free admission to World of Coca-Cola on April 24, 2019; and (vii) learn more

about our Company. To submit a question in advance of the 2019 Annual Meeting, you must have your control number available, which can be found on your Notice, proxy card or voting instruction form. Shareowners may access the 2019 Annual Meeting page of our website at www.coca-colacompany.com/annual-meeting-of-shareowners.

28. Could any additional proposals be raised at the 2019 Annual Meeting?

Management does not know of any items, other than those referred to in the accompanying Notice of Annual Meeting of Shareowners, which may properly come before the meeting or other matters incident to the conduct of the meeting. As to any other item or proposal that may properly come before the meeting, including voting on a proposal omitted from this

Proxy Statement pursuant to the rules of the SEC, it is intended that proxies will be voted in accordance with the discretion of the proxy holders. See the response to question 32 for how to submit a proposal for action at the 2020 Annual Meeting of Shareowners.

COMPANY DOCUMENTS, COMMUNICATIONS, SHAREOWNER PROPOSALS AND DIRECTOR NOMINEES

29. How can I view or request copies of the Company's corporate documents and SEC filings, including the Annual Report on Form 10-K?

The Company's website contains the Company's Certificate of Incorporation, By-Laws, Corporate Governance Guidelines, Board Committee Charters, Codes of Business Conduct and SEC filings. To view these documents, go to www.coca-colacompany.com, click on "Investors" and click on "Corporate Governance." To view the Company's SEC filings, including Forms 3, 4 and 5 filed by the Company's Directors and executive officers, go to www.coca-colacompany.com, click on "Investors" and click on "SEC Filings."

The 2018 Annual Report on Form 10-K includes our consolidated financial statements for the year ended December 31, 2018. We have furnished the Form 10-K to all shareowners. The Form 10-K does not form any part of the material for the solicitation of proxies. We will promptly deliver free of charge, upon request, a copy of the Form 10-K to any shareowner requesting a copy. Requests should be directed to the Company's Consumer Interaction Center, The Coca-Cola Company, P.O. Box 1734, Atlanta, Georgia 30301.

We will promptly deliver free of charge, upon request, a copy of the Corporate Governance Guidelines, Board Committee Charters or Codes of Business Conduct to any shareowner requesting a copy. Requests should be directed to the Office of the Secretary as described in the response to question 31.

30. How can I communicate with the Company's Directors?

The Board has established a process to facilitate communication by shareowners and other interested parties with Directors. Communications can be addressed to Directors in care of the Office of the Secretary, The Coca-Cola Company, P.O. Box 1734, Atlanta, Georgia 30301 or by e-mail to asktheboard@coca-cola.com.

Communications may be distributed to all Directors, or to any individual Director, as appropriate. At the direction of the Board, all mail received may be opened and screened for security purposes. In addition, items that are unrelated to the duties and responsibilities of the Board shall not be distributed. Such items include, but are not limited to:

- ▶ spam;
- ▶ junk mail and mass mailings;

- ▶ product complaints or inquiries;
- ▶ new product suggestions;
- ▶ resumes and other forms of job inquiries;
- ▶ surveys; and
- ▶ business solicitations or advertisements.

In addition, material that is trivial, obscene, unduly hostile, threatening or illegal or similarly unsuitable items will be excluded; however, any communication that is excluded will be made available to any independent, non-employee Director upon request.

To answer the many questions we receive about our Company and our products, we offer detailed information about common areas of interest on our "Contact Us" page of our website, www.coca-colacompany.com/contact-us.

31. What is the contact information for the Office of the Secretary?

Materials may be sent to the Office of the Secretary (i) by mail to the Office of the Secretary, The Coca-Cola Company, P.O. Box 1734, Atlanta, Georgia 30301 or (ii) by e-mail to shareownerservices@coca-cola.com.

32. What is the deadline to propose actions for consideration at the 2020 Annual Meeting of Shareowners?

Shareowners may present proper proposals for inclusion in our Proxy Statement and for consideration at the 2020 Annual Meeting of Shareowners by submitting their proposals in writing to the Company in a timely manner. Proposals should be addressed to the Office of the Secretary as specified in question 31. For a shareowner proposal other than a Director nomination to be considered for inclusion in our Proxy Statement for our 2020 Annual Meeting of Shareowners, we must receive the written proposal on or before November 8, 2019. In addition, shareowner proposals must otherwise comply with the requirements of Rule 14a-8 promulgated under the 1934 Act.

Under certain circumstances, shareowners may also submit nominations for Directors for inclusion in our proxy materials by complying with the requirements in our By-Laws. For more information regarding proxy access, please see question 33.

Our By-Laws also establish an advance notice procedure for shareowners who wish to present a proposal, including the nomination of Directors, before an annual meeting of shareowners, but do not intend for the proposal to be included in our proxy materials. Pursuant to our By-Laws, in order for business to be properly brought before an annual meeting by a shareowner, the shareowner must have complied with the notice procedures specified in our By-Laws and such business must be a proper matter for shareowner action under the Delaware General Corporation Law. To be timely for our 2020 Annual Meeting of Shareowners, we must receive the written notice on or before December 26, 2019. Such notice should be addressed to the Office of the Secretary as specified in question 31.

In addition, the shareowner proponent, or a representative who is qualified under state law, must appear in person at the 2020 Annual Meeting of Shareowners to present such proposal or nomination.

33. How do I nominate a director using the proxy access provisions of the Company's By-Laws?

Our Board has adopted a "Proxy Access for Director Nominations" bylaw. The proxy access bylaw permits a shareowner, or a group of up to 20 shareowners, owning 3% or more of the Company's outstanding Common Stock continuously for at least three years to nominate and include in the Company's proxy materials Director nominees constituting up to two individuals or 20% of the Board (whichever is greater), provided that the shareowner(s) and the nominee(s) satisfy the requirements specified in Article I, Section 12 of our By-Laws.

Pursuant to our By-Laws, to be timely for inclusion in the proxy materials for our 2020 Annual Meeting of Shareowners, we must receive a shareowner's notice to nominate a Director using the Company's proxy materials between October 9, 2019 and November 8, 2019. Such notice should be addressed to the Office of the Secretary as specified in question 31. The notice must contain the information required by our By-Laws, and the shareowner(s) and nominee(s) must comply with the information and other requirements in our By-Laws relating to the inclusion of shareowner nominees in our proxy materials.

ANNEX B - SUMMARY OF PLANS

The following section provides information on Company-sponsored plans in 2018 in which the Named Executive Officers participated.

RETIREMENT PLANS – PENSION

TCCC Pension Plan. The TCCC Pension Plan is a broad-based tax-qualified defined benefit plan for substantially all U.S. employees of the Company and its participating subsidiaries. A participant's benefit formula in the TCCC Pension Plan is dependent on when the participant was hired and whether they were employed by Coca-Cola Enterprises Inc. ("CCE") before the Company's acquisition of CCE's North American operations in 2010. The information below summarizes the provisions applicable to employees, including the participating Named Executive Officers, who were hired by the Company or its subsidiaries prior to 2010. There are no special or enhanced pension plans for the Named Executive Officers.

Vesting. For employees hired prior to January 1, 2010, the benefit vests after completing three years of service or attaining age 60 with one year of service.

Benefit Formula. Prior to 2010, all pension benefits were based on a percentage of the employee's final average compensation (the five highest consecutive years out of the last 11) up to the limit for each year as set by the Tax Code, multiplied by the employee's years of credited service. Effective January 1, 2010, participants began accruing a pension benefit under a new cash balance formula (known as the Part B benefit). Participants employed as of December 31, 2009 retained the pension benefit they accrued under the prior benefit calculation formula through December 31, 2009 (known as the Part A benefit) and were eligible for one or more special transition benefits. As a result, beginning in 2010, a participant's benefit was potentially based on two formulas, Part A (prior benefit calculation formula) plus Part B (new cash balance formula). Under the cash balance formula, the Company makes an annual pay credit allocation to each active participant's account on December 31, ranging from 3% to 8% of compensation, based on the participant's age. In addition, on December 31 of each year, the Company makes an annual interest credit allocation based on the value of the participant's account as of January 1 of the same year. Employees hired or rehired on or after January 1, 2012 accrue a pension benefit based on a different cash balance formula than described above.

The term "compensation" for determining the pension benefit generally includes salary, overtime, commissions and cash incentive awards, but excludes any amounts related to stock options, performance cash awards, PSUs, restricted stock or restricted stock units. It also excludes deferred compensation and any extraordinary payments related to hiring or termination of employment.

Payment of Benefits. When benefits become payable upon separation from service, participants may choose between an annuity or a lump sum option. The TCCC Pension Plan

provides for payment of a reduced benefit prior to normal retirement age and/or the current cash balance amount, as applicable.

Limitations on Benefits. In 2018, a participant could receive no more than \$220,000 annually from the TCCC Pension Plan and no compensation in excess of \$275,000 for the year could be taken into account for calculating benefits under the TCCC Pension Plan.

TCCC Supplemental Pension Plan. Supplemental pension plans make employees whole when the Tax Code limits the benefit that otherwise would accrue under the applicable pension plan. The TCCC Supplemental Pension Plan also operates to keep employees whole when they defer part of their salary or annual incentive under the Deferred Compensation Plan. Otherwise, electing to defer would reduce an employee's pension benefits.

Vesting. Vesting and benefits under the TCCC Supplemental Pension Plan are calculated generally in the same manner as if the participant's otherwise eligible compensation or full annual benefit were able to be paid from the TCCC Pension Plan.

Payment of Benefits. Benefits become payable upon separation from service. The form of payment is dictated by the terms of the plan and the participant's age and years of service at the time of separation. The cash balance portion of the TCCC Supplemental Pension Plan is paid as a lump sum. The traditional pension benefit portion is paid as an annuity if the participant separates on or after the earliest retirement date (generally, age 55 with ten years of service). Otherwise, the traditional pension benefit portion is paid as a lump sum.

Mobile Plan. The Mobile Plan provides a retirement benefit to globally mobile associates. The Mobile Plan applies on the same terms to the general population of international service associates worldwide. Under the Mobile Plan, a globally mobile associate's account is credited with a monthly percentage of pay ("pay credit") and a defined rate of return ("interest credit"). The pay credit is generally 10% of pay, less any benefits provided by local retirement plans. Both pay credits and interest credits are immediately vested. A participant will continue to receive monthly interest credits for as long as participation in the plan continues, even if the associate is no longer on a global assignment. International service associates who participated in certain other plans were transitioned to the Mobile Plan as of December 31, 2011. Benefits accrued under such other plans were converted to an opening balance in the Mobile Plan as part of the transition.

RETIREMENT PLANS – 401(K) AND SAVINGS PLANS

401(k) Plan. The 401(k) Plan is a broad-based tax-qualified defined contribution plan for most U.S. employees of the Company and its participating subsidiaries. The Company matches participant contributions up to a maximum of 3.5% of the participant's compensation or the amount allowable under the limits imposed under the Tax Code, whichever is lower. The Company's matching contribution is initially invested in Common Stock, but participants may move the contribution to any other available investment option. Employees become 100% vested in Company matching contributions after two years. For 2018, compensation over \$275,000 could not be taken into account under the 401(k) Plan.

Supplemental 401(k) Plan. The Supplemental 401(k) Plan makes employees whole when the Tax Code limits the Company matching contributions that otherwise would be credited to them under the 401(k) Plan. The Supplemental 401(k) Plan also operates to keep employees whole when they defer part of their salary or annual incentive under the Deferred Compensation Plan. The Company credits the employee with the Company matching contributions in hypothetical share units of Common Stock. The value of the

accumulated share units, including dividend equivalents, is paid in cash after separation from service. Participants are immediately vested in their contributions. Employees are not permitted to make contributions to the Supplemental 401(k) Plan.

UK Savings Plan. The UK Savings Plan is a broad-based registered defined contribution plan in which the majority of employees in the UK participate. Plan participants must contribute a minimum of 2% of pensionable salary on which the Company contributes 2.5 times the employee's contribution up to a maximum Company contribution of 15% of the participant's pensionable salary. There are no limits to the amount of contributions that employees can make to their pension account; however, tax effectiveness of contributions is limited by both a lifetime allowance as well as an annual allowance. These amounts have changed frequently over recent years and continue to be subject to change. For the 2017/2018 tax year, the annual allowance was up to £40,000 and the lifetime allowance was £1 million. Generally, under the plan, normal retirement age is 65 and benefits may not be drawn before age 55.

INCENTIVE PLANS

Annual Incentive Plan. The Company maintains the Performance Incentive Plan for employees above a specified job grade level. The Performance Incentive Plan provides an annual cash payment based on predetermined performance measures. The Compensation Committee may designate one or more performance measures from the list contained in the plan. Annual incentive ranges are established for each participant. Payments are generally made in March in the year following the applicable performance year. No participant may receive an annual payment greater than \$10 million. The Performance Incentive Plan was designed to satisfy the requirements of Section 162(m) of the Tax Code, but because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including the uncertain scope of the transition relief under the legislation repealing Section 162(m)'s exemption from the deduction limit, no assurance can be given that compensation intended to satisfy the requirements for exemption from Section 162(m) in fact will be deductible under the legislation's grandfather rules. See [page 53](#) for additional information about the Performance Incentive Plan.

Long-Term Incentive Plans. The Company maintains long-term incentive plans for employees above a specified grade level. The following types of awards may be granted under the plans, as designated by the Compensation Committee: (i) stock options; (ii) PSUs; (iii) restricted stock and restricted stock units; (iv) other performance awards, including performance-based awards, payable in cash or Common Stock; (v) stock appreciation rights ("SARs"); and (vi) other stock-based awards. The Company currently has outstanding awards of stock options, PSUs, restricted stock, restricted stock units and performance cash awards, which are described below. See [page 55](#) for additional information about long-term incentive compensation.

Stock Options. Stock options give the holder the right to purchase shares of Common Stock at a specified price during specified time periods. The exercise price of an option may not be less than the fair market value of Common Stock on the grant date. The fair market value is the average of the high and low prices of Common Stock on the grant date. In certain foreign jurisdictions, the law requires additional restrictions on the calculation of the option price. The grants provide that stock options generally may not be exercised during the first 12 months after the grant date. Generally, options vest 25% on the first, second, third and fourth anniversaries of the grant date and have a term of ten years. The Company's current compensation programs include stock options as part of the annual long-term equity compensation awards made to eligible employees.

Performance Share Units. PSUs provide an opportunity for employees to receive Common Stock if predetermined performance measures are met for a predefined performance period. PSUs generally are subject to an additional holding period. The Company's current compensation programs include PSUs as part of the annual long-term equity compensation awards made to eligible employees.

Restricted Stock and Restricted Stock Units. Restricted stock awards may be performance-based or time-based. Shares of stock are granted and transferred into the employee's name. Shares remain subject to forfeiture until the shares are released under the terms of the awards. Restricted stock unit awards may be performance-based or time-based and are settled in stock when all required criteria are met. Employees do not receive any dividend equivalents on restricted stock units during the term. The Company's current compensation programs include restricted stock units as part of the annual long-term equity compensation awards made to eligible employees.

Performance Cash Awards. Performance cash awards are used in countries where it is difficult to grant equity. Employees who receive performance cash awards do not receive equity awards as part of the annual long-term incentive program. No Named Executive Officers received performance cash awards.

OTHER PLANS

Deferred Compensation Plan. The Deferred Compensation Plan is a nonqualified and unfunded deferred compensation program offered to approximately 500 U.S.-based Company employees in 2018. International service associates do not participate in the Deferred Compensation Plan. Eligible participants may defer up to 80% of base salary and up to 95% of their annual incentive. The Company has the benefit of full unrestricted use of all amounts deferred under the Deferred Compensation Plan until such amounts are required to be distributed to the plan participants. Gains and losses are credited based on the participant's election of a variety of deemed investment choices. The Company does not match any employee deferral or guarantee a return. Participants' accounts may or may not appreciate and may depreciate depending on the performance of their deemed investment choices. None of the deemed investment choices provide returns at above-market or preferential rates. All deferrals are paid out in cash upon distribution. Participants may schedule a distribution during employment or may opt to receive their balance after separation from service. Participants who are considered "specified employees" under Section 409A of the Tax Code (generally, the top 50 highest paid executives) may not receive a post-termination distribution for at least six months following separation. On occasion, the Company may provide a one-time credit to the Deferred Compensation Plan to make up for benefits lost under various circumstances, such as benefits lost at a prior employer. The Company has not provided any such credits for any of the Named Executive Officers.

Other Awards. While the 2014 Equity Plan provides the Compensation Committee discretion to grant different types of equity awards, including SARs and other stock-based awards such as unrestricted shares, no such awards have been or are expected to be granted.

International Service Programs. International service program benefits generally include relocation expenses, a housing allowance (including certain housing expenses), a cost of living adjustment (a cash adjustment designed to provide equivalent purchasing power), certain cash allowances recognizing differences in living conditions in the host location, a home leave allowance and currency protection. The programs also provide tax preparation services and tax equalization, where applicable. There were approximately 500 participants in these programs in 2018.

TCCC Severance Plan. The TCCC Severance Plan provides cash severance benefits to eligible employees who are involuntarily terminated. Eligible employees include regular, non-union, non-manufacturing U.S. employees and international service associates. Generally, benefits are payable when an employee is terminated involuntarily due to certain circumstances such as an internal reorganization or position elimination. Benefits are not payable if the employee is offered a comparable position with the Company or one of its affiliates, is terminated for cause or has entered into a separate agreement. The benefit payable is determined based on job grade level, salary and/or length of service. The minimum benefit is eight weeks of base pay and the maximum benefit is two years of base pay.

ANNEX C - RECONCILIATION OF GAAP AND NON-GAAP FINANCIAL MEASURES

The Company reports its financial results in accordance with accounting principles generally accepted in the United States ("GAAP" or referred to herein as "reported"). However, management believes that certain non-GAAP financial measures provide investors with additional meaningful financial information that should be considered when assessing our underlying business performance and trends. Management also uses these non-GAAP financial measures in making financial, operating, compensation and planning decisions and in evaluating the Company's performance. Non-GAAP financial measures should be viewed in addition to, and not as an alternative for, the Company's reported results prepared in accordance with GAAP. Our non-GAAP financial measures do not represent a comprehensive basis of accounting.

For additional details regarding the reconciliation of GAAP and non-GAAP financial measures below, see the Company's Current Report on Form 8-K filed with the SEC on February 14, 2019. This information is also available in the "Investors" section of the Company's website, www.coca-colacompany.com.
